Executive Summary

Carryover of 2017 Budget Appropriations to 2018

This resolution amends the 2018 Board of Health budget to utilize 2017 funds to complete goods and/or service purchases in 2018.

Capital Assets

Funds will be used for replacement of office chairs which are no longer functional and/or safe. Funds are available from insurance claim proceeds.

Telephone

Funds will be used for purchase of smart phones and texting plans for field staff. Many staff cell phones are due for upgrade. Communication with customers is becoming more common via text. It is more cost effective to purchase smart phones and texting plans than to pay on a per text basis. Funds are available from insurance claim proceeds.

Software

Funds will be used to purchase statistical analysis computer software. The software will enhance capabilities for utilizing data and thereby making data-informed decisions for interventions which will improve the health of Rock County residents. Funds are available from insurance claim proceeds.

Printing

Funds will be used for printing of revised Public Health Information booklets and other outreach materials. The Department delayed printing of outreach materials in anticipation of new color printing services available through County Printing. Funds are available from the 2017 Budget for this purpose.

Executive Summary

Contracting for Rock County Health Care Center
Security System Upgrade and Amend 2018 Facilities Management Capital Budget

The resolution before you awards a contract with Gilbank Construction Inc. for the upgrade of the Health Care Center Security System in the amount of $105,000. This consists of security badge access on all exterior doors. Funds were budgeted and the bid came in over budget by $62,000 which includes a $10,000 contingency fund.

When we budgeted for this project, SGTS our security contractor provided a proposal and budget number for the project, with the intentions of doing the work under the courthouse security contract. They estimated $44,000 to provide and install the system. I had an extra $9,000 carry over funds from a 2016 project that came in under budget, I put towards it so my budget was $53,000.

Corporation Counsel felt it would not be following the State Statutes doing this work under the Courthouse Security contract and should be bid out. It cost $8,000 for engineering services to write the specifications. I applied $8,000 carry over funds from 2017 to cover this engineering cost. We had one bid that came in from Gilbank Construction for $105,000. I added $10,000 for a contingency.

This is a good example of how design build option could have been in the County’s best interest. The State Statute requirements do not allow me to use design build for building projects, leaving no other option but to bid it out. This project cost the County an additional 2-months for the bidding process and $70,000 more.

We are therefore amending the 2018 Facilities Management budget by applying prior year’s sales tax.

During adoption of the 2018 Budget, the County Board directed that the County Administrator bring back options for contracting with agencies that did not receive funding in the adopted budget due to the attorney general’s opinion regarding the County’s lack of authority to provide contributions to certain nonprofits.

United Way Blackhawk Region
United Way’s 2-1-1 service provides referrals to a variety of resources based on the needs of those who call. Between 2013 and 2017, 3,956 of the 26,795 referrals made from 2-1-1, or 14.8%, were to services provided by Rock County. These were mostly for Human Services Department programs. The County receives the most referrals from 2-1-1 of any single organization.

The total cost to United Way to provide 2-1-1 services is $25,000. Applying the County’s percentage of referrals (14.8%) to this amount, the County’s share of the cost of 2-1-1 could be considered to be $3,700.

Under a new approach, Rock County would contract with United Way to make referrals to County services, through the 2-1-1 program, based on the percentage of the County’s share of total referrals. This figure would be updated annually and for 2018 would be $3,700.

AUTHORIZING A CONTRACT WITH HEALTHNET AND AMENDING
THE 2018 COUNTY BUDGET

WHEREAS, due to an opinion of the Attorney General, Rock County did not include a contribution for HealthNet in its 2018 budget; and

Executive Summary

During adoption of the 2018 Budget, the County Board directed that the County Administrator bring back options for contracting with agencies that did not receive funding in the adopted budget due to the attorney general’s opinion regarding the County’s lack of authority to provide contributions to certain nonprofits.

Due to HealthNet’s status as a free community clinic, there are barriers to establishing a fee-for-service arrangement in which the County would purchase services from HealthNet on a per-unit basis. Despite this, HealthNet is able to identify specific ways in which it could provide services to County clients under a new contractual arrangement.

Under this approach, beginning in 2018 HealthNet would receive $57,000 from Rock County and provide the following services:

- **Dental services for inmates incarcerated in the Rock County jail**—The County has an obligation to provide care to inmates, and HealthNet would set aside dedicated time slots to provide dental services to about five inmates per month. HealthNet will provide additional appointments to other inmates based on availability. Services would include x-rays, fillings, extractions, and limited root canals. These services would be intended to limit more costly emergency situations that may develop if preventive care is not provided.

