Mr. Byrnes, Ms. Borlick handed out maps and tables. Ms. Stottler explained that when the State first drafted the boundaries they used census block information, which they found out recently does not match with the counties information. The State has asked that the census block information be removed from the ordinances and to use the more accurate county information to help alleviate possible future problems. Ms. Stottler asked the Committee what they thought would be most helpful at County Board. The Committee felt the table would be the more helpful and less confusing than the maps.

ADOPTED.

**Discussion on Investment Advisor.** Ms. Oja informed the Committee that Cutwater is still working on obtaining a representative in Wisconsin. Mr. Kuglitsch and Ms. Oja said the RFP had required a representative in Wisconsin, which Cutwater had at the time, but the contract does not state this. She asked the Committee if they felt the County should go out for RFP, or continue with Cutwater until the end of 2013. The Committee said they are happy with Cutwater at this time and asked that staff discuss if a representative in Wisconsin is still necessary with so much being done electronically now. Staff will discuss this, bring the results back to the Committee, and a decision will then be made at the end of 2013 to either go out for RFP or to use the renew option until 2016.

**Report on Cash Balances and Investments.** Ms. Oja updated the Committee on cash balances and investments as of February 29, 2012 and handed out the County Sales Tax Receipts for February 2012.
