Updates.

Jail Project

Update Report  Mr. Higgs said the finishers are working on the tile, fixtures and mechanicals and they are waiting on the glazing. They are hoping to do the asphalt the first week of May.

Chair Owens asked about the potholes. Mr. Higgs said he took many pictures of the roadway prior to work beginning and Tri-North will repair anything they damaged. Chair Owens asked Mr. Higgs to get bids for doing parking lots and roadways.

Change Orders

Fiber Optic Cable Replacement Item  Mr. Higgs said, regarding the fiber optic line Silha damaged, they met last week and the County’s insurance provider told us to repair the line, keep track of the costs and they will go after the contractor for reimbursement. He said the ballpark figure is about $48,000.

UW Rock County – Landscaping

Update Report  Mr. Leu handed out a Landscaping Corrective Work Plan (attached), which shows work will begin after April 1, 2011 and seeding completed by May 30, 2011. Watts will maintain the lawn for a period of at least 60 days. Maintenance includes watering, fertilizing, weeding and mowing.

The Committee expressed their concern that the plants may not make it through a winter due to salting and by this time the warranty will not be in effect and we will have to replace them. Supervisor Mawhinney asked for a copy of the plants they plan on planting. Chair Owens suggested they use a deicer that does not include sodium. Supervisor Brill requested a log of when anything and everything is done to the lawn, including watering.

**Discussion on Security on Offices After Hours** Ms. Stottler informed the Committee that her office has been left open three times since the new cleaning crew has started.

The Committee discussed the possibility of locking all but the main front door facing Main Street, having signs on all but the main door stating that the door is locked from xx P.M. to xx A.M., and having the night maintenance person and the cleaning supervisor walk through the courthouse to make sure doors are locked and closed and to make note of any problems.

Chair Owens requested this item be referred to the Courthouse Security Committee. He added that we need to be cognizant and look for ways to correct this.

**Review and Possible Action on Consideration of Office relocation: County Clerk and Financial Services.** Mr. Smith said part of his office, under the supervision of Ms. Oja, is spread out in three offices at this time. It will be more efficient and make cross-training easier to have them all located in one office. The anticipated costs are minimal and the County Clerk would actually end up with more room. He added that Mr. Knutson is supportive of this move.

Ms. Stottler said at the Finance meeting, signage, such as in malls, was a condition of the move. Chair Owens suggested the possibility of adding color-coding also. Ms. Stottler added that it was also suggested to have a description of the services offered by the departments to help the citizens know which department they need to visit.

Supervisor Heidenreich moved approval of the relocations of these offices, second by Supervisor Brill. ADOPTED.

**Communications and Announcements.** Supervisor Brill asked the status of the carpet in the Courthouse. Mr. Leu said it would be within the month.

Supervisor Brill asked about the status on the control panels for Juvenile Probation. Ms. Millis said it is out to bid now and due back either May 2nd or 3rd.
Chair Owens requested the Rock Haven project be added to the next agenda.

The Committee suggested a joint meeting with Finance Committee and Health Committee to discuss the Rock Haven project.

**Adjournment.** Supervisor Brill moved adjournment at 9:16 A.M., second by Supervisor Mawhinney. ADOPTED.

Respectfully submitted,
