RESOLUTION
ROCK COUNTY BOARD OF SUPERVISORS

General Services
INITIATED BY

General Services Committee
SUBMITTED BY

Rob Lew, General Services Dir.
DRAFTED BY

March 3, 2010
DATE DRAFTED

TITLE

RETAINING ENGINEERING FIRM TO PREPARE SPECIFICATIONS FOR CAMERA
AND SECURITY CONTROL UPGRADES AT THE JUVENILE DETENTION CENTER

WHEREAS, the Juvenile Detention Center opened in 1995; and,

WHEREAS, the camera system and the controls for the doors, lighting and security in general, are
original to the building; and,

WHEREAS, repairs to the current systems are becoming increasingly difficult due to obsolescence; and,

WHEREAS, the systems need to be replaced and upgraded; and,

WHEREAS, in order to bid the project, engineered plans and specifications need to be prepared.

NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors, duly
assembled this ___ day of _________, 2010 does hereby retain the firm of Arnold & O’Sheridan,
Inc., in the amount of $25,000 to prepare plans and specifications for the replacement and upgrade of the
camera and security control systems at the Juvenile Detention Center.

BE IT FURTHER RESOLVED that payments be made to the firm upon approval of the General
Services Committee.

Respectfully submitted,

GENERAL SERVICES COMMITTEE

Phillip Owens, Chair

Hank Brill, Vice Chair

Ivan Collins

Ronald Combs

Mary Mawhinney
FISCAL NOTE:

$110,000 is included in the Juvenile Detention Center Capital Project, A/C 18-1850-0000-67200, for camera and security central upgrades. This project is funded by the 2008 debt issue.

Jeffrey A. Smith
Finance Director

LEGAL NOTE:

The County Board is authorized to take this action pursuant to sec. 59.01 and 59.51, Wis. Stats. Professional services are not subject to the bidding requirements of sec. 59.52(29), Wis. Stats.

Jeffrey S. Kuglitsch
Corporation Counsel

ADMINISTRATIVE NOTE:

Recommended.

Craig Knutson
County Administrator
Executive Summary

Camera / Security Electronics Upgrade at the Juvenile Detention Center.

The resolution before you hires the engineering firm to prepare the plans and specifications for camera and security control upgrades at the Juvenile Detention Center. Due to obsolescence, repairs to the 15 year old system are becoming difficult.

Once the specifications for the project are complete, bids will be solicited for the work.

Specifically, the project will add cameras in the four dayrooms with video recording capability. Other cameras will be replaced, and an alternate bid for cameras in select cells will be obtained.

The security control system operates doors, locks, and lighting. The current system will be replaced with new touch screen technology, replacing the older, worn out membrane control panel. The new system will allow control from a single workstation during sleeping hours, making the facility more staff efficient. The new system will be non-proprietary, which means future upgrades, maintenance, and expansion can be competitively bid, versus being married to one system.

The estimated cost of the project will become clearer once the exact scope of the project is defined.

DATE DRAFTED

Hiring Firm to Refurbish the Courthouse Sidewalk Elevator

WHEREAS, the sidewalk elevator that transports trash to the dumpster is original to the Courthouse and
has deteriorated beyond repair; and,

WHEREAS, specifications for repair were prepared and bids solicited with the bid results attached.

NOW, THEREFORE, BE IT RESOLVED by the Rock County Board of Supervisors duly assembled
this ______ day of ________, 2010, that a Purchase Order be issued to Advanced Elevator of
Big Bend, WI in the base bid amount of $11,300.00, plus $750.00 for replacement of the call station bell
for a total cost of $12,050.00.

BE IT FURTHER RESOLVED, that payments be made to the vendor upon approval of the General
Services Committee.

Respectfully submitted,

FISCAL NOTE:

$10,000 was included in the 2008 Courthouse Facility Project, A/C 18-1842-0000-67200, for the sidewalk elevator cage repair. This funding appropriation was funded by the 2008 debt issue and has been carried forward to 2010. Sufficient funding is available for this contract from this capital project account appropriated for other courthouse capital projects such as the parking ramp and carpet replacement.

