County Administrator
Executive Summary

Amending the Sheriff's 2013 Budget to Use
Wisconsin Department of Justice Funds for Training on
Internet Crimes Against Children

In September 1998, the U.S. Department of Justice began a national Internet Crimes Against Children (ICAC) Task Force program to counter the emerging threat of offenders using the Internet or other online technology to sexually exploit children. Wisconsin's ICAC Task Force is administered through the Wisconsin Department of Justice's Division of Criminal Investigation.

The Sheriff's Office received a $1,500 check, in late 2012, from the Wisconsin Department of Justice. The accompanying letter from Attorney General J.B. Van Hollen instructed that the funds were to be used exclusively for ICAC training to further enhance the task force's efforts to protect children.

The funds were held in the balance sheet account, Revenue Collected in Advance, until a training opportunity became available. This resolution amends the Sheriff's 2013 budget to make the funds available for training.
RESOLUTION
ROCK COUNTY BOARD OF SUPERVISORS

Land Conservation Comm. INITIATED BY
Land Conservation Comm. SUBMITTED BY
Thomas Sweeney DRAFTED BY
September 25, 2013 DATE DRAFTED

AMENDING THE 2013 LAND CONSERVATION DEPARTMENT BUDGET TO OFFSET COSTS ASSOCIATED WITH THE CLEAN SWEET PROGRAM

WHEREAS, the Land Conservation Department (LCD) has participated in various components of the Wisconsin Clean Sweep Program (Program), which is set up to allow homeowners, farm owners, businesses and governmental units an affordable option for the disposal of hazardous chemicals no longer accepted at landfills. The LCD has participated in the Program since 2002; and,

WHEREAS, from the beginning, until 2006 the program’s success indicated that Rock County should investigate the opportunity of developing an annual clean sweep collection program. During this time, the County was eligible for grants from the Wisconsin Department of Agriculture Trade and Consumer Protection (DATCP) on an every other year basis; and,

WHEREAS, in 2006, the LCD formed a Clean Sweep Program Workgroup to explore ways to fund an annual Clean Sweep Program; and,

WHEREAS, in 2009, the LCD was allocated funding from the ATC Fund account, per Resolution 09-2B-219, to fund various conservation projects and the Land Conservation Committee allocated a portion of this balance to help fund the Clean Sweep Program and convert it to an annual collection; and,

WHEREAS, the LCD continues to make an annual grant request to the DATCP for Clean Sweep Program funding; and,

WHEREAS, various communities in Rock County continue to make monetary donations to help defray the costs of this program; and,

WHEREAS, the 2013 grant from DATCP included an Agricultural Collection component that was not included in the budget; and,

WHEREAS, the Land Conservation Committee requests a transfer from the ATC Fund account to amend its budget to reflect the costs associated with the final billing for the Household and Agriculture Clean Sweep Program.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this _____ day of ______________, 2013, amends the Land Conservation Department’s budget as follows:

Craig Kempton
County Administrator
EXECUTIVE SUMMARY

Since 2002 the Land Conservation Department has participated in the Wisconsin Clean Sweep Program. This program collects unwanted chemicals which are banned from landfills. This program offers home owners, small businesses, schools and farms an affordable option to dispose of chemicals that can no longer be used. The LCD transformed the program in 2010 from an every other year program to an annual collection with help of the ATC Fund. Funding for this program comes from grants from Wisconsin Department of Agriculture Trade and Consumer Protection, Local Contributions from many of the towns and cities in Rock County, and the County ATC Fund. Also, many communities provide in kind assistance to the program.

In 2013, Rock County was granted two awards, the standard Household Clean Sweep Program and the Agricultural Clean Sweep Program. The Annual program is built from the Household Clean Sweep Grant Program. Both of the Programs were overly popular in 2013, and the LCD set a new record for customers served, 313 households, 9 agriculture, and 5 businesses/schools.

