Purchase of Electronic Content product Hoopla from vendor Midwest Tape

Amending the 2016 Arrowhead Library System Budget

Electronic books (e-books) are a new popular service provided by libraries to their patrons. An e-book is a book length publication in digital form which can be read on computers, tablets, smartphones or dedicated e-book readers such as Kindle or Nook devices. Besides books, magazines, audiobooks, movies, music and comic books are also available in digital form and is known as e-content. The Arrowhead Library System member libraries have been providing e-content to the library patrons of Rock County since 2008 with a product known as Overdrive. Overdrive as a service has been extremely popular resulting in over 90,000 downloads by Rock County patrons in 2015. In November of 2015 the Arrowhead Library System (ALS) member libraries requested that ALS become their agent in subscribing to Hoopla, an e-content product offered by Midwest Tape, to compliment the e-content provided by Overdrive. The ALS Board approved this at its December 9th meeting. The Arrowhead Library System will receive $23,000 from the ALS member libraries to purchase a year’s subscription to Hoopla for them.

EXECUTIVE SUMMARY

In 2015, the Wisconsin Department of Transportation (DOT) approached Rock County about the possibility of constructing a park-and-ride in Newville as part of the Interstate 39/90 expansion project, contingent on local government(s) providing on-site maintenance. Due to delays in the I-39/90 project, construction is slated for 2016, and it is anticipated that the park-and-ride will open in 2017. Rock County approached the City of Edgerton and the Towns of Fulton and Milton about sharing the maintenance cost with the County.

Rock County has estimated major anticipated maintenance costs: snowplowing ($10,000), sweeping ($1,925), garbage collection ($1,925), electricity for light poles ($650), and light bulb replacement ($500). Rock County agrees to cover 50% of the aforementioned cost, and the City and Towns agree to cover the remaining 50%. The City and Towns may reduce their share by providing any of the outlined services on an in-kind basis. Rock County will determine the annual cost by using a rolling average of expenses (up to 5 years), and will act as the administrative agency for processing vendor bills and invoicing the City and Towns for their share of the cost. It is agreed that other unforeseen costs will be discussed among the maintenance agreement partners.

The City of Edgerton and the Towns of Fulton and Milton have passed the maintenance agreement without amendments.

The DOT will pay to reconstruct the park-and-ride lot when it reaches the end of its useful life.
AGREEMENT FOR THE MAINTENANCE OF
THE NEWVILLE PARK-AND-RIDE LOT
BETWEEN
ROCK COUNTY
AND THE CITY OF EDSERTON AND THE
TOWNS OF FULTON & MILTON

This agreement for Maintenance of the Newville Park-and-ride Lot between Rock County and the City of Edgerton and Towns of Fulton and Milton (the Agreement) is made and entered into this _day of ______, 2015, by and between Rock County, hereinafter called “Rock County”, and the City of Edgerton and Towns of Fulton and Milton, hereinafter called the “City” & “Towns” and collectively “the Parties”. This Agreement shall be effective upon last signature below.

WITNESSETH:

WHEREAS, the State of Wisconsin, hereinafter called “the State” owns real estate and is proposing to construct a park-and-ride lot, hereinafter called the “Lot” within Rock County, being specifically located at the intersection of STH 59 and N Richardson Springs Road, on the south east side of the interchange of I-39/90 and STH 59 and

WHEREAS, the State is requesting the assistance of Rock County and the municipalities nearest the Lot in maintaining the Lot; and

WHEREAS, State Statute 66.0301, allows municipalities, including the State and Rock County and the City and Towns to contract with one another for the receipt or furnishing of services or joint exercise of any power or duty required or authorized by law.

NOW, THEREFORE, in consideration of the mutual covenants herein set forth, and other good and valuable considerations, the receipt of which is hereby acknowledged, it is agreed by and between the parties as follows:

1. **Lot Construction.** The Parties understand that the State shall construct, at its own expense, the travel and parking surface of the Lot and the access roads to the Lot. The State shall also in its sole discretion and at its expense, install lot appurtenances it deems necessary for operation of the Lot including but not necessarily limited to landscaping, sidewalk, bike rack, directional signage to the Lot, paint lines for parking stalls, and trash receptacles. All materials provided for Lot construction and appurtenances shall remain the property of the State. The State anticipates Lot construction in 2016.