Executive Summary

Authorizing Repair to the Sidewalk Elevator at the Courthouse

The Resolution before you hires the low bidder, Advanced Elevator of Big Bend, WI, to refurbish the sidewalk elevator at the Courthouse. The elevator is located at the east end of the building and goes up one level and opens to the outside where the trash dumpsters are located. The sidewalk elevator is used to haul trash to the dumpster area. The total cost of the work will be $12,050.00

Re: Authorizing Purchase Off of State Contract

Three classrooms in Andrews Hall on the UW Rock Campus have the 9x9 floor tiles that contain asbestos. The tiles are deteriorating and new tile floors are needed. Halverson's of Janesville has the State Contract and will install the new tile floor for $6,849.00. Because it's over $5,000, and is a purchase off of State Contract, Purchasing requires Committee approval. State Contract #11-36020-900

AWARDING CONTRACT FOR CONSTRUCTION
OF PHASE ONE – JAIL RENOVATION PROJECT

1 WHEREAS, the design team for Phase One of the Rock County Jail Renovation Project, composed of
2 the architectural firm of Potter Lawson and their consultants, owner's representatives from the Samuel's
3 Group, and staff from the Rock County Sheriff's Office, completed construction documents for the
4 project; and,
5
6 WHEREAS, bids were solicited for the base project and three alternates; and,
7
8 WHEREAS, seven general contractors submitted bids for the base project and alternates which were
9 reviewed by the Purchasing Division, Sheriff's Office staff and the Samuels Group; and,
10
11 WHEREAS, Tri-North Builders of Fitchburg, Wisconsin, was determined to be the lowest qualified
12 bidder; and,
13
14 WHEREAS, contingency funds are needed to cover unforeseen conditions and necessary changes that
15 may arise throughout the course of the project; and,
16
17 WHEREAS, current County Board Rules specifying that all change orders over $10,000 must be
18 approved by the full County Board may cause additional project costs by delaying construction progress.
19
20 NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors duly
21 assembled this ______ day of ________, 2010, does hereby award a contract for
22 construction of Phase One of the Jail Renovation Project to the lowest qualified bidder, Tri-North
23 Builders of Fitchburg, Wisconsin, in the amount of $5,796,500; and,
24
25 BE IT FURTHER RESOLVED, that two separate contingency funds be established, one to address
26 unforeseen conditions in the amount of $289,825, and the other to address owner-directed changes in the
27 amount of $289,825; and,
28
29 BE IT FINALLY RESOLVED, that the General Services Committee be delegated authority to approve
30 all change orders for Phase One of the Jail Renovation Project and report any change orders over
31 $10,000 to the Rock County Board of Supervisors at its regularly scheduled meetings.

PART 1 – OWNER DIRECT PURCHASES MADE THROUGH CONTRACTOR EXEMPT FROM TAX  
PART 2 - COSTS EXCLUDED FROM PART 1 TO PERFORM ALL WORK  
TOTAL OF PART 1 AND 2 EQUALS THE BASE BID

ALTERNATE 1 – SHERIFF’S ACCESS ROAD SHALL REMAIN IN LIEU OF REMOVAL AND RESTORATION OF LAWN AREA.  
ALTERNATE 2 – PROVIDE ALL WORK REQUIRED TO FURNISH AND INSTALL SECURITY CAMERAS IN EXISTING DAY ROOMS.  
ALTERNATE 3 – PROVIDE ALL WORK REQUIRED TO MOVE EXISTING BOAT STORAGE BUILDING.
EXECUTIVE SUMMARY

On October 22, 2009, the Rock County Board of Supervisors approved moving into the construction documents and bidding phase of the Rock County Jail Renovation Project. As a result of that action, construction documents were completed and bids solicited for the project. When bids were received, Tri-North Builders of Fitchburg, Wisconsin was determined to be the lowest qualified bidder. Their base bid for Phase One of the project was $5,708,000, which includes construction of a booking addition and sally port, renovation of the medical area, updating security electronics, a new fire alarm system, and replacement of kitchen equipment.

Along with the base bid for the project, three alternate bids were also solicited. These alternates, along with Tri-North’s bids, were as follows: paving of a temporary access road to the area of the emergency vehicle storage garage, impound lot and Sheriff’s vehicle parking area ($13,500); addition of surveillance cameras in existing pod dayrooms to satisfy anticipated federal Prison Rape Elimination Act (PREA) requirements ($60,000); and moving the current boat storage garage off site, for future reuse at the community garden ($15,000). These alternate bids are recommended, bringing the cost of the bid award to $5,796,500. Sufficient sales tax proceeds that have been collected for this purpose are available to cover these costs, and no borrowing will be necessary.

