Executive Summary

Modifying the 2010 Rock County Human Services Department Budget to accept additional funding for the Community Intervention Program.

This resolution amends the 2010 Human Services Department budget to accept $13,405 in additional Community Intervention Program from the Wisconsin Department of Corrections.

Community Intervention Program funds support the Intensive Case Management (ICM) Unit. The ICM Unit provides daily face-to-face contact and monitoring for the most chronic and seriously delinquent juvenile offenders in Rock County. Caseloads are limited to less than 15 juveniles per worker. The program operates with five full-time staff positions and funding partially offsets staffing related costs.

No additional county funds are required.

Modifying the 2010 Rock County Human Services Department Budget to Accept Additional IV-E Children and Family Incentive Funds.

This resolution amends the 2010 Human Services Department budget to accept $59,436 in additional IV-E Children and Family Incentive Funds (36-3645-0000-42200) and reimbursement claimed for eWiSACWIS eligible expenditures (36-3645-0000-42100) through the Wisconsin Department of Children and Families (DCF).

IV-E Children and Family Incentive Funds are used to support services to children who are at risk of abuse or neglect to prevent the need for child abuse and neglect intervention services, and for services to assist children and families. Annual funding was discontinued in 2009, and the Human Services Department was allowed to carry-forward any unexpended funds into 2010.

The Human Services Department will also be reimbursed in 2010 for a percentage (approximately 32%) of eWiSACWIS allowable costs. The change in revenue reflects the expected increase in allowable expenses.

EXECUTIVE SUMMARY -
ACCEPTANCE OF
ALLIANT ENERGY FOUNDATION
GRANT FUNDS AND AMENDING 2011 BUDGET

The Rock County Parks system is a truly wonderful place for residents to recreate while staying close to home. The Alliant Energy Foundation Grant of $500 will be used to purchase snowshoes (both youth and adult) to offer outdoor programming in our parks. These programs may be offered in partnership with our Friends groups. Participant fees may be charged to cover staff time and any additional supplies (ex: hot cocoa). Residents may rent snowshoes as a way for the department to generate revenue.

Although the grant was only partially funded, Parks will still be able to purchase 11 pairs of snowshoes in various sizes, which is a good start.

Executive Summary
Cleaning Services for General Services Locations

The resolution before you awards the 2011 contract for cleaning services at the Courthouse, 911 Communications Center, Health Department/ Council on Aging, Juvenile Detention Center, and County offices at the Eclipse Center in Beloit. Bids were solicited for the years 2011, 2012, and 2013. The resolution gives the General Services Committee the authority to award contracts for 2012 and 2013.

Five bids were received, with the low bid coming from Peterson Cleaning of Rockford. Peterson Cleaning provided cleaning services at several County buildings in past years and met the requirements of the contract.

Historically, the County has hired private companies to clean the County’s buildings. Performance issues do arise from time to time, but if the company’s management remains responsive, the issues can be resolved. Contracting for this service is still the most cost effective way to handle this task.

CONTRACT AUTHORIZATION FOR OWNERS REPRESENTATIVE SERVICE – DESIGN DEVELOPMENT STAGE WITH THE SAMUELS GROUP ON THE ROCK HAVEN FACILITY REPLACEMENT PROJECT

Direction was given at the last General Services Committee meeting requesting a proposal from the Samuels Group for Owner’s Representation services for the Rock Haven Facility Replacement Project so as to investigate how an Owners Representative could assist in the Rock Haven Facility Replacement Project.

The County has contracted with The Samuels Group as the Owner’s Representative for the Rock County Jail Renovation Project and the performance has been satisfactory.

Conversations were held in the last two weeks involving The Samuels Group, Eppstein Uhen (Rock Haven Facility architect/engineer) and County staff on how an Owner’s Representative could provide value to the Rock Haven Facility Replacement Project.

Consequently, a proposal has been received from The Samuels Group to provide Owners Representative Services per the Scope of Work dated November 30, 2010 prepared by County staff.

The Samuels Group has provided pricing on the remainder of the project phases:
- Design Development $125,000;
- Construction Document $115,000 and
- On-Site Construction/Closeout not to exceed $373,346.

Total project cost would not exceed $613,346.

At this time the County is considering the Design Development stage only.

