TO RECOGNIZE MADELINE MAURER

1 **WHEREAS**, Madeline Maurer has served the citizens of Rock County for over thirty-one (31) years as
2 a dedicated and valued employee of Rock County; and,
3

4 **WHEREAS**, Ms. Maurer began her career on February 1, 1988 with the Rock County Department of
5 Human Services as an Economic Support Specialist. As an Economic Support Specialist, Ms. Maurer
6 worked with individuals in need of Public Assistance programs such as AFDC, Medical Assistance and
7 FoodShare. She provided general and technical information regarding programs of assistance as well as
8 case management services. Ms. Maurer has a strong sense of what a true Economic Support Specialist
9 is and her diligent ways have benefited many Rock County citizens throughout her thirty-one (31) year
10 career; and,
11

12 **WHEREAS**, Ms. Maurer has shown a variety of skills and knowledge for the clients she has served in
13 Rock County. She has provided quality customer service on the call center as an agent with the
14 Southern Consortium Call Center where her expertise was utilized to serve customers in all 7 counties
15 in the consortium. She has been a positive force on the team, demonstrating compassion and
16 understanding for clients and co-workers alike. Ms. Maurer contributes to office morale with her
17 kindness, thoughtfulness, and genuine caring nature. Her time, energy, and talent will be sorely missed;
18 and,
19

20 **WHEREAS**, Ms. Maurer has decided to retire from Rock County after 31 years of dedicated service
21 on February 15, 2019; and,
22

23 **WHEREAS**, Ms. Maurer has proven herself to be a compassionate, caring and committed employee,
24 always advocating for the Economic Support program participants; and,
25

26 **WHEREAS**, the Rock County Board of Supervisors, representing the citizens of Rock County, wishes
27 to recognize Madeline Maurer for her achievements and significant contributions to the citizens of
28 Rock County and her many dedicated years of service.
29

30 **NOW, THEREFORE, BE IT RESOLVED** that the Rock County Board of Supervisors, duly
31 assembled this day of does hereby recognize Madeline Maurer for her 31 years of
32 service and extend best wishes to her in her future endeavors.

RE: Master Plan Priorities Materials

During the presentation of the Facilities Master Plan to the County Board, questions were raised regarding the priority of the proposed projects. To begin that discussion, the attached documents were distributed at the January 15th General Services Committee meeting. They include:

- Prioritizing the master plan 8 years (Revised 1/14/19)
- Current building equipment cost needs
- Debt Service Payments (10-year notes)
- Debt Service Payments (15-year bonds)

As noted in the "Prioritizing the master plan 8 years" document, staff is recommending that the replacement of the Health Care Center (Human Services Building) be the first priority. This is due, in part, to information shown on the "Current building equipment cost needs" document that shows the most maintenance costs, \$10.5 million by 2023, should be devoted to the Health Care Center.

The "Prioritizing the master plan 8 years" document also lays out a potential schedule for other projects identified in the Master Plan. Based on this schedule, the two attached graphs indicating potential increases in the County's debt service schedule depending on whether all projects were funded over a 10-year timeframe or whether the two largest projects, a new Human Services building and a replacement for the Pinehurst building at the Sheriff's Office, would be funded by borrowing over 15 years. Specifically:

- Both graphs assume debt as the only source of funding for each project listed.
- One graph assumes 10 year notes for all projects, while the other uses 15 year notes for the HSD building, 15 year notes Sheriff's Office Admin/Huber project and 10 year notes for everything else.
- The solid black bars illustrate the debt obligations that we currently have.
- The checkered bars assume we will issue \$6 million in debt every 2 years for Highway projects as we currently do.

These graphs are just two high-level scenarios using debt as the only source of funding. Projects could also be partially funded by sales tax revenue, etc.

Using the attached scenarios and current property values and mil rates:

- We would reach a high of 17.5% of our allowed debt capacity in 2023.
- Bond rating agencies look at our percentage of debt service payments to non-capital expenditures. Their recommended maximum percentage is 16.67%. Our high would be in 2025 at approximately 11%.

Before we can proceed with the projects outlined for 2019, staff would like the General Services Committee's approval of priorities so we can most efficiently proceed with developing alternatives. Chair Brill indicated that this item should be on the agenda for the next meeting for further discussion and possible action.

Please feel free to contact us if you have any questions in advance of the General Services Committee meeting on February 5th.

Thank you.

Executive Summary

Amending the 2019 UW-Extension Department Budget to Accept Special Project Funds from GWAAR

Greater Wisconsin Agency on Aging Resources (GWAAR) reached out to the StrongBodies Ambassador of WI, Angela Flickinger, to create an online StrongBodies Module Training. The purpose of this project would be for enhanced access to the training for WI residents, specifically to underrepresented audiences. These funds will be used to contract with a company/contracted servicer who has an expertise in online education creation. UW-Extension, GWAAR, WIHA, and ADRC will work in collaboration with each other to complete this project. StrongBodies is an evidenced based strength training program that over 17,000 individuals in WI have already improved their health by participating in. This project would expand the reach of the program to create more improved health outcomes.

