Land Conservation Committee
2010 Conservation Tour
Wednesday, June 16, 2010

Itinerary

1. **Depart USDA Service Center @ 9:30 a.m.**
2. **Arrive at Larson Acres, LLC. @ 10:00 a.m.** Larson Acres, LLC is Rock County's largest dairy producer. The operation is currently undergoing a large expansion of the dairy facilities and dairy herd. Sandy Larson will provide a presentation and guide the tour. The LCC will review different BMPs installed on the farm to safeguard water quality.
3. **Lunch @ 12:30:** Lunch will be served at Larson Acres. Depart Larson Farms @1:15 pm.
4. **Arrive Avon Bottoms @1:10 pm.** A majority of the cropland in the Sugar River flood plain has been enrolled in various USDA programs. Alice Klink, USDA Biologist will be present for a presentation and questions regarding this effort.
Depart at 2:45 pm.
5. Arrive at the LCD Office at **3:20 pm.**

Please note the LCC Tour Van will stop at various road stops during the trip to highlight various projects.
