AMENDMENT TO CHAPTER XVIII-ROCK COUNTY PERSONNEL ORDINANCE

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Rock, at its regular meeting this __________ day of ____________, 2011, does ordain as follows:

That section 18.1007 (d) of the Rock County Personnel Ordinance is amended to read as follows:

(d) An employee shall take earned vacation time within the twelve-month period immediately following eligibility. Earned vacation time not taken within the designated twelve month period shall be forfeited, unless the Department Head and Human Resources Director specifically approves the carry-over of an employee's vacation, in writing, due to an inability of the employee to utilize the time requested to be carried over because of work requirements or other legitimate reasons. Deferral or carry-over of vacation shall be requested by the employee in writing prior to his or her anniversary date, or within ten weeks of his or her anniversary date, and shall state with specificity the reason for the request. Failure to make a timely request shall result in the vacation being forfeited.

AMENDING 2011 LAND CONSERVATION DEPARTMENT BUDGET
TO OFFSET COSTS ASSOCIATED WITH COUNTY CAMPUS SITE RESTORATION

WHEREAS, the Land Conservation Department was allocated funding from the ATC Fund account in 2009, per Resolution 09-23-219, to fund various conservation projects; and,

WHEREAS, a portion of the allocation was earmarked for the implementation of a site restoration / invasive species control project on County Campus at HWY 51; and,

WHEREAS, in 2010 all woody invasive species were removed from the site and suppression of the non-woody invasive species, specifically garlic mustard, commenced in 2011; and,

WHEREAS, a component of the site restoration plan is the planting of native grasses and forbs after the invasive species suppression activities are completed; and,

WHEREAS, the site restoration plan also includes the installation of a rock lined watertight tunnel route runoff safely to the current outlet; and,

WHEREAS, the Land Conservation Committee signed a cost share agreement with the General Services Committee in the fall of 2010 to offset 70% of the cost associated with the installation of the rock lined watertight tunnel; and,

WHEREAS, the Land Conservation Committee requests a transfer from the ATC Fund account and amend its budget to reflect the costs associated with the final components of the site restoration project at the County Campus at HWY 51.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this ___ day of __________, 2011, amends the Land Conservation Department's budget as follows:

EXECUTIVE SUMMARY

In 2010 the Land Conservation Department commenced the County Campus site restoration project that included the removal of woody invasive species during the summer months. Activities scheduled for 2011 include the suppression of non-woody invasive species during the spring and summer months, the installation of a rock lined waterway in late spring or early summer and the planting of native grasses and forbs in late fall.

The Land Conservation Committee signed an agreement with the General Services Committee to cost share the installation of the rock-lined waterway through the Soil and Water Resource Management Program. The Land Conservation Department will fund the 30% of the project cost. The remaining 70%, will be funded by General Services.

This resolution requests a fund transfer from the ATC Fund account to the LCD budget to facilitate costs associated with finalizing the aforementioned restoration project.

EXECUTIVE SUMMARY -
ACCEPTANCE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES
COUNTY FISH AND GAME PROJECT GRANT FUNDS

Each Wisconsin County is allocated a certain amount of money annually to fund small projects on a 50/50 match basis. This year we used our allocated funds to help pay for invasive species control at Carver-Roehl Park.

If a county does not use its funding, that money gets divided between the remaining counties. We made application for additional funds and have been awarded $1,220.

The additional funds will be used to purchase equipment to expand our prescribed burn land management program. We already conduct burns in some of our parks, but they are fairly small burn units. By purchasing more equipment, we will be able to safely expand the burn unit sizes and provide better notice to those who live and travel near those areas. We will purchase two large collapsible, "Prescribed Burn Ahead" traffic notice signs. Other equipment includes wild land fire pants, additional water pumps, fire suppression tools, and a larger water tank that can be transported on the back of a Park’s truck.

Staff has received quotes on the equipment and will adjust the project scope and equipment ordered within the $1,220 allocated funds.

Though this funding source required a 50% match by the County, all time and materials supplied by the Parks and Highway Divisions, as well as other community resources, may be used as in-kind match.

EXECUTIVE SUMMARY

The County receives State 85.21 funding to provide handicapped accessible transportation services for older adults and people with disabilities. The Rock County Specialized Transit Program is administered through the Rock County Council on Aging and provides approximately 25,000 one-way trips throughout the county annually.

State law allows a county to keep the balance of its allocation that is not spent in a given year in a trust account for vehicle replacement or for major maintenance. The trust account must not exceed $80,000. Currently, the amount in the trust account is $144,232. To bring the trust account below $80,000, the Council on Aging is requesting approval to purchase an upgrade to the RouteMatch software, a dispatching and scheduling program that is currently being used by the department. The upgrade would provide the foundation for real-time, on-board trip and vehicle data collection. Drivers can download driver manifests to a mobile data computer and collect all required data for each passenger in real-time, including odometer readings, pickup and drop off times, no shows, late cancellations, fare information and other related trip data that is required for reporting purposes. Using this system will save many hours of staff time for manual trip verification.

Equipment for the vehicles includes back-up cameras. Most of the incidents that involve Specialized Transit occur when backing up. Hopefully, this will reduce repair costs on the vehicles.

In late 2011, delivery of three replacement vehicles is expected. These vehicles are lift-equipped, with capacity for eight ambulatory and two wheelchair seats. The resolution includes amending the Council on Aging budget to transfer funds from the trust account into the 2011 Motor Vehicle account.

No other county tax levy is required for this purchase.

Executive Summary
Awarding Contract for the Phase 3 Update of UW-Rock Master Plan

The resolution before you hires Angus Young Architects to complete the Phase 3 Update of the UW-Rock Master Plan. The initial Master Plan was completed by Potter Lawson Architects in 2000, and updated in 2003. That Update paved the way for construction of Allen Hall and renovation of Hyatt Smith Hall in 2008.

