SHEET 2 OF 3

CORNER CODE Z-7

UN624 S1/4CORSEC32

C) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

**ACCEPTED POLY MON., WHICH PERPETUATES THE CUT LIMESTONE.**

D) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (a), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 4 of the witness monuments shown on the drawing in (a), above.

**NONE**

(E) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning the corner location.

**NO**

I, **Donald Barnes**, hereby certify that the corner location as identified by the corner code index was determined by me under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
