

# Rock County Reopening Phased Plan

**Governor Ever's Executive Order #94: Relating to Actions Every Wisconsinite Should Take to Protect their Family, Friends, and Neighbors from COVID-19**

All individuals should stay home as much as possible and only make trips when necessary, such as to go to work, pick up groceries, or refill prescriptions. Avoid gatherings of any size between individuals who are not members of the same living unit or household.

Order to follow:

[https://content.govdelivery.com/attachments/WIGOV/2020/11/10/file\\_attachments/1598467/EO094-COVIDRecommendations.pdf](https://content.govdelivery.com/attachments/WIGOV/2020/11/10/file_attachments/1598467/EO094-COVIDRecommendations.pdf)

Action	SAFER AT HOME	PHASE ONE 11/16/2020	PHASE TWO	PHASE THREE
Phase progression	Most Restrictive	If major outbreaks occur, enact all measures possible to stay within current phase and consider return to previous phase		
Benchmarks to Meet to Move to Next Phase	If all benchmarks are at least yellow, move to Phase One	If 50% of benchmarks that entered Phase One as Yellow improve to Green and there are no Red, move to Phase Two	If benchmarks are all Green and there are no regional concerns, consider moving to Phase Three with special consideration also given to current outbreaks and community spread	Continue in this phase until widespread protections are available, i.e. vaccine

**General guidance for all Rock County residents: Physical Distancing and Protective Measures\***

\*Individuals who are at higher risk should consider taking additional precautions; telework & tele-education is encouraged

Guidance to follow:

WEDC: <https://wedc.org/reopen-guidelines/>

CDC: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>

DHS: <https://www.dhs.wisconsin.gov/covid-19/protect.htm>

Wash hands often	Yes	Yes	Yes	Yes
Cover coughs	Yes	Yes	Yes	Yes
Don't go out if ill, contact provider about being tested for COVID-19	Yes	Yes	Yes	Yes

## Rock County Reopening Phased Plan

Surface and object cleaning	Yes	Yes	Yes	Yes
Isolation of positive cases	Yes	Yes	Yes	Yes
Quarantine of contacts of positive cases	Yes	Yes	Yes	Yes
Voluntary quarantine of travelers from high-risk areas	Yes	Yes	Yes	Yes
Positive cases notify their close contacts of the need to quarantine	Yes	Yes	Yes	Yes
Physical distancing of 6 feet	Yes	Yes	Yes	Yes
Use of mask or cloth face covering	Yes	Yes	Yes	Yes

### Cloth Face Coverings\*

**Note: Cloth face coverings are not surgical masks or respirators. Currently, those are critical supplies that should continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance. Cloth face coverings also are not appropriate substitutes for surgical masks or respirators in workplaces where masks or respirators are recommended or required and available.**

\*Individuals who are at higher risk should consider taking additional precautions; telework & tele-education is encouraged

Guidance to follow:

WEDC: <https://wedc.org/reopen-guidelines/>

CDC: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

DHS: <https://www.dhs.wisconsin.gov/covid-19/protect.htm>

Anyone who is healthy and over 2 years of age	Cloth face coverings should be worn indoors and outdoors whenever around anyone who is not part of your household. (Some exceptions are listed below.)
Anyone who has or thinks they may have COVID-19	Cloth face coverings should be worn in your home whenever you are in close contact with a household member or pet. They should also be worn if you need to leave your home for medical care.
Anyone who is caring for someone who has COVID-19 at home or in a non-healthcare setting	Cloth face coverings should be worn while caring for the patient. Also follow the applicable guidance above.
Children younger than 2 years of age	No
Anyone who has trouble breathing	No
Anyone who is unconscious, incapacitated, or otherwise unable to remove the cloth face covering without assistance	No

## Rock County Reopening Phased Plan

<p><b>People who are or who care for or interact with a person who is hearing impaired and rely on lip-reading to communicate.</b></p>	<p>Consider using a clear face covering. If a clear face covering isn't available, consider whether you can use written communication, use closed captioning, or decrease background noise to make communication possible while wearing a cloth face covering that blocks your lips.</p>
<p><b>People with intellectual and developmental disabilities, mental health conditions or other sensory sensitivities who have challenges wearing a cloth face covering.</b></p>	<p>Consult with a healthcare provider for advice about wearing cloth face coverings.</p>
<p><b>Vulnerable individuals (including people over 65 years of age, people that are pregnant, people in long-term care facilities, people with compromised or weakened immune systems, and people with serious underlying health conditions including high blood pressure, chronic lung disease, serious heart conditions, liver disease, kidney disease requiring dialysis, diabetes, obesity, or asthma.)</b></p>	<p>Consult with a healthcare provider for advice about wearing medical masks. At a minimum, if medically able, cloth face coverings should be worn whenever around anyone who is not part of your household and around household members that have or think they may have COVID-19.</p>
<p><b>People engaged in activities that may cause the cloth face covering to become wet, like when swimming at the beach or pool.</b></p>	<p>No. For activities like swimming, it is particularly important to maintain physical distance from others when in the water.</p>
<p><b>People who are engaged in high intensity activities, like running.</b></p>	<p>No. If at all possible, conduct the activity in a location with greater ventilation and air exchange (for instance, outdoors versus indoors) and where it is possible to maintain physical distance from others.</p>
<p><b>People who work in a setting where cloth face coverings may increase the risk of heat-related illness or cause safety concerns due to introduction of a hazard (for instance, straps getting caught in machinery)</b></p>	<p>Consult with an occupational safety and health professional about the appropriate face covering for your setting. Outdoor workers may prioritize use of cloth face coverings when in close contact with other people, like during group travel or shift meetings, and remove face coverings when social distancing is possible.</p>
<p><b>People who are eating, drinking, or obtaining a service that requires the temporary removal of face coverings</b></p>	<p>No, however, cloth face coverings should be worn immediately before and after eating, drinking, or obtaining the service that requires you to remove the face covering.</p>

