Article III. LAND DIVISION PROCEDURE

Sec. 38-10. OVERVIEW

(1) Classification. Land divisions are classified in this Ordinance as follows:
(a) Minor land division — A land division requiring either a Plat of Survey ("POS") or a Certified Survey Map ("CSM"), creating any of the following:

1. One (1) to four (4) new, additional lots with each lot larger than thirty five (35) acres, created concurrently or by successive land division within five (5) years of the recordation date of the first lot created – POS required;

Sec. 38-11. CONSULTATION

Prior to submission of an application for preliminary land division, the applicant shall schedule and attend a consultation with the Administrator, Town, and City/Village (if land division is within City/Village Extra-Territorial Plat Approval Jurisdiction ("ETJ") area) for all major land divisions (sub-division) to ensure the applicant has an adequate understanding of all Rock County, Town, City/Village (if applicable), State, and Federal standards and requirements.

At the consultation, the applicant shall provide a map at 24"x36" or larger, at a convenient scale not to exceed one hundred (100) feet to the inch, and containing all of the following:

(a) A POS or CSM clearly marked "PRELIMINARY CSM or POS" for a minor land division or a Sub-division Plat clearly marked "PRELIMINARY PLAT" for a major land division (sub-division), displaying the land division at a convenient scale not to exceed five hundred (500) feet to the inch for a POS or CSM and one hundred (100) feet to the inch for a Sub-division Plat, with the POS, CSM, or Sub-division Plat pages numbered in sequence if more than one (1) page is required, and total number of POS, CSM, or Sub-Division Plat pages identified on each page. A copy of said POS, CSM, or Sub-division Plat shall also be provided in electronic format in a manner compatible with the Agency's Geographic Information System (GIS). The POS, CSM, or Sub-division Plat shall contain all of the following:

1. (c) An application form to include the name, address, and telephone number of the landowner, applicant, and land surveyor/developer, proposed name of the land division (major land division (sub-division) only), and signature of the applicant. The proposed name of a major land division (sub-division) shall not duplicate or too closely approximate phonetically the name of any other major land division (sub-division) in Rock County and if the Committee determines this is the case, the Committee shall have final authority to designate the name of any major land division (sub-division), to be determined when the application for preliminary land division is approved by the Committee, in accordance with (7) of this Sec.;

(d) An application fee;

(2) Application submission requirements: Optional landscape plan. The applicant may submit a landscape plan to the Administrator as a component of an application for preliminary land division. The plan shall be submitted at the option of the applicant and for major land divisions (sub-divisions) only, with said plan providing for preservation, establishment, and maintenance of vegetation on the land division, including trees, shrubs, grasses, and other groundcover, to minimize soil erosion, screen and buffer differing land uses, and stabilize and enhance ecosystem health and community character.

The landscape plan shall encourage and promote landscaping that maintains and/or establishes large, contiguous areas of native vegetation that preserve, establish, or enhance scenic viewsheds and are located adjacent to stormwater and retention ponds, at the periphery of exterior lots, and in areas where differing land uses interface.

Each lot subject to the landscape plan shall require a minimum of one hundred (100) landscape points for each one thousand (1,000) square feet of impervious surface on the lot, to include any land under buildings, accessory buildings, and paved surfaces. In calculating required landscape points, all areas and distances on which calculations are based shall be rounded up to the nearest whole number. Landscape points are dependent on a vegetation category/type's typical growth rate, mature height, and classification as deciduous or conifer. Vegetation shall be of a minimum dimension at installation in order to be eligible for landscape points. Existing vegetation may be eligible for landscape points if said vegetation is non-invasive, a desirable species as determined by the Administrator, and will be preserved during construction activity. Figure 1 identifies Vegetation Category, Landscape Points, Minimum Installation Dimension, and Vegetation Type specifications for a landscape plan. The Administrator is authorized to award landscape points for any vegetation type identified in a landscape plan and not listed in Figure 1 if said vegetation type provides a landscape function similar to those vegetation types identified in Figure 1.

A statement to the effect that two (2) years after the initial vegetation installation date, maintenance and replacement of all vegetation on the lot(s) as identified in the landscape plan shall be the responsibility of the lot owner and maintenance and replacement requirements shall run with the lot and be binding upon all future lot owners;

8. A scale, north arrow, date of creation, and major land division (sub-division) name;
9. The name, address, and telephone number of the landowner and applicant;

(3) Incomplete or inaccurate application. Failure by the applicant to submit a complete application for preliminary land division or submittal of an inaccurate application, both in accordance with (1), and (2) if applicable, of this Sec. shall be cause for the application to be returned by the Administrator to the applicant, with the application not subject to any further review or action until the applicant has submitted a complete and accurate application.

Failure by any other reviewing party to provide comments to the Administrator within the aforementioned timeline shall indicate said party(s) has no comment.

(5) Administrator review. The Administrator shall review the application for preliminary land division for compliance with this Ordinance, as well as the comments from all other reviewing parties. To facilitate timely review of the application, field inspection and staking along the center-line of all proposed streets in the land division by the Administrator may be required at the discretion of the Committee. After review, the Administrator shall provide an application recommendation, either approval, approval with conditions, or denial with findings, to other reviewing parties as stated in (4) (a), (b), (c), (d) and (e) of this Sec. within ten (10) business days of receipt of the application by the Administrator.

The Town and City/Village (if applicable), at their discretion, shall take action and approve, approve with conditions, or deny the application.

(7) Committee review and action. The Committee shall review the application for preliminary land division, comments of all other reviewing parties, the Administrator’s recommendation, Town review and action, City/Village review and action (if applicable), and any other relevant information at a public meeting. The Committee shall take action only after (1) – (6) of this Sec. have been completed and shall approve, approve with conditions, or deny with findings the application within ninety (90) days of receipt of the application by the Administrator, unless this timeline is extended by mutual agreement between the Committee and the applicant, with the exception that if Town and City/Village (if applicable) action is not expected to occur prior to said ninety (90) day timeline, the Committee shall take action on said application. One (1) copy of the application review form, containing the Committee action, either approval, approval with conditions, or denial with findings, and the action date...
shall be provided to the applicant within five (5) business days of said action. If the Committee fails to take action on the application within the aforementioned ninety (90) day timeline, and unless this timeline is extended by mutual agreement between the applicant and all required parties, said application shall be deemed approved by the Committee.

(a) If the application for a preliminary land division is a minor land division requiring a POS, in accordance with Sec. 38-10. (1) of this Ordinance, said application shall not require Committee review and action as stated in (7) of this Sec. and the Administrator shall review and take action on this application in the manner described in (7) of this Sec.;

(8) Effectiveness of Administrator or Committee approval or approval with conditions. An application for a preliminary land division approved or approved with conditions by the Committee or Administrator in accordance with (7) of this Sec. shall be effective for twelve (12) months for a POS or CSM, and thirty six (36) months for a Sub-division Plat, from the Committee or Administrator action date, at the end of which approval of a final land division, in accordance with Sec. 38-13. of this Ordinance, must be obtained by the applicant from the Administrator. The Town and City/Village (if applicable), at their discretion, shall take action and approve or deny the final land division.