2. **Additional Signs and Landscaping.** Under the terms of the Agreement between the State and Rock County, Rock County, the City, and Towns may provide, at their own expense, upon written approval of the State, additional signage and landscaping. However, in no event may Rock County and the City or Towns place any item or sign which is in violation of any state or federal prohibition.
3. **Lighting.** The State shall provide, at its own expense, a lighting system for the Lot. The Parties shall provide all electricity necessary to operate said lighting system as described below. An estimate of the on-going electricity expense is included in Appendix A.

4. **Annual Lot Maintenance.** The Parties agree to provide the following lot maintenance: remove snow and ice from the parking and travel surfaces during the winter months, provide electricity to operate the lighting system and replace any burnt out bulbs, sweep debris from lot surfaces on a periodic basis, provide for the proper removal and disposal of trash from the properties and from the trash receptacles, and any other reasonable maintenance deemed necessary by the Parties to keep the Lot in safe and good order. The Parties understand that the City and Towns may not be required to directly provide or perform any Lot maintenance but shall reimburse their share of the costs outlined in Appendix A. If the City or the Towns perform any of the identified services in Appendix A, they will receive a credit against their overall share of the operational budget.

5. **As Needed Lot Maintenance and Repairs.** The Parties agree to discuss in good faith how to fund as needed maintenance and repairs. These services include, but are not limited to, graffiti removal, repair of sign posts and signs, periodically repainting parking lot lines, hauling abandoned vehicles from the site, and repair or replacement of any damaged or defective electrical poles and appurtenances.

6. **Unforeseen Lot Maintenance.** Under the terms of the Agreement between the State and Rock County the State and Rock County agree to meet and determine a mutually acceptable solution for maintenance duties and costs not covered under this agreement. The County agrees to provide notice to the other municipalities of any such meeting and shall solicit opinions from the municipalities regarding any maintenance not covered under the Agreement between the State and Rock County if the County intends to request a cost sharing from the other municipalities. The Parties understand that the State shall be responsible for all costs associated with the collection and removal of hazardous material which would include any potential hazardous material disposal and cleanup costs.

7. **Lot Rehabilitation.** The Parties understand that the State shall, at its expense, perform resurfacing or replacement of the travel and parking surface of the Lot as it deems necessary in its sole discretion and that the County, the City, and the Towns will not be liable for any associated costs. Also, replacement of any items owned by the State shall be the responsibility of the State, at its own expense. Rock County, the City and Towns shall provide, at their own expense, replacements for any signage and landscaping, except sponsored ones, within the boundaries of the Lot including state provided signage and landscaping.

8. **Removal of Equipment.** Rock County shall obtain permission from State to store items or equipment on or at the Lot. Upon termination of this maintenance agreement any items or equipment stored on or at the Lot by Rock County shall be removed by Rock County.

9. **Enforcement.** Rock County and the Town of Fulton shall be responsible for the promulgation and enforcement of noise, parking, and loitering restrictions in the Lot related to the public's use. Rock County may pass such ordinances and resolutions, as it deems necessary to govern the restrictions in the Lot, and may use such methods as it deems appropriate to assure compliance with said ordinances and resolutions.
10. Liability. Rock County, the City and Towns shall separately assume liability for any and all claims for injury to persons or property on the Lot arising out of the acts of negligence of their own officers, agents, or employees. Any Party receiving a notice of claim regarding the Lot shall promptly provide a copy to each of the other Parties. No indemnity shall apply to or from either party to the other except as required under state law. Each party shall be responsible for property damage caused by it as to the other party’s owned items.

11. Term. The term of this Maintenance Agreement shall be twenty (20) years from the Effective Date. This Agreement shall automatically be renewed under the same terms and conditions for additional one (1) year terms, unless any party shall give written notice of its intent to terminate to the other party at least ninety (90) days prior to expiration. Any party may provide notice of an intent to terminate early if such notice is provided in writing to the other Parties by no later than August 15th in any year. Said early termination shall be effective December 31st of that year.

12. Sponsorships. Under the terms of the Agreement between the State and Rock County, should the State allow sponsorship of the Lot, any revenue received for said sponsorship shall be paid to Rock County, who shall promptly report the receipt of same to the other Parties. This revenue shall be applied to offsetting the annual cost of repair and maintenance of the Lot by Rock County, the City and the Towns.

