Executive Summary for Authorizing Purchase of Computer Equipment for the Child Support Agency with funds from the ARRA Stimulus Grant.

As part of the American Recovery and Reinvestment Act, the Rock County Child Support Agency is scheduled to purchase 43 laserjet printers, 26 desktop computers, 4 laptop computers, 51 monitors, one scanner and 52 Microsoft Office 2007 upgrades. The current computer equipment in the department has been experiencing an increasing failure rate due in part to age and in part to poor design. The Information Technology department and the Child Support Agency have determined that out of the 46 PCs currently in Child Support, 26 need to be replaced as soon as possible. Additionally, 4 laptops are being added to the department to increase efficiency of the workers in the courtroom and the workers that have to venture out in the field. Monitors are being purchased as an addition to current monitors so each worker will be able to have 2 monitors at their stations to facilitate the department’s increasing need for ready access to multiple points of data. Finally Microsoft Office 2007 will allow the Child Support Agency to communicate easier with other agencies already on Microsoft Office 2007.

The costs that are part of this purchase request:

- 43 HP P3015dn LaserJet printers at $698.99 ea for a total of $30,056.57

Executive Summary
For
Resolution
Amending the 2010 Airport Budget to Acquire Property

The FAA recommends fee simple acquisition of land within the Runway Protection Zone (RPZ) and up to 5,000 feet from the end of the existing primary surface zones. Land within this area is eligible for federal and or state funding when it becomes necessary to restrict the use of land within the approach and transitional zone to activities and purposes that are compatible with normal airport operations.

The Advance Land Acquisition Loan Program is administered by the Wisconsin Department of Transportation, Bureau of Aeronautics. This revolving fund was setup by the State to loan funds to airport sponsors to acquire land needed for preserving and improving a safe and efficient air transportation system. In addition to the actual cost of land acquisition, these funds can be used for Airport Layout plan updates, project plans, surveys, appraisals, relocations, and environmental studies. Simple interest is charged at a rate of 4 percent on the unpaid balance. The land loan functions much like a short-term loan to cover the expenses incurred until the federal funding is available for reimbursement. Although the Land Loan Resolution indicates a five-year pay back, when federal funding is secured, those funds will be used for repayment of the land loan.

The estimated cost to purchases these properties is $1,200,000. The land loan will cover 80% or $960,000. The 20% sponsors share is $240,000. It is anticipated that federal funding will be available for reimbursement within two years bringing Rock County’s obligation down to 2.5% or $30,000.

If an accepted offer cannot be obtained or the County Board does not approve an offer, Rock County would reimburse the Bureau of Aeronautics for all costs incurred as part of the negotiation process. Any unused funds would be returned.

EXECUTIVE SUMMARY -
ACCEPTANCE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES
COUNTY FISH AND GAME PROJECT GRANT FUNDS

Each Wisconsin County is allocated a certain amount of money annually to fund small projects on a 50/50 match basis. Rock County applied for the maximum of $1,946 in 2010. Parks planned to access this funding source to help pay for invasive species control at Carver-Roehl Park. Though this funding source requires a 50% match by the County, all time and materials supplied by the Parks and Highway Divisions, as well as other community resources, may be used as in-kind match. Our match is planned to be in kind labor with minimal staff involvement. The Friends of Carver-Roehl and local volunteers have expressed strong interest in continued assistance with this project.

After applying and being awarded the grant the amount was increased to $2,035. The initial species to be controlled using this grant is garlic mustard, with buckthorn being a second priority. That area has been addressed by this grant the last 3 years and volunteer efforts over the past ten years.

Staff has solicited three quotes on the work and one was accepted within the funding parameters.

Executive Summary
Amending the Sheriff's 2010 Budget to Accept and
Use Equitably Shared Funds

The Department of Justice Asset Forfeiture Program is a nationwide law enforcement initiative that removes the tools of crime from criminal organizations and deprives wrongdoers of the proceeds of their crimes. Federal law authorizes the Attorney General to share federally forfeited property with participating state and local law enforcement agencies.

Equitably shared funds are required to be used by law enforcement agencies for law enforcement purposes only. The intent of the transfer is to enhance law enforcement. It must increase, not supplant the recipient's appropriated operating budget.

For their participation in the program, the Sheriff's Office received a check in the amount of $6,156.31.