(5) Administrator action. The Administrator shall take action and approve or deny with findings the final land division only after Town and City/Village review and action, in accordance with (4) of this Sec., and shall provide written notice of action to the applicant within sixty (60) days of receipt of the final land division, with said timeline to commence only after Town and City/Village have completed said review and the Administrator is in receipt of the final land division. The Administrator shall approve a final land division if all objections by objecting agencies have been cleared and if the final land division complies and conforms substantially to the Committee-approved application for preliminary land division and conditions of approval for said application. If the Administrator fails to provide notice of approval or denial action to the applicant within the aforementioned timeline, an agreement between the Administrator and applicant has not extended this timeline, and if all objections filed by objecting agencies have been cleared, the final land division shall be deemed approved by the Administrator.

(6) Statement of payment of property taxes. The applicant shall provide to the Rock County Treasurer the final land division approved by the Administrator along with the following text:

After Administrator approval of the final land division in accordance with this Ordinance, the altered or modified final land division shall be re-recorded in the Rock County Register of Deeds Office in accordance with Sec. 38-14. of this Ordinance, along with a copy of the original unmodified and unaltered land division indicating the area of the original land division so modified or altered.

Article IV. LAND DIVISION DEVELOPMENT DESIGN AND PUBLIC DEDICATION AND RESERVATION REQUIREMENTS

Sec. 38-16. STANDARD DEVELOPMENT DESIGN

(1) Design. All land divisions shall be designed to achieve the intent and purpose of this Ordinance, as stated in Sec. 38-3. herein, and shall be appropriately coordinated with and related to existing land uses, future land uses as delineated in applicable comprehensive plans and official maps, the natural landscape, and County, Town, and City/Village (if applicable) zoning ordinances.

(2) Lots. Lot size, dimension, configuration, orientation, and building setback lines shall be appropriate for the location of the land division and the land use proposed. Lots shall generally be proportionate in length and width and the use of flag lots shall be discouraged. If flag lots are utilized, they shall be in accordance with (e) of this Sub-sec. Minimum lot size shall be appropriately increased to provide for a building envelope consistent with County, Town, and City/Village (if applicable) zoning ordinances.

(a) Residential lots without access to a connection to a public sanitary sewer system shall have a minimum size of forty thousand (40,000) square feet for a single family residential building and fifty five thousand (55,000) square feet for a two (2) family residential building. Each residential building shall utilize a POWTS and water well, and the lot shall contain an adequate POWTS area, to include a primary area and replacement area. Each lot shall contain a building envelope of two thousand (2,000) square feet excluding front, rear, and side yards in accordance with applicable building setback lines, ESA, and cultural resources, with said building envelope not to be located closer than ten (10) feet from any part of the POWTS area. Each lot shall also contain useable open space of not less than seventy percent (70%) of the gross area of the lot, entailing the gross square footage of the lot, less three thousand (3,000) square feet for potential building, driveway, or parking use, less fifty percent (50%) of the POWTS area. The minimum lot width at the front yard building setback line for these lots, in accordance with applicable Town and County building setback lines, or (g) of this Sub-sec., shall be one hundred (100) feet.

(b) Residential lots with access to a connection to a public sanitary sewer system shall have a minimum size of six thousand (6,000) square feet except in the Rock County Shoreland Overlay Zoning District, in accordance with Chapter 44 - Zoning, Code of Ordinances,
Rock County, where the minimum size shall be fifteen thousand (15,000) square feet. The minimum lot width at the front yard building setback line for these lots, in accordance with applicable Town and County building setback lines, or (g) of this Sub-sec., shall be fifty (50) feet.

(c) Commercial, industrial, and other non-residential lots shall be of adequate size, dimension, configuration, and orientation to provide for off-street parking and loading facilities required for the type of proposed use.

(d) Lot configuration shall recognize topography and other natural landscape conditions. Lot lines shall abut at right angles or radial to streets, when feasible. Lot frontage on a public street shall be at least one hundred (100) feet for all lots without access to a connection to a public sanitary sewer system and at least fifty (50) feet for all lots with access to a connection to said system or fronting a cul-de-sac. Double frontage lots shall be avoided except for corner lots where they may be required to separate residential land uses from arterial streets or in order to overcome topography, other landscape conditions, or orientation disadvantages. Dimensions of corner lots shall adhere to front yard building setback lines, in accordance with Town building setback lines or (g) of this Sub-sec., from both streets that bound the lot.

(e) Flag lots shall be allowed only in special circumstances when various factors render creation of a more proportionate lot, in length and width, unachievable. The “pole” of a flag lot shall not exceed two hundred fifty (250) feet in length unless additional length is needed to either avoid significant degradation or depletion of ESA, cultural resources, productive agricultural soils, and/or woodlands, or disruption of efficient agricultural operations. The “pole” shall be used exclusively for vehicular access with specified improvements including landscaping, fencing, utilities, mailboxes, and signs also permitted on the “pole”. The “pole” shall maintain a minimum width of one hundred (100) feet for all lots without access to a connection to a public sanitary sewer system, and fifty (50) feet for all lots with access to a connection to said system, for the entire length of the “pole”. No “pole” shall be located within two hundred (200) feet of another on the same side of the street unless said “poles” utilize a joint driveway.

(f) Lot orientation shall be in a manner so as to obtain maximum solar access and energy conservation, with the lot length being north to south and block length being east to west when feasible.

(g) Front yard building setback lines as stated in this paragraph (g) shall be applicable only on those lots adjacent to a Rock County road and not within the Rock County Shoreland Overlay Zoning District. Front yard building setback lines from arterial and collector streets shall be one hundred and fifteen (115) feet from the street centerline or seventy five (75) feet from the right-of-way, whichever is greater. Front yard building setback lines from local streets shall be fifty (50) feet from the right-of-way for those lots without access to a connection to a public sanitary sewer system and twenty five (25) feet from the right-of-way for those lots with access to a connection to said system. Building setback lines less than those stated in the aforementioned may be permitted by the Administrator in cases of unusual topography or landscape conditions, existing patterns of lesser building setback lines on nearby properties, varying alignment of streets, or in accordance with Town zoning ordinances.

(3) Driveways. Driveways shall access lots from a public street, and if in close proximity to an intersection, with a minimum distance to the intersection in the manner delineated in Figure II:
Driveways shall access double frontage or corner lots via the street having the lowest functional classification. All driveways shall be spaced from another in accordance with the County Trunk Highway Access Control, Chapter 42 - Traffic and Vehicles, Rock County, Code of Ordinances and Rock County Driveway Access Policy or any similar successive County ordinance, regulation, policy, plan, or document.

(4) Utilities. The applicant shall ensure all necessary utilities other than a POWTS are available to all lots in a land division.