The 2013 budget did not reflect the Agricultural Clean Sweep Program and underestimated the number of household participants, hence the overage of $4,150. The Land Conservation Committee requests that the additional funding be transferred from the ATC Fund Balance.
RESOLUTION NO. 13-10A-417  AGENDA NO. 12.A.3.(1)

RESOLUTION
ROCK COUNTY BOARD OF SUPERVISORS

Kate Flanagan  Rebecca Rudolph
INITIATED BY  DRAFTED BY

Human Services Board  September 17, 2013
SUBMITTED BY  DATE DRAFTED

Creating one Bachelor Level Case Manager Position and one Master Level Social Worker Position and Amending the 2013 Budget

WHEREAS, the Human Services Department requests the creation of one new Bachelor Level Case Manager position and one new Master Level Social Worker position assigned to the AODA Program to provide treatment and case management for Rock County OWI court; and,

WHEREAS, the Department believes there are programmatic, service treatment and fiscal advantages to Rock County by filling these positions; and,

WHEREAS, the cost of these positions and required training will be covered in 2013 with additional Intoxicated Driver Program (IDP) fee revenue and Intoxicated Driver Program Enhancement grant dollars; and,

WHEREAS, in 2014 these positions will continued to be supported with IDP fee and IDP Grant revenue and the addition of new revenue from the Department of Corrections to offset OWI treatment services; and,

WHEREAS, evidenced-based treatment including specialty topics will be provided to these clients who are a high risk to Rock County public safety; and,

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this ___ day of ________, 2013 does hereby approve the creation of 1.0 FTE Bachelor Level Case Manager position and 1.0 FTE Master Level Social Worker position and authorize the Human Services Department to fill those positions; and,

BE IT FURTHER RESOLVED, that the 2013 Budget be amended as follows:

County Administrator
Executive Summary

The Rock County OWI Treatment Court program provides counseling and case management services to up to 25 clients who have received their 3rd OWI, and wish to make positive changes in their life. The Human Services Department requests the addition of two new positions, a 1.0 FTE Bachelor Level Case Manager and a 1.0 FTE Master Level Social Worker, to provide assessment and diagnosis, individual and group counseling, and case management services to clients who are participating in the OWI court program. These positions have previously been contracted out, but the Department believes there are programmatic, service treatment and fiscal advantages to Rock County by filling these positions internally. We would like to commence operation on November 15, 2013. Intoxicated Driver Program (IDP) enhancement grant dollars, and additional IDP fee revenue will be sufficient to cover the last quarter of 2013. Additional fee revenue from the Department of Corrections and IDP Enhancement grant funding have been included in the 2014 budget to offset the cost of these positions.

### NOTES:

- Quote will remain locked and firm through the close of business 10/11/2013.
- Proposal is firm and final, pending acceptance by October 23rd, 2013.

*Please review medical summary plan description to ensure that the annual maximum matches up with the carrier annual maximum. Failing to do so could result in a gap in coverage. Vendors may charge or pass through additional fees as required or related to PPACA. These fees are not represented in the costs above. Please note: an insured contract, e.g. 12/15, could result in a gap in coverage when changing carriers and/or cancelling coverage. This comparison is intended to illustrate the carrier's proposed services and rates and should not be relied upon to fully determine benefits and rates. Refer to carrier's renewal proposal for a complete representation of coverage terms and conditions.*

Authorizing Purchase of Liebert Data Center Air Conditioning Unit

WHEREAS, the Information Technology Department’s Capital Project Account includes budgeted funds for the purchase of a new data center air conditioning unit; and,

WHEREAS, the current data center air conditioning unit is over 27 years old; and,

WHEREAS, the Information Technology Department staff did research and specify the requirements for a new unit and requested bids accordingly in coordination with the County’s Purchasing Division; and,

WHEREAS, the County received two bids from qualified vendors.

NOW, THEREFORE, BE IT RESOLVED by the Rock County Board of Supervisors duly assembled this ______ day of __________, 2013 that a Purchase Order for the specified Liebert data center air conditioning unit be issued to CDW-G in the amount of $36,575.00; and,

BE IT FURTHER RESOLVED that payment be made to the vendor upon approval of the Information Technology Director and the Finance Committee.

Executive Summary

Purchase of a Data Center Air Conditioning Unit

The County’s Capital Improvement Program includes a project for the purchase and installation of a new data center air conditioning unit. This budgeted purchase is funded by the Information Technology Department’s Capital Projects Account. The purpose of the project is to more adequately and economically condition the air in the County’s data center than is possible with the current air conditioning unit, which is over 27 years old.

