Executive Summary

Amending the 2019 UW-Extension Department Budget to Accept Special Project Funds from GWAAR

Greater Wisconsin Agency on Aging Resources (GWAAR) reached out to the StrongBodies Ambassador of WI, Angela Flickinger, to create an online StrongBodies Module Training. The purpose of this project would be for enhanced access to the training for WI residents, specifically to underrepresented audiences. These funds will be used to contract with a company/contracted servicer who has an expertise in online education creation. UW-Extension, GWAAR, WIHA, and ADRC will work in collaboration with each other to complete this project. StrongBodies is an evidenced based strength training program that over 17,000 individuals in WI have already improved their health by participating in. This project would expand the reach of the program to create more improved health outcomes.