In addition to approving Phase One renovations and all three alternates, this resolution creates two contingency funds. One contingency fund is designed to provide supplementary resources to address any unforeseen conditions or necessary changes that are discovered throughout the course of the project and would be established in the amount of $289,825 or 5% of the total construction costs. An example of this type of need involves soil conditions at the construction site. It is known that there probably will be some unsuitable soils found during the initial stages of construction. Instead of bidding for the replacement of all soil at the site with engineered soils, it was determined that it would be less expensive for the County to have an engineer on-site to test soil as it is excavated. If some soil is found that needs replacement, it will be cheaper to only replace that soil than it would have been to bid for replacing it all. However, the replacement of only the unsuitable soil will be a change order, to be paid from the contingency.

The second contingency fund would be used for owner-directed changes. These types of changes, which would also be approved through the change order process, are those that are not necessary for structural or construction purposes, but rather are improvements recommended by the project team—including staff from the Sheriff’s Office—that in their opinion are necessary to improve the functioning of the facility. An example could be if review of workflow determined that an additional computer workstation would be desirable and an additional data port, not included in the design, needed to be installed. This contingency fund would be established in the amount of $289,825, or 5% of total construction costs. The Samuels Group has suggested having two separate contingency funds to allow for better tracking of change orders, even though both will be funded from the same project account.

Finally, this resolution delegates authority to approve all change orders on this project to the General Services Committee of the Rock County Board of Supervisors. Current County Board Rules specify that change orders over $10,000 are to be approved by the full County Board. However, in certain circumstances, such as those involving unsuitable soils as described above, a delay in approving change orders may have the effect of shutting the project down for a period. Delays of this type could have large cost implications for the overall cost of the project. The flexibility of convening a smaller committee to address change orders would allow the County to respond more quickly to unforeseen conditions and save overall construction costs.
## Request for Proposal

Request for Proposal was advertised in the Janesville Gazette. Six additional agencies were solicited that did not respond. One Proposal was rejected because it was received after the due date and time.

Proposals were evaluated based on the following criteria:

- Completeness of Response – 25 points maximum
- Technical Approach – 25 points maximum
- Organization, Personnel & Experience – 25 points maximum
- Cost Estimates – 25 points maximum

EXECUTIVE SUMMARY

This Request for Proposals (RFP) for Residential Support Services was sent to twelve qualified agencies that are licensed to provide such services in the State of Wisconsin.

The purpose of this RFP was to provide all qualified and interested agencies with the necessary information to submit a proposal to provide comprehensive and appropriate residential services for up to six (6) consumers. The designated consumers are a diverse group of individuals who possess unique abilities as well as significant and challenging residential support needs.

Minimum service expectations include providing a safe, person centered, residential setting where each consumer's unique strengths and weaknesses, as well as their needs and preferences, are addressed to the fullest extent possible.

Each responding agency was asked to submit a proposal to serve a portion or all of the six (6) designated consumers.

The selected agency will be responsible to design, implement, manage and meet specified quality assurance criteria in the ongoing provision of services to the designated consumers. Quality assurance criteria will be developed and monitored by the Rock County Developmental Disabilities Board. The individual consumer's Case Manager or Service Manager will also be responsible to monitor all aspects of quality as is reflected in the Individual Support Plan.

Five Proposals were received by the due date and time. These Proposals were reviewed and evaluated based on the criteria set forth in the RFP. All five raters ranked Creative Community Living Services of Watertown, Wisconsin highest. Creative Community Living Services is the current provider of these services for the six (6) consumers involved.

The intent of this Request for Proposals is to enter into a partial year contract through the end of 2010 with the option to re-new for two additional one-year periods. The contract period will run from approximately March 15, 2010 through December 31, 2010.
To: The General Services Committee  
Fr: Rob Leu, GS Director  
Date: March 11, 2010  
Re: Parking Ramp Maintenance and Repair

Kevin Graham from Arnold & O'Sheridan, and I, have come to a consensus on what engineering services are needed relative to the specifications for maintenance and repairs to the two parking structures. I discussed various scenarios with him ranging from seeking bids for all the work outlined in his September reports, down to prioritizing the work and seeking bids for individual pieces, thus awarding the work based on funds available. His recommendation is to bid the work on a unit price basis, which gives us control over pricing and work to be done. Because the reports offer known quantities, such as length of sealant needed, we could seek lump sum bids with unit pricing for additional work.

The cost of the engineering services is $6,700.00. This will cover defining the exact scope, preparing the technical information for the specifications, attendance at the pre-bid meeting, site visits during construction, and at closeout.

If the Committee agrees to move forward, the engineer can begin work within a week, with bid documents ready by the end of April. Bids would be due by the end of May, with County Board action on June 10th. Because of the need to phase the work around the need to keep the ramps partially open, the work could take up to 75 days, depending on what work is awarded.

I therefore need your approval to proceed with hiring the engineering firm.

Thank You