The Information Technology staff specified the data center air conditioning requirements and accordingly solicited bids for the purchase of a Liebert unit designed for data center air conditioning. Two qualified vendors submitted bids based on the requested specifications for the following:

- A Liebert CRV Air-Cooled Precision Cooling System, Model CR035RA1C7, and
- A Liebert MC Air-Cooled Microchannel High Efficiency Condenser, Model MCM040E1YDA203.

The lowest bid was submitted by CDW-G, and the submitted bid price is $36,575.00.

Separate bids will be requested separately for the associated installation and electrical work.

Executive Summary

Authorizing Award of Rock Haven Security Porch Screens

Screened porches for the new Rock Haven facility was originally included in the bid to the general contractor. Two porches per neighborhood (a total of eight porches) allow residents to be outside in a secure setting while looking out to the exterior of the facility. As a result of the state inspector requiring a second mezzanine stairway and fire egress, the area containing the exterior porch was the least costly to modify allowing for fire egress. Subsequently, it was decided to remove this feature from the general contractor and bid out separately.

Bids were received and the low bid from Rock River Construction of Beloit, WI in the amount of $39,906.00 is recommended.

Additionally, the project scope calls for sidewalks to connect the fire egress from the screened porches to the outside sidewalk area. The current walkways consist of crushed limestone that will need on-going maintenance and not suitable for wheelchair traffic. Quotes have been obtained and a purchase order in the amount of $5,000 is being issued to Powell Construction of Milton, WI.

Funds are available from the Rock Haven project account including a credit the County will be receiving from the general contractor budget.

ROCK COUNTY BOARD OF SUPERVISORS

AWARDING A CONTRACT FOR LIGHTING IMPROVEMENTS- SHOP PHASE 2
DEPARTMENT OF PUBLIC WORKS

WHEREAS, the Department of Public Works (DPW) Buildings on Newville Road were erected in 1981; and,

WHEREAS, the repair shop and garage lighting is very poor and energy inefficient; and,

WHEREAS, DPW staff prepared specifications and the county Purchasing Division solicited bids for replacing the lighting systems in the shop and garage; and,

WHEREAS, the first phase of the replacement and upgrade was completed in 2012 and additional fixtures are needed to reach required lighting levels or to upgrade other shop areas not done previously.

NOW, THEREFORE, BE IT RESOLVED, that the Public Works Department is hereby authorized by the Rock County Board of Supervisors convened this _____ day of __________, 2013 to award the bid for the installation of additional replacement shop and garage lighting at DPW to the lowest responsible bidder, Van Brocklin Electric of Janesville, WI in the amount of $26,890.00; and,

BE IT FURTHER RESOLVED, that payment be made to the vendor upon approval and acceptance by the Director of Public Works and the Public Works Committee.

The County Board is authorized to take this action pursuant to secs. 59.01 and 59.51, Wis. Stats. In addition, sec. 59.52(29), Wis. Stats. requires the project to be let to the lowest responsible bidder.

Jeffrey S. Kuglitch
Corporation Counsel
- Executive Summary -

The Department of Public Works (DPW) Main Complex on Newville Road in Janesville was built in 1981. The lighting throughout the building was designed and installed to standards in effect at that time. The light fixtures in the truck/equipment repair shop and garage areas are very energy inefficient and give off a brightness and color of light that is very poor for the work being done there.

The Department, in conjunction with the county Purchasing Division, solicited bids for a first phase project to replace the lights in the repair shop and garage areas in 2012. The lighting installed then must still be supplemented with either brighter or additional fixtures. Other areas not relit in 2012 are also being upgraded at this time.

Staff is recommending the award of a contract to Van Brocklin Electric of Janesville, WI in the amount of $26,890 for the project. They were the lowest responsible bidder on the project.

The Public Works Committee will also have to reallocate the funding for this shop project from a project to upgrade the lighting in the DPW office area which is approved in the current 2013 budget.

