RE: Program Request for Phase #1 Jail Renovation Project  

Program Request #029  
Change Order Request #098R  
Total Cost: $ (Not finalized)  

COR #098R pertains to Proposal Request #21R Fire Alarm Modifications.  
COR #098R provides pricing for the following (3) categories of added scope.  

1. **Fire Alarm Integration with HVAC system:**  
The construction documents per addendum #1, directs the contractor to install (16) control module relays adjacent to the existing fire alarm panel. As a result of several months of investigation of how the fire alarm system integrates with the HVAC system, PTI/AO along with assistance from Honeywell, and RC maintenance staff, were able to determine the actual "Sequence of Operation." Further review of the system determined that the integration of existing HVAC system with the new Fire alarm system will require a total of (32) control module relays. These relays will need to be installed at the location of the HVAC control panels at each mechanical room.  

2. **Fire Alarm integration with existing Sprinkler Pre-action system:**  
The construction documents identified the pre-action system, and provided language directing the contractor to monitor this system with the new Fire alarm system. The existing Pre Action system is an analog system, that is monitored and controlled by an existing analog fire alarm system, with control of this system at each pod location (6) total. Proposal Request #21R, directs the pre-action system to be monitored and controlled at the new central controls room with the new Digital Fire alarm system. A custom control panel with individual timers and abort switches will be utilized at (1) location, to monitor all (6) of the Pre-Action Sprinkler systems. Manual pull stations will be installed at each of the (6) locations allowing Correctional officers the ability to activate the sprinkler system if needed. Aborting will be performed at Central Controls area.  

3. **Department of commerce review changes:**  
The Construction documents require the contractor to submit the fire alarm drawings to the Department of Commerce for review and approval. The Department of Commerce approved the drawings with a request for several additional items ranging from added visual strobes to manual pull stations. Potter Lawson, along with A&O working with the Department of Commerce was recently able to reduce this added scope.  

The total cost for Fire Alarm upgrades as noted above is $177,370.99. The Project team has been working with the Contractors, and the Department of Commerce in an effort to clarify scope and reduce cost. Contractors will be submitting revised cost to Samuels Group for final review. Final cost will be presented for approval at General Services Meeting on 7/19/11.

RE: Program Request for Phase # 1 Jail Renovation Project

Program Request # 026

Change Order Request #105
Total Cost: $ 20,137.24 (T&M/NTX)

COR # 105 pertains to the cost to provide power to exterior light poles and signs at existing Sheriff's Department.

The power circuit feeding the existing site lighting and signs at the north side of the jail was removed as per the construction documents for the new jail addition. COR # 105 is for cost associated with providing a new feed for (5) light poles and (2) signs. The as built documents that were used by Potter Lawson / A&O for the jail addition did not include these fixtures.

Scope of work includes;
- Installing a lighting contactor in the electrical closet of the new addition to be controlled by the same photo cell controlling the new site lighting.
- Directional bore a 1 ¼" HDPE conduit from the north side of the building addition, under the sidewalk and under the existing service entrance road.
- Install a quazite junction box on the north side of the service entrance road to intercept existing underground raceway.
- Remove all existing CU conductors per code to existing poles and signs. Signs will be on a dedicated circuit.
- Rake and grass seed fresh excavated areas caused by this repair.

RE: Program Request for Phase # 1 Jail Renovation Project

Program Request # 030

Change Order Request #078R
Total Cost: $134,235.29

COR # 078R pertains to Proposal Request # 11 West Parking Area Modifications.

COR 078R provides pricing for the following modifications to the West parking area at the Rock County Sheriff's Office:

1. Storm water management; added storm water manholes and piping.
3. Tree removal.
4. Remove existing landscape stone, replace with topsoil and grass seed.
5. Grading & stone sub base.
7. Furnish and install 3” asphalt.
8. Replace sidewalks as shown on plan, install sealant as noted.

Additional allowances requested;

Soils Remediation, PSI Technician, Private Utility locates. Hand auger inspections performed by PSI (summer of 2010) indicates that gravel base was placed on top of organic soils. Remediation will be required in this area utilizing unit pricing provided with TNB base bid. Due to depths of anticipated undercutting, private utilities will need to be located. Existing asphalt areas will be "proof rolled"; minor remediation is anticipated.

**Total Cost; $ 5,002.40**
COR # 117 pertains to RFI # 211 Reroute Electrical Power / Data Circuits.

COR 117 provides pricing for work performed to re route power and data branch circuits that were piped through walls that were removed as per the construction documents. The circuits were not shown on as built documents, additionally, the practice of installing branch circuits in this fashion is no longer allowed by code.