A proposal from Eppstein Uhen is listed as a separate agenda item for the joint committees review that would provide architect/engineering services - Design Development stage for the project. The architect’s proposal contemplates the County entering into a Owners Representative contract. Thus the A/E proposal avoids duplication of effort that an architect would normally provide if the County did not contract with an Owner’s Representative.

- EXECUTIVE SUMMARY -

CONTRACT AUTHORIZATION FOR ARCHITECT/ENGINEERING SERVICES – DESIGN DEVELOPMENT STAGE WITH EPPSTEIN UHEN OF MILWAUKEE, WISCONSIN FOR THE ROCK HAVEN FACILITY REPLACEMENT PROJECT

The County has contracted with Eppstein Uhen, Architects/Engineers as the Architect/Engineer for the Rock Haven Facility replacement project. The firm has completed the Schematic Design stage and is ready to proceed to the Design Development stage.

A proposal has been received from Eppstein Uhen to provide architect/engineering services in the amount of $438,600 for the Design Development stage of the project plus reimbursable costs not to exceed $12,000.

The County also will be contracting with The Samuels Group for Owner’s Representation services. The Eppstein Uhen proposal takes into account the County contracting with an Owner’s Representative such that the Eppstein Uhen contract avoids duplication of effort that an architect/engineer firm would normally provide if the County did not contract with an Owners Representative.

Per discussion at the 12/7/10 joint General Services Committee and Health Services Committee, The Samuels Group has agreed to undertake an analysis of the Schematic Design phase in order to identify the advantages and disadvantages of re-visiting the project footprint, program and/or square footage-cost. It is anticipated that the report will be available on or about January 15, 2011.

In the event the General Services Committee based upon the results of the Samuels Group report directs the architect to revisit the Schematic Design phase, the architect would bill for the work under the Additional Services section of the contract on a time and materials basis.

EXECUTIVE SUMMARY

The purpose of this Resolution is to amend the 2010 Orthoimagery Contract with Ayres & Associates. The County Board authorized the Land Information Officer in Resolution 10-1A-446 to enter into a contract with Ayres Associates Inc. (Ayres) for a countywide project on behalf of the County of Rock, and project partners City of Beloit, City of Janesville, City of Milton and Village of Clinton.

State and Federal partnerships have resulted in a 20% cost reduction of the price of the 12” resolution Orthoimagery fees from the original contract. In exchange for this cost reduction the State and Federal partners are granted unrestricted internal use only of the 12” resolution imagery. The 12” resolution imagery will be degraded to an 18” resolution and made a part of The National Map. The National Map is a cornerstone of the U.S. Geological Survey’s (USGS) National Geospatial Program. It is a collaborative effort among State, Federal and Local partners to improve delivery of geospatial data for scientific analysis and emergency response.

The project partners intend to use this cost savings to offset the cost of performing an independent third party quality control analysis of the project data. This amendment also extends the timeframe available to the project partners for quality control review and analysis from 30 days to 90 days. Final payment to Ayres shall be remitted 30 days after successful completion of quality control review and analysis.

- EXECUTIVE SUMMARY -

The current Park, Outdoor Recreation and Open Space (POROS) Plan encompasses the timeframe 2009-2013. The current POROS plan contains conceptual plans for all our parks. The Parks Division staff desires to ultimately have a detailed individual park plan for each park. This year funds were budgeted for Carver-Roehl and Magnolia Bluff Park Plans.

We have completed the Request for Proposals process to select a consultant for the project. We received eight responses. Following evaluation of the RFP's, which included qualifications, project proposals and cost, we narrowed the field to three firms to check references. MSA Professional Services Inc. from Madison, Wisconsin was selected. The selection team felt they were far and away the best choice to produce a cutting edge plan for Carver-Roehl and Magnolia Bluff Parks that we will be able to utilize as active planning documents to chart our path for each respective park over the next five years.

The proposed professional services contract scope of services includes: project startup & formulation, site inventory and recreation demand analysis, public and community visioning sessions, opinion surveys, staff and committee visioning session, recreation program review, park planning analysis, capital improvement plan development, financial and operations budget development, and final plan development with implementation strategy for both respective parks.

The amount budgeted was $35,000. The source of funds is the American Transmission Company Funds.

Lori Williams, Parks Director

Executive Summary

Rock County Human Resources has had discussions with various unions over the past three years regarding our current Post Employment Health Care Plan (PEHP) provider. In the most recent negotiations with the Deputy Sheriffs' Association, represented by the Wisconsin Police and Peaceofficers Association (WPPA), the union proposed that the County use Security Benefit Group as the PEHP plan provider for their union members.