Respectfully submitted,

ROCK COUNTY BOARD OF SUPERVISORS

WHEREAS, the Wisconsin Department of Transportation (WisDOT) is in the process of designing an Alternate Route for Interstate Highway 39/90 (IH-39/90) between Illinois Route 75 and CTH S (Shopper Road) in the City of Beloit and the Town of Turtle; and,

WHEREAS, WisDOT has approached Rock County to collaborate with the State, City of Beloit and Town of Turtle to update and improve CTH S between Hart Road and IH 39/90 and also portions of Gateway Boulevard in the City of Beloit and Town of Turtle, including the intersection at Hart Road, as an IH 39/90 Alternate Route; and,

WHEREAS, said collaboration with WisDOT includes one-hundred percent WisDOT financial participation for design, right-of-way acquisition and limited construction on CTH S at the intersection.

NOW, THEREFORE, BE IT RESOLVED, that the Public Works Department is hereby authorized by the Rock County Board of Supervisors convened this day of , 2013 to enter into a Memorandum of Agreement with the State of Wisconsin, the City of Beloit and the Town of Turtle to design, acquire right-of-way and build the CTH S/Hart Road and Gateway Boulevard Project.

Jeffrey S. Kuglitsch
Corporation Counsel

ADMINISTRATIVE NOTE:
Recommended.

Craig Knutsen
County Administrator
The Wisconsin Department of Transportation (WisDOT) is designing the widening of Interstate Highway 39/90 (IH-39/90) through Rock County. WisDOT has identified a portion of CTH S between Hart Road and Interstate Highway 39/90 (IH 39/90) as a potential alternate route for IH-39/90 between Illinois 75 and Rock County CTH S. While there is no plan to regularly detour IH-39/90 traffic onto CTH S during construction on the interstate, there may be times when an alternate route may be needed.

WisDOT has approached Rock County to collaborate with it and the City of Beloit and the Town of Turtle to upgrade a portion of CTH S and to fund the design, right-of-way acquisition and construction of the CTH S/Hart Road Intersection and select portions of Gateway Boulevard. In exchange after completion, the route on Gateway Boulevard, Hart Road and CTH S will be officially designated an IH-39/90 Alternate Route.

To effect these projects, it is proposed that the State, County, City of Beloit and Town of Turtle enter into a Memorandum of Agreement. This document outlines the terms of the partnership and financial participation for the CTH S/Hart Road and Gateway Boulevard Project.

CTH S was reconstructed in 2008 to Class “A” Load Standards. No improvements to the majority of CTH S are anticipated in connection with this agreement, except at the Hart Road Intersection, which will be realigned to improve vision and safety. No new County funding is needed for this project.

To Support Child Death Review Legislation

WHEREAS, many Wisconsin children die each year from preventable deaths; and

WHEREAS, Wisconsin is one of seven states without comprehensive child death review legislation; and

WHEREAS, for every one child that dies, significantly more are treated in emergency rooms and hospitalized for serious injuries; and

WHEREAS, local child death review teams provide the opportunity to review the circumstances and risk factors surrounding the death of a child, to identify trends and assist in prevention strategies to decrease the chances of further deaths or serious injuries; and

WHEREAS, local child death review teams allow each county to review deaths in a timely manner through an established system involving local agencies and community members who are familiar with the circumstances surrounding the death; and

WHEREAS, Wisconsin has 49 teams, covering 51 counties; and

WHEREAS, Rock County Health Department has a child death review team that would benefit from comprehensive legislation; and

WHEREAS, enabling legislation will affirm the existing child death review practices, ensure the sharing of relevant information, and provide for formal recognition of each local death review team.

NOW, THEREFORE BE IT RESOLVED, that the Rock County Board of Supervisors duly assembled on this __________ day of ______________, 2013 does hereby support introduction of legislation to the Wisconsin State Legislature.

Respectfully submitted,

Resolution to Support Child Death Review Legislation

EXECUTIVE SUMMARY

The Children’s Health Alliance of Wisconsin, the Injury Research Center at the Medical College of Wisconsin, and the Wisconsin Department of Health Services are working to introduce and pass child death review legislation in the upcoming legislative sessions.

The purpose for this legislation is to establish a recognized child death review program for the entire state of Wisconsin that promotes prevention, and resolves barriers confronting local Child Death Review teams.

Child Death Review teams serve to review the circumstances surrounding the death of children 18 years of age and younger. With an understanding of how and why children die, prevention strategies can be implemented to prevent future childhood deaths.

