**AMENDING SECTION 6.123(3)(f) AND SECTION 6.127 AND ADDING SECTION 6.123(3)(g) OF THE ROCK COUNTY ORDINANCE**

Executive Summary

The Rock County Public Health Department's issues private onsite wastewater treatment system (POWTS) permits in Rock County. These ordinance amendments and addition are needed to address agreements in a 208 Water Quality Plan Amendment which was put in place to address the potential denial of POWTS permits in sewer service areas with an currently existing 208 Water Quality Plan but outside municipal boundaries. The City of Beloit and City of Janesville have worked with the adjacent Towns to create amendments to the County 208 Water Quality plan to reflect criteria in which a POWTS permit will be denied based on proximity to existing municipal sewer service, parcel size, and the ability of the municipality to provide sewer service in a timely manner. It is the intent of the Rock County Public Health Department to base permit denials on these agreed upon criteria unless municipalities providing sewer service indicate in writing that they will not or cannot serve a property with sewer service.

Changes to Section 6.127 reflect a correction in a citation of the appeal process based on State Statutes. The previous citation was either incorrect or had changed since the last ordinance update.