(a) An easement, entailing a minimum of eight (8) feet on each side of all rear lot lines or side lot lines, running across lots or along front lot lines where necessary, shall be required for the installation of utility facilities. If required, such easements shall be noted as "Utility Easement" on the CSM or Sub-division Plat. Prior to the Administrator’s approval of the final land division, the Administrator shall provide the land division to the applicable utility entity for review and comment on the location and width of the Utility Easement. The utility entity shall have ten (10) business days from receipt of the application from the Administrator in which to review said land division. Failure by any utility entity to provide comments to the Administrator within the aforementioned timeline shall indicate said agency has no comments.

(b) Underground installation of utilities, including but not limited to telephone lines, electric lines under 15,000 volts, and cable television lines, shall be required within the Utility Easement. Underground installation of said utilities shall not be required if any of the following conditions apply:

1. Location, topography, soil conditions, trees, or other circumstances would render excessive cost for underground installation;

2. Temporary overhead utility facilities are necessary to serve a construction site or due to severe weather conditions, with such overhead facilities to be removed within a reasonable time period after installation of permanent underground utility facilities;

3. Associated above-ground utility facilities are necessary for the proper operation and maintenance of underground utilities; said above-ground facilities including but not limited to substations, pad-mounted transformers, and pedestal mounted terminal boxes;

4. Utilities are located in non-residential zoning districts;

(c) Written assurance and documentation from all applicable utility entities that all necessary utilities are installed and paid for, with said entities also guaranteeing restoration of lots to pre-installation condition, shall be required at the discretion of the Administrator.
(5) Sanitary sewer facilities. All lots shall have either the capacity for a POWTS, or access to a connection to a public sanitary sewer system, to adequately provide for treatment and disposal of sewage generated on said lots.

(a) If the lot has access to a connection to a public sanitary sewer system, the applicant shall connect the lot with said system and provide sewers accessible to each lot. If the lot does not have access to said system and the lot is within the boundary of a sewer service area, the lot may utilize a POWTS.

(b) Public sanitary sewer facilities shall connect with the public sanitary sewer system, installed by the applicant to serve each lot, to grades and sizes required by relevant agencies. Individual or group POWTS or treatment plants shall be permitted when found to be in compliance with COMM. 83 and 85, Wisconsin Administrative Codes, and assurances are provided to the Administrator by the applicant that said POWTS or treatment plant will be maintained into perpetuity.

(6) Stormwater management and erosion control. All lots shall be designed so as to ensure stormwater runoff occurring as a result of the land division, and any construction and earth-disturbing activities on the land division, shall be adequately diverted and accommodated in the downstream area and erosion and sedimentation will not increase in comparison to conditions prior to the land division, in accordance with Article II – Stormwater Management and Article III – Construction Site Erosion Control, Chapter 16 – Environment, Code of Ordinances, Rock County.

(7) Landscaping. All major land divisions (sub-divisions) may be subject to a landscape plan, at the option of the applicant and in accordance with Sec. 38-12. (2) of this Ordinance, that promotes and encourages landscaping that maintains and/or establishes large contiguous areas of native trees and vegetation that preserve, establish, or enhance scenic viewsheds, located adjacent to stormwater and retention ponds, at the periphery of exterior lots, and in areas where differing land uses interface.

(8) Monuments. The applicant shall place survey monuments on the land division as required by the Committee and in accordance with Sec. 236.15, Wisconsin Statutes.

Sec. 38-17. PLANNED DEVELOPMENT DESIGN

To provide for greater flexibility and efficiency in meeting the intent and purpose of this Ordinance as stated in Sec. 38-3. herein, the provisions of Sec. 38-16. of this Ordinance may be waived by the Committee for planned developments provided said developments appropriately coordinate with and relate to existing land uses, future land uses as delineated in applicable comprehensive plans and official maps, and the natural landscape, and are not in conflict with this Ordinance's intent and purpose nor any other applicable standard or regulation. The application shall require an application form and fee, and a preliminary adjacent land sale or transfer CSM prepared and submitted in accordance with this Ordinance and Sec. 236.34 Wisconsin Statutes. The CSM shall be required for the purpose of verifying that additional lots are not thereby created and the lots resulting there from are not reduced below the minimum size and dimension required by law. The Administrator may waive the requirement for a CSM if all of the following conditions are met:

(a) The new lot line has been staked by a land surveyor;

(b) A POS, containing a deed restriction, is filed with the applicable deed in the Rock County Register of Deeds Office with said restriction permanently prohibiting the grantee and all successors in interest from conveying the sold or transferred land separately from the adjacent lot owned by the grantee;

(c) The applicant provides to the Rock County Treasurer a POS approved by the Administrator, along with the following text:

Rock County Treasurer,

I hereby certify that the property taxes on the parent lot are current and have been paid as __________, 20__.

Rock County Treasurer;

(2) Review and action. The application for preliminary adjacent land sale or transfer shall be reviewed, with actions taken, in accordance with Sec. 38-12. (3), (4), (5), and (6) of this Ordinance. (7) of this Ordinance. If the application is approved, a final adjacent land sale or transfer POS or CSM shall be prepared and submitted by the applicant to the Administrator in accordance with this Ordinance and Sec. 236.34 Wisconsin Statutes, if applicable. The final adjacent land sale or transfer shall be reviewed, with actions taken, in accordance with applicable components of Sec. 38-13. (2), (4), and (5) of this Ordinance.

(3) Recordation. The final adjacent land sale or transfer CSM approved by the Administrator shall be recorded by the applicant with the Rock County Register of Deeds within six (6) months of Administrator approval, or a final adjacent land sale or transfer POS approved by the Administrator shall be filed with the Rock County Surveyor within the aforementioned time period.

Sec. 38-24. PUBLIC IMPROVEMENT DESIGN, CONSTRUCTION, AND MAINTENANCE

(1) Blocks. Block length shall not exceed one thousand five hundred (1,500) feet nor be less than four hundred (400) feet, except as the Town deems necessary to secure the efficient use of land or desired features of street layout. Block width shall be wide enough to allow two tiers of lots of sufficient depth to provide an adequate building envelope on each lot. The Town may approve block widths consisting of a single tier of lots when said lots front a major street or when topography or size prevents two tiers. If a single tier block is approved by the Town, an adequate area to screen and buffer differing land uses shall be provided and vehicular access from an abutting major street prohibited.

A pedestrian way may be required by the Town near the center of a block, and entirely across those blocks which exceed nine hundred (900) feet in length, to connect dead-end streets or to provide access to parks, schools, shopping areas, or other similar facilities. If a pedestrian way is required, a minimum ten (10) foot right-of-way shall be set aside with an eight (8) foot pavement (or other cover type as approved by the Town) width, at a grade not steeper than fifteen percent (15%), unless steps of adequate design are approved by the Town. A note shall be placed on the Sub-division Plat stating by whom such pedestrian way shall be maintained.

