EXECUTIVE SUMMARY

The Sheriff’s Office has the primary responsibility of providing law enforcement services to the University of Wisconsin Rock County Campus. The State of Wisconsin Department of Administration, under the Payment for Municipal Services Program, provides reimbursement for law enforcement services. Policing of the U-Rock campus was included in the line item Officer Fees, in the 2010 budget, in the amount of $42,577. The actual reimbursement in 2010 was $58,494. The reimbursement was better than budget by $15,917.

The Sheriff’s Office requests to amend the 2010 budget to use $15,917 toward the purchase of mobile video recorders (MVRs) for our patrol squads.

The Sheriff’s Office’s goal is to eventually equip seventeen patrol squads with MVRs. This technology is capable of producing both video and audio records.

The use of an MVR system provides persuasive, documentary evidence and helps defend against civil litigation and allegations of officer misconduct. The Sheriff’s Office will accomplish the following objectives with the purchase of MVRs:

1. Enhance officer safety
2. Accurately capture statements and events during the course of an incident
3. Enhance the officer’s ability to document and review statements and actions for both internal reporting requirements and for courtroom preparation / presentation
4. Provide an impartial measurement for self-critique and field evaluation during recruitment and new officer training
5. Capture visual and audio information for use in current and future investigations

The Sheriff’s Office has $27,000 available from various grants to fund a portion of the purchase of MVRs. The cost of equipping one squad is approximately $4,000. Currently the Sheriff’s Office is working with a vendor to purchase eight MVRs in the near future. The Sheriff’s Office plans to have the MVRs on-line by mid-summer.

- EXECUTIVE SUMMARY -

In conjunction with the Highway 26 Bypass Project, the State Department of Transportation (DOT) is planning to construct a paved 40-mile bike/pedestrian pathway in the highway right-of-way from Janesville to north of Watertown. The DOT is requesting cooperation with other jurisdictions and entities for maintenance of the pathway after construction of the path. Various groups who are collaborating on this project include the Cities of Janesville and Milton; Jefferson, Dodge and Rock Counties; and the Wisconsin DOT and DNR.

Rock County has been asked to accept the pathway section from Storrs Lake Road north to County Line Road. This segment is approximately 5 miles long. The State plans to purchase the right-of-way and fund construction at no initial cost to Rock County. If total project costs come in over budgeted amounts, the State will work with Rock County to modify the pathway project to fit within budget parameters.

After construction is complete, Rock County would assume pathway maintenance for a 20-year time frame. Maintenance expectation of the State is mainly mowing and litter clean up. The estimated cost is $400.00 per mile per year initially, and up to $700.00 per year long-term as the pathway ages and anticipated crack filling and other maintenance needs arise.

The State is requesting Rock County to enter into two separate agreements, the first being for constructing the highway improvement project and the second being a maintenance agreement for the pathway section from Storrs Lake Road extending north to the Rock County Line.

Support of this project will allow the County a recreational and alternative transportation opportunity that we could not afford on our own. It also allows for connectivity of alternate transportation between communities by providing 40 miles of off road travel from Janesville to Watertown. It also allows us to cooperate with other jurisdictions and entities in offering a significant asset that will enable us to promote the regional trail as a tourism opportunity and attraction by 2014.

EXECUTIVE SUMMARY

The Wisconsin Office of Justice Assistance (OJA) announced that they were opening the Homeland Security Law Enforcement Command Radio Grant to local and county law enforcement agencies. These funds will be used to provide local and county law enforcement agencies with trunking-enabled public safety radios. Trunking-enabled radios will allow agencies to operate on the Wisconsin Interoperable System for Communications (WISCOM). One-time grant awards will provide eligible agencies with up to $3,400 to purchase a single remote-mount radio kit.

There is no dollar match required for this OJA grant. The Rock County Sheriff’s Office plans to apply for the WISCOM equipment to be installed in the mobile command trailer.

Executive Summary
Authorizing Submission of
COPS Hiring Program
Grant Application

The Sheriff's Office is requesting authorization to apply for the COPS Hiring Program grant. We are requesting three additional officer positions under this program. The positions will be in the patrol division.

The COPS Hiring Program (CHP) is a competitive grant program that provides funding directly to law enforcement agencies having primary law enforcement authority to create and preserve jobs and to increase their community policing capacity and crime-prevention efforts.

- Grant funding will be available for the hiring and rehiring of additional career law enforcement officers.

- There is no local match requirement for CHP, but grant funding will be based on current entry-level salary and benefits packages, and therefore any additional costs for higher salaries or benefits for particular individuals hired will be the responsibility of the grantee agency.

- CHP grants will provide 100 percent funding for approved entry-level salaries and benefits for three years (36 months) for newly hired, full-time sworn officer positions (including filling existing unfunded vacancies) or for rehired officers who have been laid off.

- At the conclusion of federal funding, grantees must retain all sworn officer positions awarded under the CHRP grant for one full budget cycle. The retained CHRP-funded position(s) should be added to the grantees law enforcement budget with state and/or local funds, over and above the number of locally funded positions that would have existed in the absence of the grant.

Executive Summary

Since 1985, America has celebrated July as the nation’s official Park and Recreation Month. Each July, National Park and Recreation Association (NRPA) encourages Parks and Recreation Agencies across the country to kick-off summer programs, promote outdoor recreation, natural resource areas and open spaces, and pull together volunteers to make their outdoor spaces a thriving center of community activity.

This year’s theme is “Celebrate, Advocate, Recreate!” NRPA is encouraging members, agencies, and citizens to plan events and initiatives that remind local decision makers and the community of the exciting and vital role that parks and recreation play in the lives of Americans.

Celebrate the field. Advocate for more support. Get out there and recreate!