13. Cost Sharing of Repair & Maintenance Costs. Rock County, the City and Towns agree to formulate and fund an annual repair and maintenance budget for the Lot. Rock County agrees to be responsible for fifty percent (50%) of the annual costs. The City and Towns agree to be responsible for the remaining fifty percent (50%) of the annual costs in equal shares. Any of the parties to this agreement may provide goods or services in-kind to reduce their respective cost. Rock County will be the lead agency for assembling and paying these costs and shall bill the City and Towns for their respective shares of costs, after applying a credit for any in-kind goods or services. An operating cost breakdown is available in Appendix A. The City and the Towns shall notify the County of their intention to provide any of the noted in-kind services for a credit against their share by August 15th of each year. The County shall consult with the City and Towns to obtain costs estimates for all in-kind services and provide the City and the Towns an estimate of the overall annual cost for the following year by September 1st. In the second year, the County shall adjust the operational budget to reflect actual expense experience. In future years, the budget will be adjusted on a rolling average basis (up to five years). The City and the Towns shall include an invoice for in-kind services to serve as a reference for future budget changes and to enable a credit against their share of the operating cost.

13. Emergency Management Staging: Rock County, the City and the Towns are permitted to use the lot for emergency response staging within the limitations of the State agreement with Rock County.
IN WITNESS WHEREOF, the parties hereto have executed the Maintenance Agreement effective as of the day and year first above written.

Community Health Education Coordinator Position

Executive Summary

Reducing the leading causes of preventable death and disability, with special emphasis on underserved populations and health disparities – this mission is the perpetual “North Star” for local health departments (LHD). How LHDs achieve this mission has changed significantly over the past decade. Local Health Department focus has moved toward the reduction of providing personal health services and increased focus on emergency preparedness, epidemiology and surveillance, and primary prevention through education. Additionally, there is an increase in collaboration with other agencies and community partners. This new focus characterizes a new role for health departments as the “chief strategists” for a community. Health departments as chief strategists will lead communities’ health promotion efforts by catalyzing, conducting, supporting, and sustaining health protection and promotion activities in partnership with health care clinicians and leaders in widely diverse sectors, including social services, education, transportation, public safety, and community development.

These changing and expanding LHD roles require new and different skills among members of the LHD workforce. Local public health departments serve as the unique and essential component of an integrated health system that looks out for the population as a whole rather than focusing on the health outcomes of the individual alone. In response to the new challenges and opportunities, we must assume greater accountability for the design and development of the overall strategic plan for improving health in Rock County. To do this, we must identify, coordinate, implement and evaluate cost-beneficial prevention programs and activities that do not use public health budgets to provide services that can be provided through health care providers and facilities. We must also ensure a workforce that meets modern demands.

The goal of community-based public health is to increase the quality, availability, and effectiveness of educational and community-based programs designed to prevent disease and injury, improve health, and enhance quality of life. Health educators play a strong role in helping advance this goal. Health educators offer knowledge, skills, and training that complement others whose work impacts human health. Training in core competencies of public health allows health educators to be an asset to the growth and future work for community-based public health workforces. All efforts of a health educator are geared toward examining and influencing the health outcomes of groups of individuals. Health educators advocate for policy that promotes health equity, access to health care, and the ability to make healthy choices. They use skills that help promote population health and positively impact the health outcomes of all community members.

For local public health practice, the scope and content of work to be performed as well as strategies for addressing public health issues are continuously evolving. The Rock County Public Health Department has been undergoing a strategic planning process to inform and guide the department in organizing and structuring the programs and services offered in Rock County. Additionally, the strategic planning process will serve to identify staffing gaps and serve as a template for performance improvement and more effective workforce development. A vacant public health nurse position has presented the opportunity to address the changing public health environment and scope of work as well as align with strategic planning by converting this position to a community health education coordinator position. This proposed change will be cost neutral in the 2016 budget.

Our current staff, including the nurses, feel that health educators should be an essential part of our team, bringing new skill sets to the agency that will enhance our efforts in population-based health. Many LHDs in Wisconsin employ between one and five health educators. Outagamie and Winnebago counties, as well as the City of Milwaukee currently have open Health Education Coordinator positions. Wood, Pierce, and Oneida counties recently filled similar positions.