## Rock County Reopening Phased Plan

### Face Coverings in Schools\*

**Note: Cloth face coverings are not surgical masks or respirators. Currently, those are critical supplies that should continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance. In some high risk situations, medical masks may be considered. Although face shields should not be considered a widespread substitute for cloth face coverings, they may be considered as an alternative in situations where wearing cloth face coverings are difficult or present significant barriers to education.**

\*Individuals who are at higher risk should consider taking additional precautions; telework & tele-education is encouraged

**Guidance to follow:**

DPI: <https://dpi.wi.gov/sspw/2019-novel-coronavirus>

CDC: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

DHS: <https://www.dhs.wisconsin.gov/covid-19/protect.htm>

<b>Younger children (e.g., preschool or early elementary aged)</b>	Younger children may be unable to wear a cloth face covering properly, particularly for an extended period of time. Wearing of cloth face coverings may be prioritized at times when it is difficult to maintain a distance of 6 feet from others (e.g., during carpool drop off or pick up, or when standing in line at school). Cloth face coverings should also be worn as much as possible at all other times. Ensuring proper cloth face covering size and fit and providing children with frequent reminders and education on the importance and proper wear of cloth face coverings may help address these issues.
<b>Older children (e.g., later elementary, middle, and high school aged) and students of post-secondary education institutions</b>	Cloth face coverings should be worn in classrooms, hallways, common areas, bathrooms, and in all other areas where other people are present. (Some exceptions are listed below.)
<b>Teachers and staff members</b>	Teachers and staff members should wear cloth face coverings whenever possible. In situations where it is imperative for facial expression or lip reading to occur, consider wearing a clear face covering or face shield. When teaching or interacting with students who may not be able to control secretions, consider wearing masks or personal protective equipment (PPE).
<b>Students and staff riding the bus or other form of school transportation</b>	Cloth face coverings should be worn at all times and physical distance should be maintained as much as possible.
<b>Anyone who has trouble breathing</b>	No
<b>Anyone who is unconscious, incapacitated, or otherwise unable to remove the cloth face covering without assistance</b>	No

## Rock County Reopening Phased Plan

<b>Children or teachers who are or who interact with a person who is hearing impaired and rely on lip-reading to communicate.</b>	Consider using a clear face covering or face shield. If a clear face covering or face shield is not available, consider whether you can use written communication or other methods to make communication possible while wearing a cloth face covering that blocks your lips.
<b>Children with intellectual and developmental disabilities, mental health conditions or other sensory sensitivities who have challenges wearing a cloth face covering.</b>	Consult with a healthcare provider for advice about wearing cloth face coverings. If cloth face coverings are not feasible, work together to determine an appropriate alternative.
<b>Vulnerable individuals (including people over 65 years of age, people that are pregnant, people with compromised or weakened immune systems, and people with serious underlying health conditions including high blood pressure, chronic lung disease, serious heart conditions, liver disease, kidney disease requiring dialysis, diabetes, obesity, or asthma.)</b>	Consult with a healthcare provider for advice about wearing medical masks. At a minimum, if medically able, cloth face coverings should be worn.
<b>Anyone engaging in sports or physical activity</b>	No. If at all possible, conduct the activity in a location with greater ventilation and air exchange (for instance, outdoors versus indoors) and where it is possible to maintain physical distance from others.
<b>Students and staff in settings where cloth face coverings may increase the risk of heat-related illness or cause safety concerns due to introduction of a hazard (for instance, straps getting caught in machinery)</b>	Consider alternative face coverings such as face shields. Prioritize the use of face coverings when in close contact with other people and social distancing is not possible.
<b>Anyone who is eating or drinking</b>	No, however, cloth face coverings should be worn immediately before and after eating or drinking.
<b>Visitors</b>	Cloth face coverings should be worn.
<b>Limits on Gatherings*</b> *Individuals who are at higher risk should consider taking additional precautions <b>Guidance to follow:</b> <b>CDC: <a href="https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/index.html">https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/index.html</a></b>	

## Rock County Reopening Phased Plan

<b>Public Gatherings</b>	No	Avoid gatherings of any size between individuals who are not members of the same living unit or household	50% capacity with physical distancing and protective measures	To be determined based on progress