Rock County is one of 49 counties that has a Child Death Review team. This legislation would strengthen the existing team and assist the team with acquiring additional information it cannot currently obtain. Additionally, this legislation confirms that information from Child Death Review meetings is not subject to subpoena or discovery, and creates a penalty for confidentiality breeches by any team member.

SUPPORT OF CLEAN ENERGY CHOICE FOR WISCONSIN

WHEREAS, Rock County has pursued the goal of becoming more sustainable in its planning, operations, management, and policymaking by implementing numerous projects, initiatives, and policies that save energy, reduce waste and conserve natural resources while supporting a healthy economy; and,

WHEREAS, such recent County initiatives include using a geothermal heating system at the new Rock Haven facility which will save the County $147,000 per year and pay back the cost of the system within 6 years; and,

WHEREAS, Clean Energy Choice will expand market opportunities for Rock County and Wisconsin companies and their employees who are part of the state’s vast renewable energy supply chain by integrating locally available renewable energy into our economy and by engaging local manufacturers, distributors, farmers, builders, entrepreneurs, and related professional workers; and,

WHEREAS, Rock County urges the State of Wisconsin to adopt a policy expressly allowing customers to enter into contracts with third parties who install, own, and operate a renewable energy system at the customer’s premises by supporting Clean Energy Choice, which will help households and businesses overcome the diminishing supply of renewable energy incentive dollars available from Wisconsin’s Focus on Energy program and utilities at no extra cost to ratepayers and taxpayers; and,

WHEREAS, current ambiguities in state law make it difficult for customers to access directly clean renewable energy produced on their premises from systems owned by third parties, and more than 20 states have adopted policies expressly authorizing these types of arrangements with third parties; and,

WHEREAS, the businesses, residents, schools and local governments in Rock County desire to exercise responsibility over their long-term energy choices and integrate clean energy into their daily lives.

NOW, THEREFORE, BE IT RESOLVED by the Rock County Board of Supervisors in session this ______ day of __________, 2013, that the Rock County Board joins the other Wisconsin citizens, businesses, and local governments to endorse Clean Energy Choice as a policy for Wisconsin residents.

BE IT FURTHER RESOLVED, that the Rock County Board of Supervisors directs the County Clerk to send a copy of this resolution to the County’s state legislative delegation.

Support of Clean Energy Choice for Wisconsin res
Wisconsin Needs to Approve Clean Energy Choice

The current ambiguities in Wisconsin public utility law interfere with customers’ ability to access clean energy produced on their premises. In states where leased solar for electricity is specifically allowed, such as Arizona and Colorado, such arrangements have accounted for up to 90 percent of new installations, according to the Solar Energy Industries Association. Such arrangements allow people who don’t have several thousand dollars on hand for up-front equipment purchase to have an accessible free market choice about how they obtain electricity. If they want a solar PV system, they can host one without being legally required to spend thousands initially.

But here in Wisconsin, we have a problem. A big utility took legal action in the neighboring state of Iowa to stop Dubuque from buying solar power directly from a company that would own and manage panels on city buildings. And the risk of protracted, expensive legal challenges from utilities so far has deterred third-party solar companies from trying to do business in Wisconsin.

The effect of this ambiguity in Wisconsin is to restrict property rights and citizens’ freedom of choice. What is needed is a policy that clarifies one’s right to purchase renewable energy produced by equipment located on their premises. To achieve this objective, we are working on a grassroots effort, which we call Clean Energy Choice, to embed in state law a citizen’s right to access clean energy produced on his or her premises.

- The **Clean Energy Choice** policy would affirm customers’ right to decide how they wish to purchase, lease, or implement a renewable energy system for their site.
- Because **Clean Energy Choice** allows third parties to provide the needed up-front capital with a leasing arrangement, this policy will greatly expand the number of energy users who can afford to host solar, wind, or biogas systems serving their homes or businesses. This provides a free choice alternative to the monopoly service that big electric utilities presently provide.
- **Clean Energy Choice** would help households and businesses overcome the diminishing supply of renewable energy incentive dollars available from Wisconsin’s Focus on Energy program and utilities at no extra cost to rate payers and taxpayers.
- In contrast to standard utility electric service, obtaining directly from a renewable energy system can enable households and businesses to lock in predetermined prices for 10 years or longer. The price of energy from a third-party owed renewable energy system does not increase or decrease as a result of short-term fluctuations in the cost of conventional fossil fuels. This provides a free market choice.
- Electricity from a third party-owned system usually flows to the customer directly, offsetting consumption, or it is sold to the utility under an approved tariff. The rate impact from such installations would be negligible.
- **Clean Energy Choice** will greatly expand market opportunities for Wisconsin companies and their employees who are part of the state’s renewable energy supply chain. For example, there are an estimated 135 companies in Wisconsin participating in the solar market, including Helios, Ingeteam, and Caleffi, three Milwaukee-based manufacturers.

