Randy Terronez, Assistant to the County Administrator and Dave O'Connell, Human Resources Director gave a verbal report on a new initiative aimed at increasing the diversity of the county's workforce titled The Rock County Diversity Program. Committee member Neil Deupree was also present to provide input. County Board members received a set of materials on their desk including the Diversity Policy, Brochure and list of workgroup members.

Dave O'Connell stated that County Administrator Craig Knutson saw the need for such a program and assigned the program's development to him as the newly appointed Human Resources Director. A workgroup of county staff and community members have been meeting since last fall to provide guidance on the program's development. Additionally, a focus group of employees of color has been assisting the workgroup to further the program objectives.

Highlights of the policy were reviewed and include:
- The Diversity Program is intended to enhance the diversity of the Rock County Workforce and will include outreach to students and community organizations.
- Rock County recognizes that diversity and inclusion are prominent factors that can maximize the success of our workplace.
- The foundation of our diversity philosophy is to clearly articulate to employees and the general public our intention to create a culture that enhances our ability to hire, retain, develop, manage and promote a diverse workforce.
- The term diversity includes race, ethnicity, age, gender, sexual orientation, disability, as well as geographic diversity. It can also include the range and variety of characteristics and beliefs of individuals.
Proceedings of the Rock County Board of Supervisors
July 14, 2011

- The role of the work group is to assist in advocating the value of diversity and continually strives to increase and maintain its diverse workforce. To that end, a Speaker’s Bureau will be established where Rock County employees of color will speak to outside organizations about employment opportunities with Rock County.

A brochure has been developed that will assist in presentations to the public. While the initial efforts are outreach oriented, the policy also recognizes the need to address retention of employees of color.

It was also noted that the diversity plan is not intended to duplicate or replace the efforts of the County’s Affirmative Action Plan, but can enhance and complement the Affirmative Action Plan’s effectiveness.

The presenters responded to County Board members questions and comments.

Neil Deupree thanked the County Administrator as well as Dave and Randy for their leadership and support in the process to get this plan, not only drafted, but also implemented. The commitment of the County Administration to seek a plan that reflects the diverse nature of our community and further seeking to recruit, hire and maintain a diverse workforce is admirable.
