She said the first three they are hoping to have in the 2013 budget. These three items are: emergency voice response system, which is a security priority and will help keep staff and students informed and safer; HVAC improvements are a priority due to the State energy savings funds available, which would cover about 2/3 of the cost; and concept design, which is the next step of the Master Plan (Phase 3). She said the maintenance building would have an impact in all areas of the campus as well as resolving some of the HVAC issues and would resolve the need for garage storage. **Resolution.**

**Authorizing Purchase of Televisions for Rock Haven**

“NOW, THEREFORE, BE IT RESOLVED, that the Rock County Board of Supervisors duly assembled this _____ day of ________, 2012 does hereby recommend that a Purchase Order be issued to Best Buy, Richfield Minnesota for up to $106,598.22 for the purchase of TVs, mounts, remote controls and cables for Rock Haven.”

Supervisor Brill moved approval of the resolution, second by Supervisor Heidenreich. ADOPTED.

**Permission to Sell Items Outside the County Auction – Council on Aging and Public Works Department.** Supervisor Brill moved approval of the resolution, second by Supervisor Heidenreich.

Ms. Millis handed out a packet of information on Wisconsin Surplus explaining what they do and do not do, comparable items listed on their website, and a list of satisfied customers. Ms. Millis said they average over two million hits per month and there would be no charge to the County to have the items on the website as long as we do the listing to the site.

Supervisor Heidenreich said he has been on the website and it is very nice.

Ms. Millis said the County would be able to list items throughout the year instead of doing it only once, and we would also have a larger buyer base bidding on the items.

Supervisor Brill said he visited their facility in La Crosse and was very impressed.

Mr. Faltz explained that they update their site when items are sold and an e-mail is sent to the buyer. He said they ask for a department contact person so if any questions come up they are able to talk directly to the people who can answer them.

Ms. Millis explained the request today is for approval to sell these items listed and, if all goes well, she will be back to request permission to do this permanently.
Mr. Coopman asked if they would need to transport the vehicles/equipment or if they would keep it at the department location. Mr. Faltz said if they bring a vehicle to their facility they would charge $55 per vehicle.

Mr. Connors said UW Rock County has used Wisconsin Surplus and this has worked very well for them as well as being extremely easy.
