Amending the 2013 Human Services Department Budget to Accept Funding for Juvenile Early Intervention Services

Executive Summary

The Wisconsin Department of Corrections (DOC) has awarded the Department $34,390 in juvenile justice early intervention funds for early intervention services for juveniles at risk of juvenile justice system involvement.

The Human Services Department first implemented a Juvenile Diversion School Resource Program in 2010 to target the reduction of school-based arrests, suspensions and expulsions. The Department partners with both the Beloit and Janesville School Districts and employs a Juvenile Diversion Specialist in the middle schools to work with at-risk youth.

This new funding will be directed, as approved by DOC, to both the Boys and Girls Club of Janesville and the Stateline Boys and Girls Club to build on this program by providing after school pro-social activities to youth in the School Resource Diversion Programs. After school programming for these at-risk youth is critical to keeping them from entering the juvenile justice system.

Executive Summary

Accepting the Automatic License Plate Recognition Bid and Approving the Memorandum of Understanding

Resolution 12-8A-084 authorized $18,780 for the purchase of an Automatic License Plate Recognition (ALPR) system.

The Rock County Sheriff’s Office would like to purchase their first ALPR system for their patrol division. The ALPR will allow deputies to use a camera to electronically read, record and store vehicle license plates, as they patrol in their squads. The system uses infrared lighting to allow the camera to take a license plate picture at any time of day.

By contracting with 3M/PIPS Technology, we will be on the same regional system as Greenfield Police Department, thus allowing both agencies to share each other’s recorded license plate data.

The low bidder for the equipment was 3M/PIPS Technology, with a bid of $20,115.

Equitably shared funds in the amount of $1,335 are available to complete the project.

FISCAL NOTE:

Resolution 10-4C-014, adopted April 22, 2010, authorized the County to enter into a land loan for the purchase of three parcels of land contiguous to the airport. This resolution amends the original resolution by increasing the total land loan amount by $200,000 to $1,400,000. This increases the County share of the loan by $40,000 to $280,000. There are sufficient funds in the Airport Capital Improvement account, A/C 41-4453-4454-67200, for payment of the increased County share. This resolution also extends the date for the repayment of the loan from 2015 to 2018. The County will be responsible for the 4% annual interest cost until the loan is repaid.

Amendment #2 to Land Loan #1
Resolution to Amend Resolution No. 10-4C-013
Advance Land Acquisition Loan Originally Dated April 22, 2010, Reconstituted Loan Agreement
Dated February 14, 2013

In 2010 the County Board approved entering into the Advance Land Acquisition Loan Program to purchase 3 parcels of land located within the Runway 32 Protection Zone. This program is administered by the Wisconsin Department of Transportation, Bureau of Aeronautics and was set up by the State to loan funds to airport sponsors to acquire land needed for preserving and improving a safe and efficient air transportation system. Simple interest is charged at a rate of 4 percent on the unpaid balance. The land loan functions much like a short-term loan to cover the expenses incurred until the federal funding is available for reimbursement.

The Bureau of Aeronautics has acquired parcels 40 and 41. Both were appraised higher than originally anticipated. Parcel 39 has also been appraised higher than originally anticipated, has a bill board sign that need to be removed, and must include relocation costs to the property owner. The Bureau estimates that the amendment will cover those expenses.

The Resolutions before you increase the advance Land Acquisition Loan from $1,200,000 to $1,400,000 and increased the County’s share from $240,000 to $280,000. There is adequate funds available in the airports capital improvement account to cover the additional cost.

Although the Land Loan Resolution indicates a five-year pay back, when federal funding is secured, those funds will be used for repayment of the land loan. At this time federal reimbursement is 90%, state is 5%, and the sponsors share will be 5%.

Ronald D. Burdick
Airport Director
