Executive Summary

Authorizing Funding to Pay for Sandbags and Portable Latrines

The Emergency Management division of the Sheriff’s Office has the responsibility of coordinating major emergency and disaster response and recovery efforts in support of county and local government. The Emergency Management division is also responsible for improving public safety and minimizing the loss of lives and property through planning efforts leading up to and following major emergencies or disasters.

In April 2013 there was significant flooding in Rock County. The flooding affected several residences and businesses along the Rock River in Rock County as flood stages reached major flooding levels following significant precipitation and winter thawing. Several Rock County roadways were forced closed due to high waters and some citizens were forced to evacuate.

The Emergency Management division did not budget for a flood event in 2013 because this type of event is not normal or predictable. Two hundred and five thousand sandbags were purchased to help protect the property of Rock County citizens. Five large scale sandbag sites were setup. Portable latrines were placed at the largest site, which accommodated the largest number of impacted properties.

The Sheriff’s Office requests that the 2013 Emergency Management budget be amended to transfer $35,450 from the General Fund to the Sundry account to cover the cost of the sandbags and latrines.

Accepting Additional Income Maintenance Allocation and Amending the 2013 Budget to Hire, Equip and Train New Staff in Anticipation of Increased Caseloads with the Advent of the Affordable Care Act

WHEREAS the federal Affordable Care Act (ACA) will expand health insurance coverage to Wisconsin residents through a Health Insurance Marketplace, or Exchange, or steer those with incomes below a designated federal poverty measure to the Medicaid program; and,

WHEREAS, actuaries working with the State estimate that the Rock County Economic Support Division and its Southern IM Consortium partners could see 17,900 Exchange inquiries, 11,100 new Medicaid applications and renewals, corresponding increases in Food Share applications as well as a multitude of moves between the Exchange and Medicaid over the next two year period; and

WHEREAS, the State is nearing the end of budget process and it appears that approximately $897,723 of additional ACA related Income Maintenance Allocation and federal matching funds are directed towards the Southern Consortium for 2013 to hire, train and equip additional staff, of which $399,499 would be targeted to Rock County; and,

WHEREAS, Rock County serves as the fiscal agent for the Southern Consortium such that the entire Southern IM Consortium amount is appropriated and proportionally allocated to the member counties based on their caseload size; and,

WHEREAS, the current staffing levels in Southern Consortium will be insufficient to assist residents to access the Exchange and the Medicaid Program; and,

WHEREAS, The Economic Support Division requests up to twelve full-time Economic Support Specialist (project) positions, three Job Center Support Specialist (project) positions to provide customer assistance, one full-time Economic Support Supervisor (project) position and one full-time Economic Support Supervisor position; and,

WHEREAS, given the uncertainty of state and federal funding beyond July 2015, all of the positions, with the exception of the one Economic Support Supervisor, are considered project funded positions and do not possess any seniority rights for “bumping” purposes should their positions be eliminated in the future due to inadequate funding, or program changes; and,

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this day of , 2013 does hereby authorize the 2013 County Budget be amended to accept the additional ACA related funding and the above Economic Support staffing changes to become effective upon passage of the State funding for ACA and passage of this resolution

Executive Summary

Accepting Additional Income Maintenance Allocation and Amending the 2013 Budget to Hire, Equip and Train New Staff in Anticipation of Increased Caseloads with the Advent of the Affordable Care Act

The State is nearing the end of budget process and it appears that approximately $897,723 of additional federal Affordable Care Act (ACA) funding will be directed towards the Southern Income Maintenance Consortium for 2013, of which $399,499 would be targeted to Rock County. The Affordable Care Act (ACA) will expand health insurance coverage to Wisconsin residents through a Health Insurance Marketplace, or Exchange, or steer those with incomes below a designated federal poverty measure to the Medicaid program.

Funds will be used to hire, train and equip additional staff to assist residents of Rock as well as ACA Consortium member counties to obtain either health care coverage through the Exchange or the Medicaid program. Actuaries working with the State estimate that the Rock County Economic Support Division and its Southern IM Consortium partners could see 17,900 Exchange inquiries, 11,100 new Medicaid applications and renewals, corresponding increases in Food Share applications as well as a multitude of moves between the Exchange and Medicaid over the next two year period.