(2) Streets. All streets shall meet applicable jurisdictional construction standards and regulations. All streets shall be designed to appropriately coordinate with and relate to existing land uses, future land uses as delineated in applicable comprehensive plans and official maps, the natural landscape, street systems, dedicated rights-of-way, population densities, special vehicular traffic generators such as commercial, business, and industrial districts, institutional facilities, and other social gathering areas. In areas to be utilized predominately for non-residential uses, streets shall be planned in coordination with building groupings, rail facilities, alleys, and truck loading and maneuvering areas, and pedestrian ways and parking areas shall be adequately provided and located so as to minimize conflict between various types of traffic. Streets shall normally intersect, as nearly as possible, at right angles and shall avoid a combination of steep grades and curves. Streets shall be arranged to provide access to lots and building and accessory building sites at or above street grade. Street design in a major land division (sub-division) shall provide for the continuation of existing streets in adjacent areas at the same or greater width as said existing streets, unless the Town deems such continuation undesirable for reasons of topography or design.

All streets shall be public unless the Town, prior to approval of the application for preliminary land division, agrees to the use of private streets. Private streets will be considered by the Town only in those instances where an association or other legal entity is established by covenant with capability and responsibility for maintenance of said streets.
(a) Street width shall be as delineated in **Figure III**:

(b) Street gradient shall not exceed nine percent (9%), nor eleven percent (11%), with approval of the Town, in areas of extreme topography. Gradient shall not exceed one point four percent (1.4%) for a minimum distance of fifty (50) feet from the intersection of street centerlines. Streets may be constructed diagonally across contours in areas of extreme topography and shall traverse the slope with minimum street grade, driveway grade, and earth movement.

(c) Cul-de-sac use shall not be encouraged, and if utilized, cul-de-sacs shall not be longer than six hundred (600) feet unless approved by the Town and shall terminate in a circular open space having a diameter at the outside of the right-of-way of at least one hundred forty (140) feet. Temporary cul-de-sacs may be permitted by the Town, to be constructed to the lot line and provided with a temporary circular or "T" shaped turnaround.

(d) Frontage or access streets shall be required in those instances where a major land division (sub-division) abuts or contains an existing or proposed arterial street on which traffic volume and vehicular speeds warrant special safety precautions to ensure no lots front arterial streets.

(e) A street approximately parallel to a rail line, expressway, freeway, or parkway right-of-way shall be required if the land division adjoins such facility for a considerable distance, with consideration given to the distance required for approach grades to future grade separations.

(f) A clear vision triangle ("triangle"), in each quadrant of every public street or rail line intersection, shall be maintained, bounded by the street centerlines and a line connecting points on said centerlines at a specified distance from their point of intersection, in the manner illustrated in **Figure IV** as contained herein, with the exception that a triangle shall be maintained for twenty five (25) feet from the right-of-way for any intersection in a Sub-division Plat. The triangle shall be cleared of all vegetation less than six (6) inches in diameter. Vegetation greater than six (6) inches in diameter may remain in the triangle at the discretion of the Town. Any vegetation remaining in the triangle shall require trimming up to eight (8) feet above the ground.

(g) Grading, base course, surface course, marking and signing, landscaping, and stormwater management shall be in accordance with **Article II - Stormwater Management, Chapter 16 - Environment, Code of Ordinances, Rock County** and all other applicable Rock County ordinances, with all costs related to these activities borne by the applicant. The applicant shall come to terms with the Town on a method of financing to assure surface course is applied to the street. Surface course is to be applied approximately twelve (12) months after the base course is constructed. Financing and timing for application of surface course shall be a condition of approval of the application for preliminary land division.

(h) Bridges of primary benefit to the applicant shall be constructed at the expense of the applicant without reimbursement from the Town. Cost sharing for construction of
bridges not of primary benefit to the applicant can be fixed by special agreement between the State, Rock County or Town and the applicant as a condition of approval of the application for preliminary land division. Said costs shall be charged by Rock County or Town to the applicant pro-rata as the acreage of the land developed so served.

(3) Town public improvement plan. All public improvements shall be designed, constructed, and maintained by the applicant in accordance with (1) and (2) of this Sec. and a Town public improvement plan. The Town public improvement plan shall be submitted by the applicant to the Administrator in accordance with 38-13. (1) (b) of this Ordinance. The Administrator shall review the plan and either approve the plan or provide the applicant with required modifications. The plan shall contain all of the following:

(a) Elevation profiles of the centerline of all existing and proposed streets;

(c) Approximate radii of all curves, lengths of tangents, and central angles on all existing streets;

(d) Cross-sections of all proposed streets at one hundred (100) foot stations superimposed on existing topography (the Town may require cross-sections every fifty (50) feet in
areas in excess of nine percent (9%) slope), and the location and cross-section of street pavements including drainage way casements, right-of-ways, and street signs;

(e) Location, dimension, and invert elevations of existing and proposed sanitary sewers, stormwater drainage ways, drainage control facilities, and fire hydrants, identification of connections to any existing or proposed utility, and the location and size of all water, gas, or other underground utilities or structures;

(f) Location, dimension, and name (if applicable) of all streets and improvements designated for public dedication, and all necessary utilities;

(g) Any other special requirements deemed necessary by the Town to ensure the land division is in compliance with the Town comprehensive plan, Rock County Comprehensive Plan, or any similar successive and other relevant plan or document, and any applicable construction standard and regulation;

(h) Notation of approval on the cover page as follows:

</tr>
</tbody>

(4) Financial guarantee. A written financial guarantee in a sum sufficient to pay the cost of construction of all public improvements shall be provided by the applicant to the Town, for all improvements as stated in the Town public improvement plan not constructed at the time of Administrator approval of the final land division, complying with all conditions of approval of the application for preliminary land division and assuring the construction and performance of all necessary improvements. Said financial guarantee shall take one of the following forms:

(a) An insurance contract from a bonding agency;

(b) An irrevocable letter of credit from a recognized financial institution;

(c) An escrow account in a recognized financial institution;

(6) Maintenance. The applicant shall be required to maintain all public improvements and services associated with ensuring the adequate performance of all said improvements until acceptance of improvements by the applicable general or special purpose district, or homeowners association, including but not limited to snow removal on streets. The applicable special or general purpose district may on notice plow streets or affect emergency repairs and charge same to applicant. Utility entities shall be responsible for accurate replacement of all lot corners and monuments destroyed while installing utilities, within a reasonable time period after installation.
(7) **Timeline.** Public improvements shall be constructed by the applicant within twelve (12) months of the action of Administrator approval of the final land division, in accordance with Sec. 38-13. (5) of this Ordinance. Extensions to the aforementioned timeline may be applied for by the applicant prior to expiration of said timeline and granted by the Town upon findings that delays are beyond the control of the applicant and that no material change in standards or conditions of the final land division has occurred or is reasonably expected to occur.