The economy, job losses, and increasing enrollment, have put pressure on the Campus to respond to the educational needs of traditional and returning adult students. As programs and degree offerings change, so must the physical facilities. In addition to keeping up with programmatic changes, Andrews and the Wells Cultural Center have not been updated since they were constructed.

In order to plan for the future, the Master Plan needs to be updated. Current needs, and the vision for the near future, need to be added to those needs identified in the Master Plan and the Phase 2 Update that have yet to be implemented. Priorities must again be assigned, and a range of solutions identified. Despite the fact that Dean Pillard is retiring, with an interim dean taking her place, the Phase 3 update can still go forward as a tool for planning future projects.

Executive Summary

Camera / Security Electronics Upgrade at the Juvenile Detention Center.

The resolution before you awards the contract to the low bidder, Faith Technologies of Sun Prairie, Wisconsin for the total base bid amount of $316,950.00. A contingency of $7,500.00 will be established to cover change orders as authorized.

The Base Bid is the total of Parts 1 & 2. Part 1 covers the cost of equipment that will be owner-purchased, exclusive of applicable sales taxes. Part 2 is the cost for the contractor to perform the work.

The project will add cameras in the four dayrooms with video recording capability. Other cameras will be replaced. The system that operates the doors, locks and lighting will be replaced with new touch screen technology. Once complete, the system will allow for control from a single workstation during sleeping hours, making the facility more staff efficient.

Vendors that were solicited, but did not submit a bid were called and asked if there was a reason they did not bid. The reasons given were varied. The low bid is within the range estimated by the design engineer. The estimated completion date is October 28, 2011.

AUTHORIZING PURCHASE OF REPLACEMENT INTERNET WEB FILTERING SYSTEM

WHEREAS, the County’s current Internet Web filtering system is costly and does not perform to the level necessary for meeting the needs of the County; and,

WHEREAS, Internet Web technology has significantly advanced during the past few years in terms of configurability and functionality; and,

WHEREAS, the Information Technology Department staff performed extensive live testing of Internet Web filtering alternatives; and,

WHEREAS, the Information Technology 2011 budget does provide for Internet Web filtering system software maintenance which would be directed to this purchase; and,

WHEREAS, the Information Technology Department staff did specify that there is a more cost effective Internet Web filtering system that will meet the current and future needs of the County; and,

WHEREAS, the specified Internet Web filtering system, iPrism 30h, will be purchased from the sole source vendor, Edgewave, the company that created and exclusively sells the iPrism 30h system.

NOW, THEREFORE, BE IT RESOLVED, by the Rock County Board of Supervisors duly assembled this ___ day of ____, 2011 that a Purchase Order for a replacement Internet Web filtering system be issued to Edgewave in the amount of $14,103.

Executive Summary

AUTHORIZING PURCHASE OF REPLACEMENT INTERNET WEB FILTERING SYSTEM

The County's current Internet Web filtering system, Websense, has become increasingly problematic in being able to handle the granular configuration needs of the County, specifically in terms of allowing groups of employees to access certain Web sites while keeping those Web sites off-limits to other employees who do not need such access for the conduct of their work. It has become overly difficult and time-consuming to administer the current Websense system. Additionally, the Websense performance has become below expectations.

Therefore, the IT department sought other options that would work well within the County's network environment and include the functionality required by the County's Internet users.

After extensively testing and reference-checking Internet Web filtering systems, the IT department has determined that the iPrism 30h solution from Edgewater is best at meeting the County's system requirements in a cost effective manner. The iPrism 30h system is a combination of a hardware appliance and a yearly software subscription. This Internet Web filtering system is used successfully by many Wisconsin counties and municipalities. The following summarizes a four-year comparative projection of system costs of Websense (current solution) and iPrism 30h:

<table>
<thead>
<tr>
<th>Internet Web Filtering Options</th>
<th>1st-Yr Cost</th>
<th>2nd-Yr Cost</th>
<th>3rd-Yr Cost</th>
<th>4th-Yr Cost</th>
<th>Total Cost</th>

<tbody>
<tr>
<td>Websense (Current Provider)</td>
<td>$11,000</td>
<td>$11,000</td>
<td>$11,000</td>

</tr>
<tr>

<td>$14,440</td>
<td>$9,581</td>
<td>$9,581</td>
<td>$9,581</td>
<td>$43,183</td>
</tr>
</tbody>
</table>

By using the iPrism 30h Internet Web filtering solution, the County will, at approximately the same price as the current system, be able to configure the system as granularly as needed, and the system performance will be significantly improved. This replacement system will be funded by using Computer Hardware and Software Maintenance accounts that include adequate balances for this project. The replacement system is, in effect, being purchased using funds that otherwise would have been spent to maintain the current inadequate system. The iPrism 30h will be purchased from Edgewater, which is the creator and sole source vendor for the system.

Executive Summary

Since 1985, America has celebrated July as the nation’s official Park and Recreation Month. A program of the National Recreation and Park Association (NRPA) and the America’s Backyard initiative, the goal is to raise awareness of the vital impact that parks, recreation, and conservation have on communities across the United States. Each July, the National Park and Recreation Association (NRPA) encourages Parks and Recreation Agencies across the country to kick-off summer programs, promote outdoor recreation, natural resource areas and open spaces, and pull together volunteers to make their outdoor spaces a thriving center of community activity.

This year’s theme is “Rock Your Park!” NRPA is encouraging members, agencies, and citizens to plan events and initiatives that remind local decision makers and the community of the exciting and vital role that parks and recreation play in the lives of Americans and how they make their lives extraordinary.