Rock County serves as the fiscal agent for the Southern Consortium and ACA funds will be appropriated and proportionally allocated to the member counties based on their caseload size.

The Rock County Economic Support Division requests up to twelve full-time Economic Support Specialist (project) positions, three Job Center Support Specialist (project) positions to provide customer assistance, one full-time Economic Support Supervisor (project) position and one full-time Economic Support Supervisor position to address this increased caseload for Rock County. The Economic Support Supervisor position will handle training responsibilities. Given the uncertainty of state and federal funding, all of the project positions do not possess any seniority rights for “bumping” purposes should their positions be eliminated in the future due to inadequate funding, or program changes.

Accepting Arrowhead Library System’s Digital Content Buying Pool Grant & Amending the 2013 Arrowhead Library System Budget

Summary of Grant: In May 2011 the Division for Libraries and Technology (DLT) sponsored a statewide E-book Summit. A major recommendation from the Summit was the need to establish a statewide digital content buying pool. In a follow-up action, a committee from the Summit and the Wisconsin Public Library Consortium (WPLC) set a target goal of allocating $1 million for e-books and audio book purchases. That goal has since been met. Starting in 2012, DLT began committing grant funds for e-books to supplement funds committed by the state's 17 public library systems and their member libraries. For 2013, the public library systems have committed $800,000 to the buying pool with DLT awarding $100,000 of $200,000 in February and the remainder in May 2013. This award reflects the second payment. Each library system amount is based on a formula of current OverDrive e-book use and system population. Persons with compatible electronic devices anywhere in the state can now access over 63,000 items from any of Wisconsin's 385 public libraries. This collection will grow considerably as new titles are added throughout the coming year.

RESOLUTION
ROCK COUNTY BOARD OF SUPERVISORS

WHEREAS, the Human Services Department requests that the County Board consider adding an outdoor recreational yard to the Youth Services Center; and,

WHEREAS, the Youth Services Center was build in the early 1990's (then known as the Juvenile Detention Center) as a state licensed, county operated detention center for adjudicated youth and an out-of-home shelter for children; and,

WHEREAS, an outdoor recreational yard was not programmed in the original design for the facility because of the short term nature of the stays; and,

WHEREAS, changes in state law in recent years allow placement of adjudicated youth in county facilities up to 180 days, and that period may be extended to 365 days should provisions remain intact in the new State Budget; and,

WHEREAS, the Rock County ACTIONS Program was recently put in place, which is a 6-month alternative to the State Juvenile Correctional Institution; and,

WHEREAS, having an outdoor recreational option not only improves the quality of life for long-term incarcerated youth, but also gives the Center programming options for those in the facility for 30 to 60 days as well as the children who are under shelter care; and,

WHEREAS, Rock County issued a Request for Qualifications for a cost proposal and qualifications to design an outdoor recreational yard for the Youth Services Center; and,

WHEREAS, the proposals and qualifications have been evaluated and Potter Lawson of Madison, WI was given the highest rating.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors, duly assembled this day of __________, 2013 does hereby authorize a contract with Potter Lawson of Madison, Wisconsin, in the amount of $38,000 for design services for a two phase project; and,

BE IT FURTHER RESOLVED that Phase One cost shall not exceed $15,700 for a schematic design that must meet the approval of the Human Services Board and General Services Committee prior to proceeding with Phase Two, which shall not exceed $22,300 to develop the bid specifications for construction of an outdoor recreational yard; and,

BE IT FURTHER RESOLVED that the payments be made to the vendor upon approval of the Human Services Board; and,

Executive Summary

The Human Services Department wishes to have an outdoor recreational yard built at its Youth Services Center (YSC) located at 210 East US Highway 14 in Janesville, Wisconsin. The recreational yard shall be developmentally appropriate for children ranging in age from 10 to 17, and shall accommodate youth housed in the secure units as well as the shelter facility.