Security Benefit Group provides PEHP Plans for many public sector labor associations. Their clients in Rock County include the City of Beloit, School District of Beloit, Blackhawk Technical College, City of Edgerton, City of Evansville, and the Janesville School District. Other clients include the City of Madison, City of Racine, and the Kenosha Unified School District.

There is no fiscal impact to the County in having one provider or another. Therefore, the County is willing to go along with the Deputy Sheriffs' proposal and offer Security Benefit Group instead of the current provider – Nationwide – as of January 1, 2011.

As part of the Deputy Sheriff's contract the County contributes $25.00 per month for each eligible employee into their PEHP Plan and their gross monthly salary is reduced by $25. In addition upon termination eligible employees are also able to contribute unused sick leave into the plan.

All members of the bargaining unit have to be with the same provider so this will necessitate a switch by all members of this bargaining unit from Nationwide to Security Benefit Group. This transition will occur over a 60 day period once the County Board approves this resolution and the contract with Security Benefit Group is signed.

In the most recent negotiations with the Deputy Sheriffs’ Association, represented by the Wisconsin Police and Peaceofficers Association (WPPA), the union proposed that the County use Security Benefit Group as the PEHP plan provider for their union members.

Other clients include the City of Madison, City of Racine, and the Kenosha Unified School District.

In some cases there are administrative fees to the County for the services of a provider. In this case Security Financial Resources is waiving all of its administrative fees for the County for administering the PHEP plan in exchange for the County allowing Security Benefit Group to become a deferred compensation provider for the County. Any administrative fees for this PEHP plan will be paid by the individual plan participants.

Therefore, the County is willing to go along with the Deputy Sheriffs’ proposal and add Security Benefit Group as a deferred compensation provider as of January 1, 2011.

EXECUTIVE SUMMARY

The county Purchasing Division issued Request for Proposal 2011-28 for Investment Advisory Services and advertised in the Janesville Gazette and on the county’s website. In addition, the RFP was direct mailed to investment advisory service firms that had expressed an interest in providing services to the county.

We received three (3) responses that met the criteria of the RFP. The Vice Chair of the Finance Committee, Treasurer, Senior Accountant/Assistant to the Finance Director and Finance Director independently analyzed the three proposals using a standardized evaluation form. The evaluation form rated each firm’s government portfolio management expertise, general investment approach, adequacy of reporting requirements and historical investment performance. As a result of the evaluations and reference checks the Finance Committee recommends that Rock County contract with Cutwater Asset Management of Denver Colorado for investment advisory services for the period January 1, 2011 through December 31, 2013 with options to renew the contract for up to an additional three year period, 2014-2016.

Cutwater Asset Management [formerly MBIA Investment Advisors] has been the county’s investment advisor since April 1, 2005 and has provided good service to the county since then.

- EXECUTIVE SUMMARY -

Authorizing Application for the Natural Resources Foundation’s C.D. Besadny Conservation Grant for State Natural Area Interpretive Signs at Magnolia Bluff and Carver-Roehl Parks

Sections of Magnolia Bluff and Carver-Roehl County Parks were designated as State Natural Areas (SNA) in November 2010. The parks were selected based on their habitat quality and diversity, extent of past disturbance, context within the greater landscape, and rarity of features on local and global scales. Now that the SNA designations have been approved, it is time to start thinking about land management and education.

One interpretive panel in each park will educate visitors about the rare resources found in each park. Each panel will include the SNA program, why each park was chosen and specifics about land management: invasive species removal, prairie restoration, or threatened plant management. Interpretive panels will be printed in full color on a fiberglass reinforced laminate surface – which will last for many years, even in an outdoors setting. They are resistant to moisture, extremely resistant to UV rays, scratching, and graffiti.

Interpretive panels are truly a wonderful educational tool, but they are expensive to fabricate. With limited budgets, outside funding is sought to cover the cost of these panels. The Besadny Conservation Grant is a 50/50 match, a maximum $1,000 awarded. Matching funds will come from staff time to design and install the signs. This grant gives priority to proposals that address rare and endangered species, State Natural Area support, or environmental education and outreach – all which are addressed with these interpretive panels.
