Purchasing Procedural Endorsement and Contract Award

Amending Architect contract for the Jail Project Regarding Existing Sally Port

"NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this _____ day of ________, 2011 does hereby amend the contract with Potter-Lawson in the amount of $7,750.00 in order to revise the plan specifications regarding the existing jail sally port."
Mr. Oistad explained the sally port requires some repair work to the roof and facade as well as a re-evaluation of the security and mechanical concerns and the parking lot. They need to make sure everything will work after it is detached from the building.

Commander Chellevold said they revisited Phase II, the kitchen addition, and with the electronic monitoring it is looking like we won’t need Phase II. He said they thought why tear down a 3,000 sq. ft. building that could be put to good use and would save money by not tearing it down.

Supervisor Mawhinney said this makes good sense.

Mr. Higgs said the electronics need to be looked at for sure, as well as a number of other concerns to make sure the building meets code and security is in place. The building would be used to store snow plows and other equipment.

Chair Owens asked what the original cost to tear down the building was and what the cost would be to leave it up. Mr. Higgs said there was $15,000 budgeted for demolition and the resolution is for $7,750, this is about a $5,000 cost savings to leave the building up. He said the long-range plans have changed and this would be a better use.

Supervisor Combs moved Purchasing Procedural Endorsement and Contract Award on the above resolution, second by Supervisor Mawhinney. ADOPTED.