The Youth Service Center (then known at the Juvenile Detention Center) was built in the early 1990's and approved for occupancy in November 1994. It is a state licensed, county operated detention center for adjudicated youth. The secure side of the facility has five housing units and a maximum rated capacity of 35 juveniles. The shelter side of the facility operates under a separate license and has a maximum rated capacity of 20.

An outdoor recreational yard was not programmed in the original design of the facility because of the short-term nature of the stays. In 2009, the Wisconsin Council on Children and Families conducted an independent evaluation of the facility. One of the outcomes was a recommendation to add an outdoor recreational yard to the facility.

The landscape has changed in recent years, which makes the project more imperative. Changes in state statutes now permit the secure detention placement of youth in county facilities up to 180 days. There is a provision in the current version of the state budget that would extend the placement up to 365 days. The YSC has implemented the ACTIONS Program, which is a 6-month sentencing alternative to the State Juvenile Correctional Institution. Thus, having the outdoor recreational option improves the quality of life for long-term incarcerated youth as well as those present for shorter stays.

The outdoor recreational yard will be placed within the confines of county owned driveways on the east and south side of the Youth Services Center. It will be utilized on a daily basis by approximately 10 to 15 youth at a given time. The shelter side population and the secure side population will never be permitted in the Outdoor Recreational Yard at the same time. The absolute maximum number of youth in the Yard at one time will not exceed the rated capacity of secure detention, which is 35 juveniles. Thus, the recreational yard will be fitted to the site constraints and facility population.

Awarding Contract for Painting at the Youth Services Center

The Youth Services Center is a dually licensed facility with one half serving as non-secure shelter care and the other half serving as secure detention. In 2012 the shelter care portion of the facility was painted and updated with a more modern color scheme. The last time the secure detention portion of the facility was painted was in 2001. Moreover, the Wisconsin Department of Corrections, the oversight agency for secure detention facilities in the State of Wisconsin, has recommended on three occasions that the facility is in need of painting and an updated color scheme.

Rock County Purchasing requested sealed proposals from qualified vendors for painting services. Three vendors responded. However, two vendors were non-compliant due to bid bonds not being received. Fifteen vendors were solicited and did not respond.

J Van Horn Painting was the sole bidder for this painting project and has extensive experience with such complex projects. The bid is in the amount of $58,600. Funds have already been included in the 2013 Human Services Department Budget for this project.

Executive Summary

Rock County, the City of Beloit, and the City of Janesville are eligible to apply for the Edward Byrne Memorial Justice Assistance Grant, commonly referred to as JAG. Based on a formula funding disparity between the County and the Cities, the municipalities are required to apply for the award with a single, joint application.

The Rock County Sheriff's Office plans to apply for this grant in the amount of $38,310. The Bureau of Justice Assistance will be making awards to assist local efforts to prevent or reduce crime and violence.

Rock County will act as the fiscal agent. The responsibilities of the fiscal agent include filing the application, administering and distributing the funds, monitoring the award, and submitting reports, performance measures, and program assessment data.

The grant application process requires an inter-agency agreement to be signed by each jurisdiction's authorized representative. The agreement specifies the fiscal agent and specifies the division of the grant proceeds. The proceeds will be divided as follows:

PROCLAIMING JULY AS PARKS AND RECREATION MONTH

Executive Summary

Since 1985, America has celebrated July as the nation’s official Park and Recreation Month. A program of the National Recreation and Park Association (NRPA) and the America’s Backyard initiative, the goal is to raise awareness of the vital impact that parks, recreation, and conservation have on communities across the United States. Each July, the National Park and Recreation Association (NRPA) encourages Parks and Recreation Agencies across the country to kick-off summer programs, promote outdoor recreation, natural resource areas and open spaces, and pull together volunteers to make their outdoor spaces a thriving center of community activity.

This year’s theme is “I Love My Park and Recreation!” NRPA is encouraging members, agencies, and citizens to plan events and initiatives that remind local decision makers and the community of the exciting and vital role that parks and recreation play in the lives of Americans and how they make their lives extraordinary.