WITNESSETH:

WHEREAS EMPLOYER whose address is c/o County Administrator, 51 South Main Street, Janesville, WI 53545, desires to obtain the services of EMPLOYEE to serve as Rock County Finance Director;

WHEREAS EMPLOYEE, whose current address is 3112 Windsor Lane, Janesville, WI 53546, is able and willing to serve as Rock County Finance Director;

NOW, THEREFORE, in consideration of the promises and the mutual covenants of the parties hereinafter set forth, the receipt and sufficiency of which is acknowledged by each party for itself, EMPLOYER and EMPLOYEE do agree as follows:

1. CONDITIONS OF EMPLOYMENT; GENERAL PROVISIONS. Employment of EMPLOYEE is subject to the general supervision and shall be conducted pursuant to the orders, advice and direction of the County Administrator and be governed by the terms and conditions of Chapter 18 of the Rock County Ordinance, except as to the terms and conditions that are herein modified. Employment is further subject to EMPLOYEE's compliance with and implementation of policies established from time to time by EMPLOYER in the exercise of its lawful authority. EMPLOYEE shall perform such other duties as are customarily performed by one holding the same or similar positions in other governmental organizations or businesses which provide similar services. EMPLOYER reserves to the County Administrator the right to require EMPLOYEE to render such other and unrelated services and duties as may be assigned from time to time by the County Administrator.

2. DUTIES OF EMPLOYEE; GENERAL PROVISIONS. EMPLOYEE agrees to perform lawfully, faithfully, industriously, competently, dutifully and to the best of EMPLOYEE's ability, all of the duties that may be required of EMPLOYEE pursuant to the express or implied terms of this agreement, to the level of satisfaction that the County Administrator may reasonably require.

3. DUTIES OF EMPLOYEE; JOB DESCRIPTION. The duties of EMPLOYEE shall include but not be limited to those expressly stated or implied in the job description for the position, as may be revised from time to time by EMPLOYER as circumstances change, and as set forth in applicable state statutes. This paragraph is further subject to the right of assignment reserved to the County Administrator, as set forth in paragraph 1 hereof.

4. DUTIES OF EMPLOYEE; OFFICIAL ACTS OF COUNTY BOARD. The duties of EMPLOYEE shall also include but not be limited to those expressly stated or implied in the ordinances, resolutions or motions of EMPLOYER's county board or any of its committees acting within the scope of their lawful authority.

6. TERM OF AGREEMENT. The term of this agreement shall be a period of 2 years, commencing at 12:01 a.m., Saturday, January 7, 2012, and expiring as of Midnight, January 6, 2014, unless earlier terminated under other provisions of this agreement or by operation of law.

7. NONRENEWAL OF AGREEMENT. At its expiration this agreement shall not be considered renewed unless extended in writing by mutual agreement of the parties. If it is the County Administrator’s intention not to renew this agreement, the County Administrator will attempt to give EMPLOYEE three (3) months advance written notice of the intent not to renew this agreement, provided, however, that failure to give such notice shall create no obligation on EMPLOYER to continue EMPLOYEE’s employment beyond the expiration date of this agreement. The County Administrator may extend EMPLOYEE’s employment on a month-to-month basis for a period not to exceed 3 months, pending renewal of this agreement.

8. EMPLOYEE’S RESPONSIBILITIES; ETHICAL CONSIDERATIONS. EMPLOYEE shall at all times observe and comply with all ethical obligations imposed or required by constitution, statute, ordinance or other provision of law and shall at all times conduct EMPLOYEE’s personal affairs in such a manner as to avoid a conflict of interest or appearance of conflict and in accordance with the duties and responsibilities of public officials. During normal work hours EMPLOYEE shall at all times devote all of EMPLOYEE’s time, attention, knowledge and skills solely to the interests of the EMPLOYER, and EMPLOYEE shall never use EMPLOYEE’s position or confidential information gained in such work position for EMPLOYEE’s personal gain, either directly or indirectly.

9. EMPLOYEE’S RESPONSIBILITIES; CONFIDENTIAL INFORMATION. EMPLOYEE shall not at any time or in any manner, either during the term of this agreement or thereafter, either directly or indirectly divulge, disclose or communicate to any person any confidential information gained in the performance of EMPLOYEE’s duties except as otherwise required or compelled by law.

10. EMPLOYEE’S RESPONSIBILITIES; EXCLUSIVE EMPLOYMENT. EMPLOYEE agrees to remain in the exclusive employ of EMPLOYER throughout the term of this agreement. The term “exclusive employ” shall not be construed to prohibit occasional teaching, writing or consulting which is performed on EMPLOYEE’s time off and which does not affect EMPLOYEE’s job performance, subject to prior approval of the County Administrator.

11. HOURS OF WORK. The usual and customary hours of business of EMPLOYER are from 8:00 a.m. to 5:00 p.m., Monday through Friday, however, as a managerial employee, EMPLOYEE shall have as a condition of employment a job to perform and shall work such hours as are necessary to accomplish the tasks assigned to EMPLOYEE.

12. EVALUATION AND GOALS. At least annually, the County Administrator or his or her designee shall meet with EMPLOYEE to discuss job performance and to define goals and objectives for both EMPLOYEE and EMPLOYER.

13. EMPLOYEE’S DUTIES; LIMITED CONTRACTING AUTHORITY. EMPLOYEE shall not have the right to make contracts or commitments for or on behalf of EMPLOYER except as expressly authorized in advance by statute, ordinance, or express written consent of EMPLOYER.

14. COMPENSATION OF EMPLOYEE; BASE COMPENSATION. EMPLOYER shall pay EMPLOYEE, and EMPLOYEE shall accept from EMPLOYER in payment for EMPLOYEE’s services, direct compensation at a rate provided for in the Unilateral Pay Plan for the position occupied by the EMPLOYEE.

15. COMPENSATION OF EMPLOYEE; COMPENSATION FOR EXPENSES. EMPLOYER shall reimburse EMPLOYEE for all necessary expenses incurred in the service of EMPLOYER, in accordance with Rock County ordinances and regulations on reimbursement of expenses, provided that EMPLOYEE complies with all applicable provisions of law and Rock County ordinances and procedures prior to incurring or claiming reimbursement for such expenses. understood that prior approval of the County Administrator is required for attendance at conferences held outside of Wisconsin and that attendance is further subject to the rules, regulations and ordinances applicable to managerial employees employed by the EMPLOYER.

16. COMPENSATION OF EMPLOYEE; FRINGE BENEFITS. Except as otherwise set forth in this agreement, and in addition to the monetary compensation set forth above EMPLOYEE shall receive fringe benefits as are enumerated from time to time in resolutions and general ordinances of EMPLOYER, on the same terms as these are made available to non-represented managerial and professional employees of EMPLOYER.

17. VACATION. EMPLOYEE shall receive vacation pursuant to the Rock County Personnel Ordinance. Carry-over of unused vacation shall be allowed under such conditions as are contained in the Rock County Personnel Ordinance.

18. COMPENSATION OF EMPLOYEE; TREATMENT OF DIRECT COMPENSATION FOR TAX PURPOSES. The direct financial compensation paid EMPLOYEE under this Agreement shall be treated as wages for federal and state tax purposes and for purposes of allowing EMPLOYEE to participate in the Wisconsin retirement system. EMPLOYEE recognizes that EMPLOYER will withhold taxes, Social Security and the like from direct compensation. EMPLOYEE shall be allowed to participate in EMPLOYER's deferred compensation program(s) and Section 125 Flexible Spending Account, at EMPLOYEE's option and to the extent permitted by law.

