Executive Summary

The Children’s Long Term Support (CLTS) waiver program provides Medicaid funding for children who fall under three separate groups: Developmental Disabilities (DD), Physical Disabilities (PD), and Severe Emotional Disabilities (SED). At present, there are about 145 children served by this program in Rock County.

Historically, the State through a contract with Lutheran Social Services offered CLTS case management for children in Rock County with autism. The State no longer wishes to contract for CLTS services and has directed counties to assume its contracts or directly provide case management services to its resident population with autism. Rock County will assume the responsibility for approximately 100 children presently served by LSS between now and the end of October.

This resolution authorizes the creation of two positions (Case Managers) within the Human Services Department to absorb this additional caseload. Rock County HSD does not desire to run a bifurcated CLTS program considering it is bringing in the contracted CLTS case management with the advent of Family Care in Rock County. Having all county staff providing case management services will allow for improved integration of care and enhanced ability to serve complex cases involved with the CYF Division which may be at risk for out of home placement.

Medicaid billing revenue as well as the administrative dollars in the additional funding are sufficient to cover the cost of the two new Social Worker positions so that no county levy is required.

Amending the 2016 Airport Budget for Repairs to Airport’s Multi-Purpose Equipment

WHEREAS, Rock County, owns and operates an airport known as the Southern Wisconsin Regional Airport; and

WHEREAS, in 1995 the airport purchased a multi-purpose piece of equipment from Wausau Equipment Company; and

WHEREAS, on March 29, 2016 this piece of equipment used for blowing snow and sweeping debris from pavements became inoperable due to the failure of the auxiliary transmission’s power divider; and

WHEREAS, the power divider was designed and built specifically for this machine by Cotta Transmission Company and they have estimated the repair cost to be $36,500; and

WHEREAS, the manufacturer, Wausau Equipment recommends adding an additional lubrication pump, oil cooler, and fan at a cost of $2,300; and

WHEREAS, a contingency fund of $700 is recommended for incidental expenses related to the re-installation of the repaired power divider and upgrades.

NOW, THEREFORE, BE IT RESOLVED, that the Rock County Board of Supervisors duly assembled this _____ day of ________________, 2016 does hereby approve a Purchase Order to Cotta Transmission Company, not to exceed $39,500, for the repair of the Airport’s Wausau multi-purpose unit.

EXECUTIVE SUMMARY
For
AMENDING THE 2016 AIRPORT BUDGET FOR REPAIRS TO AIRPORT’S
MULTI-PURPOSE EQUIPMENT

On March 29, 2016 the power divider failed in a multi-purpose piece of equipment that the airport uses to either blow snow or sweep debris off the paved surfaces of the airport.

The multi-purpose unit was purchased in 1995 and this is the fifth time the power divider has failed. The four previous repairs have been made under warranty by the manufacturer Wausau Equipment, and Cotta Transmission the provider of the power divider.

Cotta has estimated the cost to repair the power divider at $36,500. The manufacturer has recommended adding an additional lubrication pump, oil cooler, and fan to improve the life of the system at a cost of $2,300. I would recommend an additional $700 for incidentals bringing the total cost to repair to $39,500.

Awarding Bid for the Fairgrounds Maintenance & Management-Administrative Services and Amending the 2016 Budget

Executive Summary

This resolution awards the work for fairgrounds maintenance and management – administrative services to Butterfly Ridge, LLC in the amount of $87,600 per year ($47,450 for the balance of 2016).

In early 2016, the County was notified that the two individuals under contract with Manpower would be terminating their services. The cost for performing the maintenance and administrative-management services at the Fairgrounds totaled $40,000. After reviewing several options, the County subsequently bid out the services and one qualified bidder submitted a proposal in the amount of $87,600. The contractor is a current employee of the Milton Schools and has been managing school grounds for several years.

Per the bid specification, the contract term is one year (i.e., thru mid-June 2017) with two additional one-year renewals or a maximum of three years.

Approximately $18,804 remains available in the Fairground’s Repair & Maintenance Services account but an additional $28,646 is needed for the balance of 2016.

The proposed source of funds totaling $28,646, is recommended to come from a supplemental appropriation from the General Fund. The use of the County’s Contingency budget would not be allowable. The 2016 Fairgrounds budget is $150,168. The maximum that can be transferred out of the Contingency budget is 10% of the total (receiving) budget or $15,017.

(Note: another option would be to transfer available Capital Improvement account monies.)

Executive Summary for the Purchase of Panasonic Toughbooks

The Rock County Sheriff's Office utilizes Panasonic Toughbook laptop computers within their squad cars. Each year a number of these are purchased to replace those that are broken, worn, or no longer adequate to operate the software and systems used by the law enforcement staff.

The Panasonic Toughbooks are ruggedized laptops that are made to withstand extreme temperature, excess vibration, and abnormal abuse that are common in police work. Panasonic has developed a less expensive model of laptop than what was available in prior years that meets the needs of the Sheriff's Office. This authorization is for six Toughbooks that will replace units that are several years old and cause regular difficulties for the deputies and Information Technology staff.

The Toughbooks are being purchased from Baycom, Inc. from Green Bay off of state contract (#505ENT-O16-NASPOCOMPUT-02), and include a five-year warranty.

EXECUTIVE SUMMARY

In the 2016 Rock County budget, funding was approved for replacement of the main parking lot at the UW-Rock County campus. The parking lot is in deteriorated condition, and severely in need of replacement.

During the Engineering phase of the parking lot reconstruction, lighting deficiencies were identified. The lighting deficiencies identified safety and security concerns for the staff and users of the UW-Rock County campus. Alternative plans and specifications were developed to be bid with the parking lot reconstruction.

It is the recommendation to approve the alternate bid, and to upgrade the lighting in the parking area as part of the parking lot re-construction. New conduit bases, poles and lights, can be installed as part of the reconstruction.

While there is sufficient funding to cover the project costs, please be aware that funding is being diverted from the UW-Rock Air Handling Unit project, in the amount of $45,782.12. The project contingency of $51,896.00 will also be funded from the Air Handling Unit project if necessary. These funds are available because no bids were received in 2016 for the Air Handling Unit Project due to timing concerns. Funding will have to be restored in the 2017 budget to allow completion of that project.
