Local Outbreak of COVID-19

Oak Park Place has given us clearance to identify their facility as the one referenced in last week's update. Of the 14 additional positive cases confirmed over the weekend, 4 were residents of Oak Park Place; for a total of 6 cases at that facility to date. Three of the four newly confirmed cases are hospitalized and the fourth one is isolated in a separate wing at the facility. It is with great sadness that we report that one resident has died of complications from COVID-19. The person had been hospitalized, was the first case reported from this facility, and the 2nd confirmed COVID-19 related death in the county. We extend our sincere condolences to the family and friends.

The Rock County Public Health Department has been working with Oak Park Place to contain and mitigate the spread. We have been able to locate additional personal protective equipment (PPE) for them, with the support of local emergency operating centers (EOCs). RCPHD has been in contact with anyone who may have been in close contact with a positive individual at that facility as well.