19. TERMINATION OF AGREEMENT BY EMPLOYEE; NOTICE REQUIRED FOR RESIGNATION. This agreement may be terminated by EMPLOYEE on 30-days' written notice to the County Administrator. Any such notice, once accepted by the County Administrator, may not be withdrawn or rescinded. The fact that the County Administrator has asked EMPLOYEE for EMPLOYEE's resignation shall not invalidate any such resignation once tendered to, and accepted by, the County Administrator. Accrued but unused vacation and holiday time shall be paid out to EMPLOYEE upon resignation, provided sufficient notice as required above is received.

20. TERMINATION OF AGREEMENT BY EMPLOYER; EMPLOYER'S RIGHT TO TERMINATE AT WILL. This agreement may be terminated, or any obligation of EMPLOYER under this agreement may be suspended, by the County Administrator at any time during its term, in the sole discretion of the County Administrator. EMPLOYER shall be deemed to be an at-will employee of EMPLOYER who shall have no remedy or recourse in the event of disciplinary action, up to and including discharge.

21. TERMINATION OF AGREEMENT BY EMPLOYER; DISCIPLINARY ACTION; PROCEDURE FOR DISCIPLINARY ACTION. All disciplinary action shall originate from the County Administrator and be accomplished by the County Administrator.

22. EMPLOYER TO INDEMNIFY AND DEFEND EMPLOYEE FOR OFFICIAL ACTS. EMPLOYER shall indemnify, defend and hold harmless EMPLOYEE, in accordance with the requirements of s. 895.46, Wis. Stats. 24. CONSTRUCTION OF AGREEMENT; SEVERABILITY. All parts of this agreement are severable from all other parts and invalidity of any part shall not operate to invalidate any other part.
25. CONSTRUCTION OF AGREEMENT; WISCONSIN LAW CONTROLS. It is expressly understood and agreed that in the event of any dispute between the parties, arising under this agreement, Wisconsin law shall control to the extent that it is not superseded by any applicable federal law.

26. CONSTRUCTION OF AGREEMENT; ENTIRE AGREEMENT. This Agreement constitutes the entire agreement of the parties and supersedes any and all negotiations of the parties relating to the subject matter hereof. Any prior employment agreement between the parties, together with any extension or renewal of such agreement, is likewise terminated and superseded by this Agreement. All of EMPLOYEE's rights, of any nature whatsoever, arising from, by or under any prior employment agreement between the parties are hereby compromised in their entirety.

IN WITNESS WHEREOF, EMPLOYER and EMPLOYEE have executed this agreement effective as of the day and date by which EMPLOYER's authorized representative and EMPLOYEE have affixed their respective signatures, as indicated below.

Executive Summary

The Rock County Sheriff’s Office has partnered with the Wisconsin Department of Natural Resources (DNR) to help make snowmobiling a safer sport in Rock County and to assist with the DNR’s mission of protecting, enhancing, and promoting the safe and wise use of our natural resources.

The Rock County Sheriff’s Office formed a Recreational Safety Team in 2008, which consists of twelve deputies and four sergeants. Team members are trained and specialized in water search and rescue techniques, ATV operations, as well as boat and snowmobile patrol to offer greater services to the citizens of Rock County.

The Sheriff’s Office Snowmobile Patrol Team is responsible for patrolling the trails in Rock County. The Snowmobile Patrol Deputies respond to crashes, injuries, and property damage complaints. The Snowmobile Patrol Team investigates snowmobile crashes and enforces state laws regarding snowmobiling. The Snowmobile Patrol Team also responds to road accidents during major snow events.

In return for providing snowmobile patrols during the 2011 season, the DNR reimbursed the Sheriff’s Office in the amount of $9,195.50. This was a non-budgeted revenue.

The Sheriff’s Office requests to use the $9,195.50 as a source of funds to purchase and outfit a new snowmobile in 2011 (make and model still to be determined). The current snowmobile fleet consists of two 2002 Arctic Cat Z570ESR snowmobiles, which were purchased from the Federal Surplus 1033 Program.

The Wisconsin Department of Transportation, Bureau of Transportation Safety, makes funds available each year to various local law enforcement agencies for highway safety programs. The intent of this program is to provide additional traffic enforcement patrols directed at improving traffic safety by speed enforcement, alcohol enforcement, and seatbelt enforcement, thus reducing hazardous motorist behavior on roadways with a high incidence of injury or fatal accidents.

In Wisconsin, during 2010, speed-related crashes were listed as a contributing factor in 18.3% of all crashes, and almost 32.5% of all fatal crashes. One hundred sixty-eight people died in these crashes.

In Wisconsin, during 2010, alcohol was listed as a contributing factor in 5.2% of all crashes. Forty-one point four percent of all vehicle crash fatalities in 2010 were alcohol-related, resulting in 220 deaths.

In 2010, 48% of persons killed and 25% of persons sustaining incapacitating injuries in Wisconsin crashes were not wearing safety belts. Many of these people were ejected from their vehicle. It has been estimated that safety belt use by motor vehicle occupants in Wisconsin prevents more than 200 traffic related fatalities and more than 8,000 serious injuries annually.

The 2012 grants are for $90,000. Grant funds in the amount of $80,002 will be used for wages and related benefits. Grant funds in the amount of $9,998 will be used to purchase in-squad video cameras with accessories, from Dels using the State of Wisconsin Contract #45ABZ contract pricing.

A local match of 25% ($22,500) is required. The match may be an in-kind (soft) match or a hard match.

Executive Summary

In 2008, Rock County was donated approximately 3.31 acres of land at 9238 North County Road F, in the Indianford area. It is immediately adjacent to the Rock River, above the dam at Indianford.

Over the years, the land has been used for many commercial ventures and contains dilapidated buildings. The previous owners were unable to sell the property and donated the site to the County.

The removal of a small amount of asbestos materials found inside the building has been properly remediated in advance by a licensed contractor.

This resolution authorizes the Public Works Department to do necessary demolition and dispose of debris at the Janesville Landfill.

The resolution also transfers $15,000 to cover the project expenses.

Executive Summary

Amending the 2011 Rock County Human Services Department Budget to Reallocate Funding for Child Care Administration and Operations

The Rock County Human Services Department (HSD) annually receives funding for administration of Child Care Programs through the Wisconsin Department of Children and Families (DCF). In the past HSD was awarded two separate contracts. The first was for the administration of Child Care Programs, which consists of inspecting, licensing, and investigating child care providers and benefit recipients. The second was for Child Care Eligibility, which funds staff time to determine eligibility, the administration of Wisconsin Shares, and child care provider certification.

In 2011 DCF combined the both allocations into one contract. The Human Services Department had still included them as two separate amounts in two cost centers. This resolution amends the 2011 HSD Budget to reallocate funding to combine both contract amounts into the Child Care Administration Budget (36-3610-0000-42100).

No additional county funds are required.

Thank you for your consideration.

Executive Summary for the Purchase of Upgrading the Courts Video Conferencing System

During the past few years the State of Wisconsin Supreme Court’s Planning and Policy Advisory Committee has substantially refined its “standards of good practice” related to the use of video conferencing technology within the state court system. The committee has also set forth guidelines and specific functionality requirements associated with this technology in the justice system in order to encourage greater courtroom use of the technology while ensuring the rights of litigants.

