I USED MY 1988 FIELD OBSERVATIONS

C) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

ACCEPTED FD CUT LIMESTONE AS THE NW COR SEC 6 T4N R11E,  
THE NE COR SEC 1 T4N R10E, AND THE SE COR OF SEC T5N R10E  
SE COR OF RUTLAND TWP.

D) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (a), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 4 of the witness monuments shown on the drawing in (a), above.

THE 1857 RD RECORDS [BK 1 PG 10] CALLS FOR THE SURVEY OF  
THE ROAD. IT CALLS FOR THE SE COR SEC 36 T5N R10E AS 132.0'  
SOUTH OF THE NW COR OF SEC 6 PORTER TWP.

THIS IS IN CONFLICT WITH THE 1833 FIELD NOTES BY MULLETT &  
BRINK (SEP 22<sup>ND</sup>) T5N R11E WEST ON SOUTH SIDE SECTION 31

5187.60 INTERSECTED RANGE LINE AT TEMPORARY  
POST SET POST CORNER TOWNSHIPS 4 & 5  
RANGES 10 & 11 E WHITE OAK 14 S11E  
56.76'; WHITE OAK 18 N1 1/2W 80.52'  
LAND ROLLING SECOND RATE WHITE BLACK  
AND BUR OAK. SEPT 22 1833

THERE ARE N/S CLOSING CORNERS BETWEEN T4N R10E & T4N R11E  
WHICH ARE DOCUMENTED ON THE ORIGINAL GOVERNMENT PLAT.  
THE ORIGINAL FIELD NOTES AND PLATS DO NOT SHOW A JOG OF  
132' AS CALLED FOR IN THE ROAD RECORD. THE 132' CALL FOR  
THIS JOG MAY BE BECAUSE OF THE N/S 132 JOG IN RD R/W THAT  
WAS CALLED FOR IN THE 1867 TOWN RD RECORDS BK 2 PG 7. RD  
RECORDS BK 2 PG 7 CALLS FOR THE JOG TO OCCUR AT THE N 1/4  
COR SEC 6. IT APPEARS THIS WAS TO GET AROUND MR. SAVAGES  
ORCHARD.

(E) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning the corner location. NO

I, Donald Barnes, hereby certify that the corner location as identified by the corner code index was determined by me under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
