EXECUTIVE SUMMARY

This resolution authorizes the Rock County Land Conservation Committee to submit an application to the Wisconsin Department of Agriculture Trade and Consumer Protection (DATCP) for Clean Sweep grants in 2021 for Household Hazardous Waste (HHW) and Ag. The Land Conservation Committee sponsored the last Clean Sweep Program in 2020. The Health Department applies for a prescription drug collection grant independently of this application.

The Clean Sweep Program provides affordable and safe disposal of unwanted hazardous chemicals to county residents, eligible businesses, and units of government at two to three drop-offs events per year in Rock County. Chemicals banned from disposal in the landfill system will be collected through this program.

The application period for the 2021 program year is now open and closes September 28, 2020. A presumed award amount of \$5,500 has been included in preliminary budget preparation documents. The combined HHW and Ag grants make up approximately 15% of the program's annual budget with the balance coming from annual voluntary contributions from cities, villages, towns, and County ATC funds.

This is a reimbursement grant that requires a 25% local match of the final award as cash and/or in-kind. The County intends to meet the 25% match with the activities associated with this event including contracted vendor services at drop-off events and outreach to the public on hazardous waste.