- **Medication for inmates during community re-entry**—Currently, inmates with medical conditions released from the jail receive three days’ worth of prescriptions from the jail’s contracted medical provider. HealthNet would work with the County to provide up to a month’s worth of medications (that are not controlled substances) to give the individual more time to stabilize in the community upon release.

- **Medical and dental services for uninsured County clients**—HealthNet would prioritize appointments for uninsured County clients, including those leaving the County’s crisis stabilization facility (Harper’s Place) or the jail. Without this prioritization it could take up to three months to get a medical appointment at HealthNet. Services would include basic primary care, chronic disease maintenance, medications, vision services, and limited specialty visits.

- **Behavioral health services**—Through its arrangement with Compass Behavioral Health, HealthNet can provide access to behavioral health services to County clients (who would not otherwise receive such services through the Human Services Department) if these individuals were first established as patients of HealthNet. HealthNet would determine when this was appropriate.

At this point in time, we do not know the number of County clients who could be served through this arrangement. HealthNet would track the number of individuals served on an ongoing basis so those figures could be included in future reporting to the County.

ADMINISTRATIVE NOTE:

Rock County’s 2018 budget reduced the amount of state funding in the Council on Aging budget for RSVP by $11,335. Of this amount, $5,985 was dedicated to the Seniors Volunteering for Seniors (SVS) program, which includes transportation services for seniors. United Way provided $20,849 less to RSVP in 2018 than had been provided in 2017. Of this amount, $11,022 was dedicated to the SVS program. Combined, a total of $17,007 less is being provided to RSVP for the SVS program in 2018 than in 2017.

If the County Board chooses to provide this additional $20,000 in funding for the SVS program, Rock County would be providing $44,803 for SVS, or 50.6% of RSVP’s total SVS budget. Included in Rock County’s 2018 budget is a total of $50,897 for RSVP through the Community Agency Initiatives budget, which includes funding both for SVS and other programs. With this additional $20,000, the $70,897 would represent 28.7% of RSVP’s total budget.

Netsmart Avatar Licenses Purchase Summary

The Rock County Human Services Department (HSD) procured a new Electronic Health Record (EHR) solution, Avatar, provided by Netsmart Technologies in June 2012. This solution was selected after an extensive internal review and RFP process to replace the department's obsolete legacy system, MedSys.

Due to the additions of the Childrens Long Term Support and Comprehensive Community Services programs in the Human Services department, there has been an increase in the number of licenses required by staff that use the Avatar software. Human Services staff are regularly reaching the license number limit of this system, which results in denials of service for additional logons until license resources are freed from the active pool.

The purchase of an additional 10 Avatar concurrent use license would meet the needs of current staff and allow all HSD staff members who need to use the system to do their jobs. The quote for the licenses and license support is attached to this summary.

In 2014 a decision was made to align the Salary for the Clerk of Courts, 2015 through 2018 term, with the County Clerk, Register of Deeds, and the Treasurer. A decision was made at the County Board Staff meeting to continue with this alignment and since 2015 the salary for all four elected officials has been the same.

In keeping with this established parameter, the annual salary for 2019 and 2020 is at a 1.5% increase from prior years to match the already established salary of the County Clerk, Register of Deeds, and the Treasurer. For 2021 and 2022 the percent increase is 2%.

Executive Summary

Rock County recently completed a recruitment for the Nursing Home Administrator and was unsuccessful in finding a highly qualified, experienced candidate. The applicant pool was small even though we sent direct mail active recruitment notifications to all licensed nursing home administrators in Wisconsin, and advertised through numerous social media and recruitment sites.

With a similar timeline, Walworth County was also recruiting for a nursing home administrator, and the initial indications are that they may have had a more successful outcome than Rock County. In comparing the two recruitments we discovered that the salary range Walworth County advertised was $108,012 to $139,903, compared to the Rock County 2018 range of $90,180.72 to $109,640.88.

Rock County also consulted with Pathway Health in regards to our Nursing Home Administrator recruitment and was advised the salary range appeared low given the highly competitive labor market.

Human Resources conducted a salary analysis with comparable counties and found that the Rock County maximum of $109,640.88 was at an 89% comparability ratio when compared to the other Counties. The average maximum was found to be $123,610.54.

As a result of the salary comparison it is recommended to reallocate the position of Nursing Home Administrator from the current placement in range 35 to range 39. The new range for the position would be $102,437.28 to $124,528.32. This change does create some salary compression concerns that can be reviewed during the 2019 budget process.