In Rock County the use of video conferencing in the Courts has made better use of taxpayer resources by:

- Reducing travel requirements for all courtroom participants,
- Saving prisoner and patient transportation costs,
- Improving courthouse security, and
- Increasing efficiency of legal proceedings.

In order to remain in compliance with the refined “standards of good practice”, the current video conferencing system in use by the Rock County Courts needs to be upgraded to include ‘split-screen’ technology, better cameras, and improved overall viewership capability. The County’s Information Technology Department, in tandem with the Courts and the County’s primary video conferencing vendor, has identified the components in need of upgrading.

The upgraded components will be located in Courtroom A, Courtroom C, the Jail, and the Juvenile Detention Center. The cost of the system upgrade is $59,410 and it will be purchased from AVI Systems using the pricing and terms of the University of Wisconsin Madison contracts #10-5174 and #10-5658.

Executive Summary for the Purchase of Network Infrastructure Equipment

As a Capital Improvement Program project, this project is focused on improving the County’s network infrastructure for the purpose of delivering faster network speeds and enhancing network security for all County systems and users. After the replacement of the County’s two primary network core routers, County users will notice markedly better system response times, and more refined network security features will be implemented.

The purchase is for 2 Cisco Nexus 5596UP network routers and associated components.

These network infrastructure items will replace equipment that is now over 11 years old and no longer capable of providing the desired level of network throughput, functionality, and security. The replacement routers are projected to have a similar life-span of approximately 10 years.

One replacement router will be located in the HCC Data Center, and the other replacement router will be located in the HCC PBX communications room.

The network infrastructure equipment will cost $99,628.64 and be purchased from Core BTS using the pricing and terms of the State of Wisconsin contract #15-20664-501.

Summary of Stop Loss Renewal
11/9/2011

- Standard Life & Accident Insurance company, place through GlenCairn, is the incumbent reinsurance carrier. Initial renewal presented a 17% ($156,000) increase in fixed costs.

- Through October 2011, Standard Life paid $271,121 in claims for 3 claimants. In total there are 15 claimants with large claims in excess of 50% of the specific deductible ($87,500)

- Willis of Wisconsin, The County of Rock’s insurance consultant, approached a total of 10 reinsurance markets in an attempt to reduce the expected increase in stop loss premium. Four carriers presented competitive rates.

- Berkley and Optum health presented renewal options 5% and 7% below current premium rates. These quotes were contingent upon October claims information.

- Negotiations took place between Optum and Standard Life based upon updated claims. The result of these negotiations was a revised proposal from Standard Life which came inline with Optum health – a 7.3% decrease in stop loss premiums. This is year over year savings of $67,356.

- Based upon the complete due diligence exercise and the negotiations that took place, we recommend the County renew with GlenCairn / Standard Life under the current contract terms ($175,000 Specific Deductible)

- Executive Summary -

The Department of Public Works was approved for replacing the roof on the Department’s administrative office on Newville Road as part of the 2011 budget. The roof is 21 years old and is experiencing leaks. Building insulation is below today’s code requirements for insulation value.

The Department, in conjunction with the county Purchasing Division, solicited bids to remove and replace the roof. Additional insulation will be added before the new roof system is installed. This should make the building more environmentally friendly and reduce heating costs.

Staff is recommending the award of a contract to McDermaid Roofing & Insulating Company of Rockford, Illinois in the amount of $57,166 for the work. They were the lowest responsible bidder on the project. They also have successfully completed a recent project for the Department on the Main Shop & Garage roofs in 2010.

EXECUTIVE SUMMARY

The Rock County Communications Center is directly responsible for the operation and maintenance of the public safety radio communications infrastructure throughout Rock County. Continuous interoperable voice radio communications between public safety agencies of Rock County and the 911 Communications Center are essential to providing the most efficient public safety services to the citizens of Rock County.

In 2008, Rock County and the cities of Janesville and Beloit contracted for a County-wide Interoperable Communications Study for the purposes of future public safety communications planning. To improve countywide public safety interoperability, and also meet the Federal Communications Commission (FCC) mandate for "narrow-band", the Study recommended that Rock County public safety voice communications move to a hybrid VHF-UHF digital trunked voice radio system. Rock County then contracted with a grant-writing vendor in an attempt to secure grant funding for the recommended digital trunked voice radio system. As of this date, no grant sources have been located for digital trunked infrastructure.

As mentioned above, the Federal Communication Commission (FCC) has announced that certain portions of radio frequency spectrum would be required to be "narrow-band" by January 1, 2013. This unfunded mandate applied to all public safety voice radio frequencies used within Rock County. "Narrow-band" is the reduction of radio spectrum that each applicable radio frequency holds a license for. This mandate will result in a loss of radio coverage area for Rock County public safety (especially for portable radio equipment). Additionally, the FCC is expected to announce a further "narrow-band" mandate in the near future. Further "narrow-band" of the existing analog public safety radio frequencies would require a very large increase in the amount of voice radio infrastructure equipment and tower sites, thus making the system very expensive to operate.

Rock County public safety officials thoroughly researched the issue of future public safety voice radio communications. Their recommendation is for Rock County public safety to convert the existing analog voice radio communications system to a digital mode by January 1, 2013. This conversion will increase radio coverage within the County without requiring any additional tower site locations. The conversion will ultimately position Rock County public safety voice radio communications to meet near future expectations.

The County will fund the conversion of the existing public safety voice radio infrastructure, 911 Communications Center radio equipment, and other County departments utilizing voice radio equipment. Each public safety agency will be responsible for their respective analog to digital conversion costs of their field
radio equipment. Although federal funding is not available for "narrow-banding" radio infrastructure reimbursements, an Assistance to Firefighters grant application is pending in an effort to assist Rock County fire/EMS agencies with the cost of their radio field equipment.

A significant amount of the existing public safety radio infrastructure can be modified to operate in digital mode with the purchase of specialized Internet Protocol equipment offered by the vendor RAYTHEON. Other non-specialized equipment can be purchased off of the State of Wisconsin WSCSA contract. The RAYTHEON dealer in our area is General Communications, Inc., of Madison, WI. General Communications has been the Rock County public safety infrastructure maintenance vendor for the last seventeen years.

The Rock County Sheriff's Office and certain other County departments utilizing voice radio communications equipment will need to re-program their existing mobile and portable radios for narrow-band operations or purchase analog/digital capable radio equipment. The funding necessary to re-program or replace the existing Sheriff's Office and other County department's mobile and portable radios was included in the 2011 budget and totals $335,263.