The Sheriff's Office plans to use a portion of the funds to purchase used equipment through the Wisconsin 1033 program. Section 1033 of the National Defense Authorization Act of 1997 authorizes the Department of Defense to transfer excess military property to state and local law enforcement agencies.

The Sheriff's Office plans to purchase the following 1033 equipment:

- 2 Snowmobiles @ $450 each
- 1 ATV @ $200 (to be used for spare parts)

In addition, the Sheriff's Office plans to purchase a Triton flatbed tilt snowmobile trailer for $1,270 and plans to spend approximately $2,500 on refurbishing the snowmobiles and approximately $1,286 on gear to outfit the machines and officers. The Sheriff's Office wants to ensure the safety of snowmobile riders on the County's 226 miles of trails.

EXECUTIVE SUMMARY

The County receives state 85.21 funding to provide handicapped accessible transportation services for older adults and people with disabilities. The Rock County Specialized Transit Program is administered through the Rock County Council on Aging and provides approximately 22,500 one-way trips throughout the county annually.

State law allows a county to keep the balance of its allocation that is not spent in a given year in a trust account for vehicle replacement or for major maintenance. The trust account must not exceed $80,000. Currently, the amount in the trust account is $104,282. To bring the trust account below $80,000, the Council on Aging is requesting approval to purchase a mini-bus for its fleet. An additional vehicle would allow Specialized Transit to provide service to county residents more efficiently; especially in the event other vehicles are out of service and during afternoon peak times.

This vehicle is lift-equipped, with capacity for eight ambulatory and three wheelchair seats. The resolution is to amend the Council on Aging budget to transfer funds from the trust account into the 2010 Motor Vehicle and Other Transportation Expense accounts and to approve the purchase of this vehicle. Cost of the vehicle is $44,427.50. Signage, licensing fees, inspection costs and purchase and installation of two-way radio communication will cost $1,500.

No other county tax levy is required for this purchase.

FISCAL NOTE:

These resolutions authorize the Secretary of the Wisconsin Department of Transportation to act as Rock County’s agent in acquiring land for the Southern Wisconsin Regional Airport. The estimated cost of land acquisition, surveys, appraisals and negotiations is $1,200,000.

These resolutions authorize the Airport to enter into a 4% simple interest land loan for $960,000, which is 80% of the estimated cost of the land acquisition. Sufficient funds will be available in the Airport’s Capital Improvements Project, A/C 41-4453-4454-67200, for the County’s 20% share of $240,000 if a separate resolution is adopted amending the Airport’s 2010 Capital Improvement budget.

It is anticipated that this land acquisition will qualify for a federally funded Airport Improvement Project at a 95% Federal, 2¾% State and 2¼% local share. The land loan can be paid in full upon receipt of the AIP without any prepayment penalty. The County will be responsible for the 4% annual interest cost from the date of the drawdown until redemption.

If this land acquisition qualifies for a federally funded AIP, the County’s 2¾% share of this land acquisition is estimated to be $30,000.

“ADVANCE LAND ACQUISITION LOAN”
“LAND LOAN AGENCY AGREEMENT”
“RESPONSIBILITY AND PERFORMANCE NOTE”

The Resolutions before you authorize the Bureau of Aeronautics to act as our agent for acquiring three parcels that are within the Runway Protection Zone (RPZ) for the airport’s primary runway. The FAA recommends fee simple acquisition of land that is within this RPZ and up to 5,000 feet from the end of the existing primary surface. Land also becomes eligible when it becomes necessary to restrict the use of land within the approach and transitional zone to activities and purposes that are compatible with normal airport operations.

Parcel 39, which is the closest to runway 32, has been a collection point for a myriad of heavy equipment, trucks and cars, several semi-trailers, houses, and salvage yard material that’s not only unsightly but is a non-compatible use of land within the RPZ.

Parcels 40 and 41 are currently vacant and available on the market, within the RPZ and eligible for federal reimbursement.

- Executive Summary -

Awarding Contracts for Boardwalk and Trail System Project
at Beckman Mill County Park

Rock County is the owner of the Beckman Mill County Park and has been awarded matching grant money for several projects there through the Acquisition and Development of Local Parks Program (ADLP) and Urban Rivers Grant Program (URGP) by the DNR. This project includes the boardwalk and trail system throughout the campus. The bid was divided into three contracts.