This resolution encourages the state legislature to adopt a Clean Energy Choice program for Wisconsin.

Recognizing National Family Caregivers Month
November 2013

1. WHEREAS, November 2013 has been designated as “NATIONAL FAMILY CAREGIVERS’ MONTH” we join with the nation in recognizing and celebrating the devotion, commitment, and hard work of all family caregivers in Rock County. Family caregivers are present in all Rock County rural and urban areas and represent every ethnic, social and economic backgrounds; and,

2. WHEREAS, according to the Institute for Health and Aging family caregivers are identified as the immediate family; relatives by blood, marriage, or adoption; partners; or close friends who directly provide care, manage the care of, and/or assume financial support of people who need medical and non-medical assistance, emotional support, and advocacy because they are ill, disabled, or aged and frail; and,

3. WHEREAS, “National Family Caregivers Month” is a time to reflect on the compassion and dedication that family caregivers embody every day; frequently compromising their own routines, goals, emotions and personal preferred activities; we express our appreciation and admiration for their difficult work. Let us also extend our own offer of support to them and their loved ones; and,

4. WHEREAS, the Council on Aging and the Rock County Caregiver Resource Network’s mission is to provide awareness, education, support, advocacy and resources to facilitate partnerships for caregivers. These organizations and agencies continue to develop and implement strategies to provide caregiver education and training, reduce barriers and improve linkages to resources and services through collaboration for all family caregivers and community members in Rock County; and,

5. WHEREAS, quoting Rosalynn Carter, “there are four kinds of people in the world: those who have been caregivers, those who are currently caregivers, those who will be caregivers and those who will need caregiving.” Caregiving touches everyone in some way; and,

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this ______ day of ________, 2013 honors the caregivers living and working in Rock County during the month of November 2013.

Executive Summary
Recognizing National Family Caregivers Month, 2013

Many people don't think of themselves as caregivers. Across America, Wisconsin and Rock County, daughters and sons balance the work of caring for aging parents with the demands of their careers and raising their own children. Spouses and partners become caregivers to loved ones with issues of aging, disability or mental illness even as they navigate their own health challenges. Mothers and fathers resume care for children returning home as wounded warriors. Friends and relatives form networks to support loved ones with disabilities. All of them give selflessly to bring comfort and stability to those they love.

Many family caregivers go unnoticed and unrecognized for their work in caring for a loved one, whether it is a parent, spouse, child or neighbor. In Wisconsin, it is estimated there are 549,279 caregivers who give 588 million hours of service. In the market place, the value of these services provided for “free” is estimated to be $5,836 million.

Nationally, more than 65 million people, 29% of the U.S. population, provide care for a chronically ill, disabled or aged family member or friend during any given year and spend an average of 20 hours per week providing care for their loved one.

The Rock County Council on Aging’s National Family Caregiver Support Program and the Rock County Caregiver Alliance’s mission is “Dedicated to providing awareness, education, support, advocacy and resources to facilitate community partnerships for caregivers.”

The month of November 2013 has been designated as National Family Caregivers Month to honor the many individuals who give of themselves as caregivers.

- EXECUTIVE SUMMARY -

APPROVE RELOCATION ORDER FOR CTH G AND TOWNLINE ROAD INTERSECTION RECONSTRUCTION PROJECT

The project design for the reconstruction of CTH G between Philhower Road and Sunny Lane is nearly complete. To carry out the project, the County must acquire certain interests in land to reconstruct the road, install storm drainage pipes, grade ditches and otherwise complete the project. It is required by Statute that the County Board pass a Relocation Order as the first legal step in the process.

This resolution adopts the Relocation Order and delegates responsibility for implementation to the Public Works Committee and Director of Public Works.