18.611 Harassment.

It is the policy of Rock County that all employees should be able to enjoy a work environment free from all forms of harassment. Employees who engage in harassment not only hurt others, but they also expose themselves and the County to potential legal liability. Consequently, Rock County will not condone or tolerate any conduct in the workplace on the part of its employees (whichever their positions), elected officials, vendors, or members of the public, if that conduct violates the right of someone else to be free from harassment. County employees who violate this policy will be subject to appropriate discipline, up to and including termination. a. The written notice of appeal must contain: (1) a statement explaining the reason for the appeal, (2) a copy of the written grievance filed with the County, (3) the County’s response to the grievance, and (4) a copy of the hearing examiner's decision. The notice of appeal may include a copy of the hearing transcript or exhibits, or both, but may not contain any information that was not admitted into evidence at the hearing.

b. The appeal will be placed on the agenda for a County Board meeting that is held no longer than 60 calendar days after the County Clerk receives a written notice of appeal. The appeal will be noticed for consideration in closed session pursuant to Wis. Stat. Section 19.85(1)(b) pertaining to dismissal, licensing, or suspension of a public employee. The County Clerk will provide a copy of the meeting notice to the employee, and the employee may request that an open session be held.

c. The employee has the right to representation by a person of the employee's choosing and at the employee's request. The employee and the employee's representative may attend the closed session.

d. The employee or the employee's representative for a period no longer than twenty minutes and a representative of the County may address the County Board for an equal period to be determined by the County Board Chair. The appealing party may present a rebuttal, if he/she has reserved any time and not used it.

e. The employee and the employee's representative, and the person speaking on behalf of the County, will be excluded from any closed session during the county board's discussion or deliberation.

f. The County Board’s consideration of the appeal will be limited to a review of the impartial hearing examiner's written decision, the appealing party's reason(s) as to why the decision is wrong, and the response by the other party along with any oral presentations made by the parties.

g. Should the County Board Chair become aware of some relevant piece of information that could have had a significant impact on the decision of the impartial hearing examiner, that neither party was aware of, or could have been expected to be aware of, prior to the impartial hearing examiner's decision, the County Board Chair, with the advice of the Corporation Counsel, may take whatever action he/she deems appropriate so as not to disadvantage either party, and report such action to the County Board.

h. The County Board shall give due deference to the decision and recommendation of the Impartial Hearing Officer and his/her decision shall not be overturned unless the Board finds by a simple majority vote that: (1) the hearing was not conducted fairly, (2) there was fraud or corruption on the part of the hearing examiner, or (3) the hearing examiner made an error in fact or law.

i. In the event the County Board does not sustain the Impartial Hearing Officer's decision, then the Board may render a new decision and remedy, or take other action as appropriate.

j. The County Board Chair shall prepare and sign a written determination reflecting the County Board's decision. The County Board Chair may enlist the assistance of the Corporation Counsel in preparing the determination. A copy of the determination will be provided to the employee within 10 calendar days following the County Board's decision.

Executive Summary

Following an evaluation by the Wisconsin Council on Children & Families of the Rock County Juvenile Detention Center (JDC) numerous improvements have occurred at the JDC. One such improvement is the implementation of a behavioral management program to better supervise and work with youth placed in the facility. In addition to programmatic changes, significant staff training has occurred to better prepare the Youth Specialists to meet the complex needs of the youth placed there. As a result of these strategic innovations in the JDC it is appropriate that the title of the detention facility reflect those changes.

Executive Summary
For
Resolutions
Resolution to Amend Resolution No. 10-4C-013 Advance Land Acquisition Loan
and
Resolution to Amend Resolution No. 10-4C-014 Responsibility and Performance Note

In 2010 the County Board approved entering into the advance Land Acquisition Loan Program to purchase 3 parcels located within the Runway Protection Zone for Runway 32. This program is administered by the Wisconsin Department of Transportation, Bureau of Aeronautics and was setup by the State to loan funds to airport sponsors to acquire land needed for preserving and improving a safe and efficient air transportation system. Simple interest is charged at a rate of 4 percent on the unpaid balance. The land loan functions much like a short-term loan to cover the expenses incurred until the federal funding is available for reimbursement.

The Amendment changes the five-year installment payments of the principal to a balloon payment at the end of the land loan term. It is anticipated that federal funds would be secured prior to the end of the five year land loan period, and that those funds would be used for repayment of the land loan principal. Interest on any outstanding balance will be calculated as of December 31st each year of the land loan agreement and the interest payment will be due each year on the following February 1st. The final year of this five year land loan agreement ends on December 31, 2015. The payment for 2015 will be due on February 1st, 2016 and will consist of any outstanding balance plus interest calculated as of December 31st 2015.

- Executive Summary -

For the past several years, the Highway Division of the Public Works Department has been downsizing its staff through attrition. These have been done mostly in the Patrolworker position. There have also been several employees who have been injured on the job or otherwise become physically unable to work. At least two Patrolworker retirements are anticipated in January of 2012. Vacancies/absences at any one time are at least six employees.

It has been difficult at times to deploy a full complement of plow drivers in winter storms, especially on the two Interstate Highways in the County. The Wisconsin Department of Transportation also expects that service on these two roads should be provided twenty-four hours per day during these storms. Temporary shifting of work hours is regularly done to provide this service. This further reduces the available workforce for snow storms.

One of our Patrolworkers is returning from medical leave, but is restricted from doing Patrolworker duties. This is not anticipated to change for many weeks, surely throughout this winter. This resolution seeks to temporarily fill the gap in covering his duties with a new hire.

EXECUTIVE SUMMARY
AUTHORIZING APPLICATION WITH
FOCUS ON ENERGY FOR GRANT FUNDS

The Department of Public Works' (DPW) office, shop and garage on Newville Road was constructed in 1981. The lighting fixtures and controls were state of the art for that time. By today's standards, they are now very energy inefficient, costly to maintain and offer poor light quality.

The 2011 DPW budget included a project to design and replace many of the lighting fixtures and update the lighting controls in the shop and garage areas. Another phase to do the office area is included in the 2012 budget request of the Department to complete the entire building. As part of the initial design phase, it has been determined that the project work would be eligible for grant funding under the Focus On Energy program. The amount of the reimbursement grant is estimated to be $8,758.

This resolution authorized the Director of Public Works to file the necessary application and provide related documentation for receiving this grant.

Executive Summary

SUPPORTING A WISCONSIN COMMUNITY JUSTICE REINVESTMENT ACT

The State of Wisconsin will spend approximately $1.2 billion this year on about 23,000 inmates sentenced to prison terms. Early 2011, the Milwaukee County District Attorney backed "a new partnership between the state and counties to finance evidence-based community services that reduce reliance upon state correctional facilities" through a proposed Community Justice Reinvestment Act. Under such an approach, judges would have more options in sentencing defendants to local treatment, thereby reducing the prison population and Department of Corrections costs and having counties share equally in savings to the state. The District Attorney proposed that under such an Act, the state would reimburse counties $15,000 for every offender not committed to prison, which costs the state approximately $30,000 per person per year. Such an Act benefits the State by lessening the number of people sent to prison and the costs associated therein, permits counties to have more effective local treatment options and increased public safety, and allows offenders to have a greater opportunity for success in reentering their local communities.

The Criminal Justice Coordinating Council is recommending that Rock County endorse a Wisconsin Community Justice Reinvestment Act and encourage the State Legislature and Governor to enact the legislation and adequately fund initiatives under such an Act.