**Change Order Request #118**
**Total Cost; $ 3,621.19**
COR # 118 pertains to RFI # 223 Modulating Smoke Damper.

COR 118 provides pricing to add motor operated damper and controls for the HVAC system to close off air to corridor during smoke control sequence.

APPROVING ADDITIONAL CONTINGENCY FUNDING FOR JAIL RENOVATION PROJECT

WHEREAS, the County in awarding the Jail Renovation Project to Tri-North Builders also established contingency funds to cover unforeseen conditions and necessary changes that may arise throughout the course of the Jail Renovation project as contained in Resolution #10-38-520; and,

WHEREAS, two separate contingency funds were established, one to address the soil conditions and unforeseen conditions in the amount of $289,825, and the other to address owner-directed changes in the amount of $289,825; and,

WHEREAS, the new addition to the jail was completed in June and the renovation is scheduled for completion by November of this year; and,

WHEREAS, the Fire Alarm system replacement is a particularly complex issue that will result in completion by February of 2012; and,

WHEREAS, both contingency accounts have been depleted and the Samuels Group acting as the Owner’s Representative recommends replenishing the Contingency.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly assembled this ______ day of __________, 2011, does hereby establish the following contingency accounts for the balance of the Jail Renovation project with funds to come from available Jail/Health Care Center Complex Capital Projects Account budget resources:

1. Furniture, Fixtures and Equipment - $15,000
2. Contractor - $250,000

BE IT FURTHER RESOLVED, that the General Services Committee be delegated the authority to approve all change orders for Phase One of the Jail Renovation Project and report any change orders over $10,000 to the Rock County Board of Supervisors at its regularly scheduled meetings.

EXECUTIVE SUMMARY

In March 2010 the County awarded the Jail project bid to Tri-North Builders in the amount of $5,796,500. The Jail project covered approximately 25,000 square feet of building addition, 6,330 square feet of renovation and replacement of the security and fire alarm systems. An Emergency Services Vehicle storage building was subsequently added to the project scope.

The building addition was completed in June of this year. The renovation began in June and is anticipated to conclude in November of this year. The fire alarm system is anticipated to be completed by February 2012.

The resolution (#10-3B-520) awarding the project to Tri-North Builders also established two contingency accounts. The Samuels Group suggested having two separate contingency funds to allow for better tracking of change orders, even though both were funded from the same project account. Each contingency amount represented 5% of the total construction costs. Use of the amounts was made via change order reviewed and approved or modified by the General Services Committee.

The first Contingency in the amount of $289,825 provided supplementary resources to address the soil conditions and any unforeseen conditions or necessary changes that were discovered throughout the course of the project.

The second contingency was also in the amount of $289,825 and was an owner-direct purpose. These types of change were those that were not necessary for structural or construction purposes, but rather were improvements recommended by the project team—including staff from the Sheriff’s Office—that in their opinion were necessary to improve the project’s functionality.

Major change orders approved by the General Services Committee included:

1. Soils-related activity $305,745
2. Fire Alarm System modifications $97,604
3. Corridor Ceiling modifications $55,597

To date, the combined contingencies stand at a -$39,371.

A parking lot improvement located west of the Pinehurst building area was added to the project scope to address drainage concerns and has not yet been addressed due to the contingency budget limitations. The cost estimate obtained by the Owner’s Representative is an amount not to exceed $180,000 and includes additional funding related to soil conditions.

The request is to establish the following two contingencies:

1. Furniture, Fixtures and Equipment (FF&E) in the amount of $15,000 and allows Sheriff’s staff to purchase remaining items. Originally estimated at $440,000, approximately $174,000 has been spent to date.
2. Contractor in the amount of $250,000 based upon the following:
   a. $40,000 for the year-to-date deficit.
   b. $45,000 for a contractor contingency covering unforeseen issues that may arise during the remainder of the project. (Note — This amount represents approximately 7.5% of the Tri-North Builders contract balance.)
   c. $180,000 for the West Parking Lot paving project (a pending change order).
   d. $21,000 for Exterior Lighting modification (a pending change order using the more expensive of 2 options).
e. $36,000 in savings from unspent Jail project contract commitments (primarily Potter Lawson architect reimbursable fees).

The grand total of requested contingencies is $265,000. Funding is available in the Jail/Health Care Center Complex Capital Projects Account budget.

Finally, this resolution continues the previously approved action that delegates authority to approve all change orders on this project to the General Services Committee of the Rock County Board of Supervisors. Current County Board Rules specify that change orders over $10,000 are to be approved by the full County Board. However, in certain circumstances, such as those involving unsuitable soils as described above, a delay in approving change orders may have the effect of shutting the project down for a period. Delays of this type could have large cost implications for the overall cost of the project. The flexibility of convening a smaller committee to address change orders would allow the County to respond more quickly to unforeseen conditions and save overall construction costs.