The lowest responsible total bid for both contract #1 in the amount of $45,010 for the boardwalk and foot bridge and contract #2 in the amount of $18,450 for the aggregate trail was Janke Construction of Athens, Wisconsin for a combined total of $63,460.

There was a tie for contract #2. As stated in the bid documents if two or more bidders submit identical bids, Rock County will make award to bidder of its choice and such decision will be final. Staff recommends to award both contracts #1 and #2 to Janke Construction because the total of both contracts was less and it will be more efficient use of staff time in dealing with only one contractor on both contracts.

The lowest responsible bid for contract #3 for the north woods trail section was Grade Tech Pavers Inc., of Ixonia, Wisconsin for $6,475.

Funds for this project are included in the 2010 budget.

SUPPORTING A STATEWIDE COMPETITIVENESS & POSITIONING STUDY

EXECUTIVE SUMMARY

Prepared by James R. Otterstein, Economic Development Manager

In response to the severe economic crisis facing the State of Wisconsin, as represented by numerous economic indicators, three statewide and non-partisan trade organizations have joined together to commission a statewide Competitiveness & Positioning Study. The results of this research will offer policy recommendations to align and advance Wisconsin’s economic development efforts.

A pair of globally and nationally recognized firms, Deloitte Consulting LLP and Newmark Knight Frank, will conduct the study. Their research will provide a holistic review of past and present policies, programs and implementation strategies. Findings will be benchmarked against comparable regions, nations and countries. This research project is anticipated to begin April 2010 and then conclude June / July 2010.

Financial support for this Competitiveness & Positioning Study is being derived from a diverse group of private, philanthropic and public sector constituents. In lieu of providing direct financial support, as well as to demonstrate alignment and unity, local units of governments throughout Wisconsin are asked to authorize this Resolution.

- EXECUTIVE SUMMARY -
AUTHORIZING APPLICATION WITH
WISCONSIN DEPARTMENT OF NATURAL RESOURCES
FOR WARREN KNOWLES-GAYLORD NELSON STEWARDSHIP GRANT FUNDS

The Rock County Parks, Outdoor Recreation, and Open Space (POROS) Plan implementation schedule identifies land acquisition near the Tiffany five arch stone bridge as a project in process. In order to move forward on this project, the Parks Division desires to make application for Department of Natural Resources Stewardship Funds. If the application is successful, the grant funds would be used to purchase property to enhance the viewing of the Tiffany Bridge.

The grant being applied for requires a 50/50 match of local funds. The anticipated project is $184,000 of which, approximately $92,000 would be Stewardship Funds. The $92,000 local match would include $50,000 in the current budget for the purpose of land acquisition, and the balance of $42,000 would be appropriated from the Park's portion of the ATC Funds. Should the application be successful, further action from the Board would be required to authorize land purchase and appropriate funding.

EXECUTIVE SUMMARY

RESOLUTION AUTHORIZING SUBMISSION FOR THE
2010 COMMUNITY DEVELOPMENT BLOCK GRANT –
SMALL CITIES PRELIMINARY APPLICATION

The Rock County Planning and Development Agency is currently preparing an application on behalf of Rock County for Community Development Block Grant housing funds, administered by the Wisconsin Department of Commerce - Bureau of Housing. This is part of Wisconsin’s annual Small Cities competitive grant competition for areas that are not CDBG-entitlement communities. About $7 million will be made available for this competition.

If successful, low and 0% interest loans will continue to be made available to low- to moderate, low income, and elderly-headed households to conduct needed housing rehabilitation work, including handicapped accessibility improvements. Loan funds can also be used to assist these households with purchasing a house.

Scoring for this competition will be based on 2000 U.S. Census data on housing and socio-economic conditions. Funding will be split equally between 5 regions. Rock County is in the Southeast region, which includes about 20 counties from south and east Wisconsin. Rock County staff will be working to determine those Rock County towns, villages, and / or small cities that, according to the scoring criteria, are in most need of obtaining this funding. Staff will be seeking letters of interest and support from those municipalities to include in the application.

Additionally, the County is working with property owners, financial institutions, and community development groups to obtain additional commitments for Countywide housing rehabilitation efforts.

The application will request $650,000. A total of $567,500 will be used for program activities, and $82,500 will be used for administration.

If the preliminary application is successful, Rock County will be notified about June 15, 2010 to submit a final application. The final application will be submitted by August 31, 2010. If successful, the contract period for the application will be from October 1, 2010 - July 1, 2012.