EXECUTIVE SUMMARY

In 2017 the Communications Center was notified that the Harris MASTR III equipment (repeaters, base stations, and receivers) that are required for every public safety radio channel in the County are at End of Life and must be replaced over the next five years. Most of this equipment was installed in the mid-1990's and 2001. The equipment was also re-used and converted to P25 (digital) in 2012 in order to save money during the countywide upgrade for the FCC narrow-banding mandate in 2013.

There are thirteen repeated channels that will need to be updated over the next several years. Approximately two to three channels will be updated per year until all are completed.

In 2019 the County Tac Repeater, Rock Fire Central Repeater, and Beloit Tac 6 link (for County Tac Repeater) will be updated. These channels are utilized regularly by all law enforcement and fire/EMS agencies in the County. At the same time as the update, simulcast will be added to the repeater channels to improve portable radio coverage as has already been done with the County Main and Rock Fire Main channels.

The total cost of the project is \$673,390.99 to include equipment, FCC licensing fees, configuration, programming, and installation. This project was budgeted and approved for 2019.

General Communications is the only certified Harris-Tait (radio system) and Mindshare (dispatch radio consoles) technician in the area and they are the maintenance provider for the Communications Center. Much of the equipment and labor for this project has been priced off NASPO and the State of Wisconsin contracts.

Executive Summary

Retaining SGTS Inc for Professional Services for the Design, Integration, Installation and Commissioning for the Upgrade to the Jail Door Controls System

The Resolution before you awards a contract to SGTS Inc of Madison Wisconsin, for professional services to upgrade the jail door control system. The current Jail door control system is out dated and unreliable. As Rock County's security system integrator, SGTS is being hire to design, install, program and commission the upgrade to the Jail door control system.

Additionally, SGTS will develop the specifications for Rock County Information Technology to provide the required computer equipment. Funds were budgeted for this in 2019.

EXECUTIVE SUMMARY

This resolution authorizes the Land Conservation Department (LCD) to finalize acquisition of the Agricultural Conservation Easement under the Purchase of Agricultural Conservation Easement Program (PACE) for the Lawrence and Sharon Hargarten Property, which is described as follows:

One Hundred (100) acres of real property located in part of Section 2, Township 2 North, Range 13 East, La Prairie Township, and Rock County Tax Parcel Numbers 6-10-9.1.

Acquisition of easement such as this is intended to protect and preserve productive agricultural lands in Rock County, encouraging and promoting the goals of a strong agricultural economy and community identity, intergovernmental cooperation, and a regional land use vision throughout the County.

The value of the Easement was determined by a qualified Real Estate Appraiser and reviewed by a third-party review appraiser, as per USDA-NRCS program guidelines.

If this resolution is approved, the LCD will complete the Easement acquisition process on the Hargarten Property, and submit Easement funding reimbursement documentation to the USDA-NRCS. Acquisition of this easement by Rock County is contingent upon funding from the USDA.

ELIMINATING 3 SERGEANT POSITIONS AND ADDING 4 CORRECTIONAL SUPERVISOR POSITIONS

EXECUTIVE SUMMARY

In late December of 2018, three (3) Sergeants retired from the Sheriff's Office creating three vacancies in the Sergeant ranks. On January 7, 2019, Sheriff Knudson began his term as the elected Sheriff and subsequently reviewed the supervisory staffing needs for both the Jail and Patrol Bureau. He identified a need to ensure supervisory staffing for each color day of the 5/2, 5/3 work schedule shifts. In order to accomplish this level of supervisory staffing, there was a need for nine supervisors for the Jail shifts and nine supervisors for the Patrol Bureau shifts, for a total of eighteen supervisors which is an increase of two supervisors for the Jail shifts.

With input from staff, the Sheriff agreed upon the decision to increase the number of Correctional Supervisor positions. The ability to eliminate three (3) Sergeant positions and add four (4) Correctional Supervisor positions would provide additional career path opportunities for the Correctional Officers. Additionally, the Correctional Officers have demonstrated a strong understanding of the daily Jail operations and best Correctional practices making some of them highly skilled and capable of this career progression to a supervisor position.

The Unilateral Correctional Supervisor position was established as part of the Sheriff's Office 2009 Budget, at Unilateral Pay Plan Pay Grid Range 17, as a Unilateral (C) employee. In September of 2015, (CB resolution Sep. 17, 2015), the Correctional Supervisor position was placed in the Sheriff's Non-Command Staff Unilateral Pay Grid at Range 17A as a Unilateral (C) employee. Personnel Ordinances 18.109 and 18.109(a) address benefits of the labor agreement with the Rock County Deputy Sheriff Supervisors Association related to health insurance provisions for retirees as cited in *Correctional Supervisor 18.109(a)*.

The assignment of Correctional Supervisors to Jail shifts may occasionally result in extended shift mandated overtime due to unplanned absences, such as sick time benefit use, by other Correctional Supervisors. Therefore, there is a need to change the Correctional Supervisor position from a Unilateral (C) employee to a Unilateral (A*) employee category.

There is funding in the Sheriff's 2019 Budget for the three (3) Sergeant positions. Eliminating these three (3) Sergeant positions and adding the four (4) Correctional Supervisor positions would result in a cost savings of \$13,917.64 in the Sheriff's Budget personnel accounts.
